Jim Pinmore:

Could you I. D. this Humming

Bird. It was spotted on a

neighbors feeder Aug 8, 1987.

I presume it was a ^{Rufous} ~~Blue~~ N.B.

It was very lathargic compared

to a R.T. ~~Blue~~ N.B. I see

in your book it was not officially
recorded in Iowa. Should I
send this documentation in
somehow
