

CONTRIBUTOR: Robert K. Myers (RKM) OTHER OBSERVERS: _____

SEASON: Fall

YEAR: 1988

WEATHER/HABITAT: describe any unusual features at bottom of page

SPECIES	NO.	DATE	LOCATION - COMMENT - OTHER OBSERVERS
Common Loon	65	22 Oct.	Saylorville Res
Snowy Egret	3	20 Aug.	Lakin Slough (Guthrie Co.)
Red-shouldered Hawk	1	2 Oct.	Saylorville Res.
Peregrine Falcon	3	during period	1 was seen by m.ob. at Clear L. on 26 Sept. as we watched the Frigatebird
Merlin	4	during period	3 were at Saylorville on dates I didn't record and 1 was at Bays Branch on 13 Nov.
Long-eared Owl	5 (peak)	13 Nov.	Bays Branch
Short-eared Owl	1	13 Nov.	Bays Branch
N. Saw-whet Owl	1	13 Nov.	Bays Branch - my first ever at this location
Sabine's Gull	1	20 Oct.	Saylorville Res. -- doc. - (with SD)
Pomarine Jaeger	at least 1	29 Sept.	Saylorville Res. - see note - ^{There were m.ob.}
Rock Wren	1	11 Nov. many times	after - Saylorville Res - I will have photos available
Northern Shrike	1	12 Nov. first of fall	- east of Woodward, Ia.
Pine Warbler	1	27 Sept.	Perry, Ia. - I had a good close long look of this adult bird and carefully noted the unstreaked back. I did not take time to document the bird at that time so if this report can't be used I understand.
I also went to see the Frigatebird (♀) at Clear L. on 26 Sept and the Red Phalarope at Saylorville Res on 2 Oct. but did not doc. birds as so many others saw and photographed them. My view of both wouldn't help much.			
late note	Oldsquaw	5	27 Nov. Saylorville Res
