SPECIES	NO.	DATE	LOCATION - COMMENT - OTHER OBSERVERS
& habitat summary: June an	nd July	in NW Io	wa were warm and humid, but with below average
ation. Many wetlands were	e dry,	or nearly	so, but all wetland and upland vegetation
as good, making for excelle I <u>larger-than-normal number</u>	ent nes	ting habi	tat for many species. Shallow waters also egrets, herons, etc., for easy fishing.
