

BC = Big Creek

Big Creek

B. B. Beebe saw 2 on the lake 7/28

G. Blue Heron 9 in 24 nests, 619 fledglings, all on nests on 7/1.
about 1-4 / Nest.

Cooper's hawk have not found them so far along
the west shore, not prime yet

Marbled Godwit One was on Sandpiper beach 7/29.

Cinnamon winged Kingbirds were clearly seen, & the
tail pattern was not the black & white contrast
of a Hudsonian, when it flew.

Franklin's Gull 2 on 7/29

R. B. Gull up to 28 on Sandpiper all summer.

R. T. Hummingbird Common in our yard and along the
west shore,

Carolina Wren could not find them, often saw
wintering along the west shore.

Buteo Swallow two seen along the river and along the
west shore, 7/1 & 7/2

Vireo one singing on the west shore 7/2

Wood Thrush only one along west shore where I
last counted 7 in '85.

Carolina Wren colony near the Cooper's nest on
the west shore had 5 singing on 7/2

Piedmont 3 north of Sandpiper on 6/16, 1 on 6/30,
One was on the heron colony on 7/1

Prairie Warbler 3 on 7/1 near the heron colony

Scarlet Tanager 3 along West shore 7/2

(over)

Bow #8 = 28

intended and

Carolina after large flocks seen in several areas (last winter), I now find them in the deep woods, whereas formerly they tended to be on the outskirts of the woods only.

Dickinson 94 (ninety-four), on 6/18 in
34 miles around the lakes

St H. Blackbird One female at the Park City
water refuge on 7/28

(and) 8; and, numerous & ju.

P615 on 6 Blvd Lincoln

joined the migrants on 76 & 70 10 ad. 8 ♀

at park two large ads in mixed neighborhood. 6 ad.
and 8 ad.

and 8 ad. (and 8 ad) the 20 was mixed and
also two St pair settled.

St ad. 20 over St pair not out. isolated
SFC on 115, only two

SFC with two St in flocks on 70 ad. part 1

of which with three pairs on 70 ad. small flock

88' on 70 ad. ad. part

when mixed St near flocks - added to flock
