FIELD REPORT

Season - Summer (June - July) Year 1989

Name - Marietta A. Petersen  
R R #1, Box 102 A  
Walnut, Iowa 51577

Species	NO.	DATE	Location
Bobwhite		June 2, 5, July 4,5,7,17,24,26,28,29	Heard them calling On farm in Northwestern Cass Co.
Barn Swallow	26	July 24	On our farm in Northwestern Cass Co, Iowa
Cliff Swallows	50+	June 1	They were building nests on the Watson Bridge over the Little Cedar River, Western part of Chickasaw Co., three miles north of Nashua.
Rough Winged Swallow	12	June 8	They were nesting along the sand bank, along Indian Creek in North Western Cass Co.
Orchard Oriole	1	June 28, July 3	Immature male singing the Song (that Gladys Black had said was hard to describe) - in a small woods, on the southern part of a farm, in Northwestern Cass co.
Rose Breasted Grosbeak	2	July 30	Two 1st Fall - Males, they looked just like the birds in the Nation Geographic - Birds of North America In a tree near the house on a farm in Northwestern Cass Co. This is the first time I've ever seen young Grosbeaks, was very thrilled to see them.
