

Rt 1 Box 41
Hastings, Ia 51540

Dear Hank:

The ~~B~~ field trip to Prairie Rose State Park for the Breeding Bird Atlas will be June 24-26. I will arrive June 24 in late afternoon. There will be a field trip in the park 6:00 am Saturday (or whenever we can all get started) leaving from the camp ground. We will return by 9:00 to start ~~another~~ another field trip to a nearby atlas block, + return for lunch. Afternoon activities will be decided at lunch time + may include a field trip to a prairie in a third atlas block for flowers, butterflies, + birds, if participants wish.

There will be a field trip in the evening, and a slide show on the atlas project in the amphitheater at 9:00 pm.

Sunday morning field trips will be organized soon after 6:00 +, if desired, again at 9:00.

Study skins of our breeding birds will be available for examination.

A park ~~st~~ permit is required to enter the park. Camping is available for \$6 or \$8 a night. Participants must provide their own camping equipment and food. ^{Motels available in} Harlan.

Interested people are invited to attend any part of the program they wish. A sign saying "BBA" will be set up by ~~the~~ my composite + I will keep returning there to pick up people who come in later.

For more information, call Barbara Wilson, (712) 624-8800.

Hank - arrange this better, but this is what I plan.
Thanks for getting the news out.

- Barb.
