Iowa Seasonal Report, Summer 92-93

All records for Jefferson County unless otherwise specified.

Page 1

8/3/93
Records: 4

ITEM	COMMON NAME	NUM	DATE	LOCATION	HABITAT
1	Yellow-billed Cuckoo	1	6/5/93	Lamson Woods, Fairfield, IA	Woods
2	Common Nighthawk	2	6/25/93	FF Country Club, Fairfield, IA	Residential area
Lee Gobble phoned me to say there was a baby owl that had fallen out of its nest, and was with its mother by the cafeteria at the Fairfield Country Club. I found baby nighthawk (about 12 days old) and adult female on the sidewalk. We put the baby back up on the gravel roof. The adult did spread/drooped-wings display on ground during & after rescue.					
3	Horned Lark	6	7/23/93	Hamiltons' place, Fairfield, IA	Pasture
The albino horned lark is residing at the Hamiltons' farm a couple miles south of Fairfield for the third consecutive summer. (It was also seen in February 1992.) It is hanging out in a group of six horned larks.					
4	Carolina Wren	2	7/25/93	My back yard, Fairfield, IA	Residential area
A pair has been hanging around the neighborhood this month. Last year was the first time I'd seen them in Fairfield in the summer.
