

2-25-65

There has been a  
brown thrasher,  
coming several  
times a day to  
a feeder in  
Grinnell for over  
a week. Several  
good sized flocks  
of cedar waxwings  
the first ones  
in our yard on  
February. 3. 1965.

yours truly  
Mildred Stewart
