

IOWA Fall Field Report:

Northern Harrier: August 2nd (1994)

male Northern Harrier flying low over a field just north of Ankeny High School (Hwy 69) Polk Co.

Red-necked Phalarope: August 11, 1994

Polk City Wildlife Refuge (mudflats)

Phalarope; but it had a brown back - not gray. It had ~~the~~ light colored stripes on its back like a snipe. Very faint red down from the back of the eye across the breast. moulting.
