Subject: Spotted Towhee in Sioux City
X-Mailer: <PC Eudora Version 1.4>

Hello, again, from the already hot desert of Tucson. I hope that everything is going well with you and Steve.

I have an Iowa bird report to pass along to you for your records. My dad had a Spotted Towhee in his backyard (Sioux City) for a day this week. I've asked him to write up the details so they can be documented and examined. I believe that the migration routes/timings of the Eastern and Spotted Towhees need a bit of analysis for western Iowa.

Please let me know where he can mail (or e-mail) his notes.

Please pass along my salutations to Steve. By the way, does can you supply me with his e-mail address?
