ITEM	COMMON NAME	NUM	DATE	LOCATION	HABITAT
1	Green-backed Heron	2	7/31/94	Walton Lake, Jefferson Co., IA	Lake
	A pair were working the edge of the lake. I wonder if they nested here.				
2	Osprey	2	7/31/94	Walton Lake, Jefferson Co., IA	Lake
	One osprey circled the radio tower, carrying a small fish. It settled 1/3 of the way up the tower and ate.				
3	Loggerhead Shrike	1	7/29/94	East of Fairfield, Jefferson Co., IA	Farmland
	Terry Diers reported seeing only one near her home. Last year she saw none. Previously there was a pair every year. This does not bode well for the shrikes around here.
