I forgot to tell you that Mike Lannoo found a Common Snipe with eggs at
Excelsior Fen on 17 June. I checked it on 20 June, but there were no eggs
or birds at that time. Mike went back and checked, but the he could not
find the nest either. The nest was well marked for easy re-checking.

Aaron Basten tells me that he had Hooded Mergansers hatch out of one of
his Wood Duck boxes in Solon this summer.

Hope all is well

Neil
