Lab Section M T W Th F  
Name \_\_\_\_\_

Introduction and Methods Section

1. Introduction. Does it adequately introduce the topic being studied?

This should include the following:

a. A summary of what has been done previously on this topic. 2 pts  
b. An indication that the pertinent primary literature has been

located and used to develop the proposal. 1 pt  
c. A clear statement of the project's objectives. 2 pts

2. Methods. Does it clearly describe the methods to be used and if

appropriate, why are they being used? A good methods section would allow another worker in the future (though details that

she/he could duplicate the study. 3 pts

3. Writing. Is the written clearly and in the use of the English language? 2 pts

4. Is there a list of at least 5 related journal articles that were

generated from the CD ROM data base? 2 pts
