Jim, Here is the bird report from Lakeside. I did not get much
birding in.

4 JUNE---OSPREY OVER WEST LAKE OKOBOJI

6 JUNE---Stone State Park, Sioux City

Louisiana Waterthrush on territory with insect in mouth
Broad-winged Hawk carrying a rodent into dense forest

16 JUNE--Grover's Lake

Semipalmated Sandpiper!
Ring-necked Duck

Througout July, a common loon was seen on West Lake Okoboji by Ken
Lang and Mike Lannoo. I saw it on 27 July on Big Spirit Lake. I was
driving and did not have binoculars, but it appeared to be an
immature.

That's it....take care

Neil
