

Dear Woody,

A Krider's Red-tailed Hawk was observed on Oct 13 near Rosaville. Marsh Hawks, while not really numerous, were up from last year. Coopers and Sharp-shinned Hawks were also seen more frequently than last year. A Phoebe on Oct 17 near Monona was late for this area. A Winter Wren was seen on the same date and place as the Phoebe. Bluebirds seemed very numerous with flocks of up to 40 individuals being seen. A flock of 50 Pine Siskins along with 50 Redpolls were at Castalia on Nov 8. Snow Buntings (2) were at Castalia on Nov 7. A flock of 25 Rusty Blackbirds was at Castalia on Nov 10.
