## PREFACE.

DES MOINES, IOWA, February 1st, 1886.

To Our Many Friends and Customers:

In presenting this, our Sixteenth Annual Catalogue, we wish to call your attention to the following facts:

Our business here in Des Moines was established in 1871 by Mr. S. L. Fuller. Since that time, each year we have been supplying the people with CHOICE IOWA SEEDS, and have made many thousands of customers, whom, from long acquaintance in this way, we have come to consider as warm personal friends. Our business has steadily grown larger and the trade has become more extended, until now it is the largest in the state.

It has changed hands several times, the present company succeeding the late firm of C. W. Donn & Co., and most of the employees of the old firm will remain with us. Chas. N. Page, a member of the late firm, and S. L. Fuller, the original founder of the business, who are well known to the customers, will be found with us. Mr. Henry C. Windsor, the senior member of the new firm has a practical experience of over twenty years in one of the largest nurseries in the country.

We start out this season with one of the choicest and best selected stocks of Vegetable, Flower and Field seeds that has ever been offered by any Seed House. It is our design to offer nothing unworthy of a place in every garden. Our customers can be sure of being pleased and satisfied with anything purchased of us. You will readily see that, besides the principle at stake, we cannot afford to sell you anything of a doubtful character, because our reputation would suffer thereby.

As is well known, Des Moines is one of the principal railroad points of the West, there being 15 railroads centering here, and our shipping facilities are unsurpassed. Our store and greenhouses are near enough to the post office and depots so that we get our mail several times a day, and can fill all orders promptly.

Instead of publishing a large and expensive catalogue this year, we have decided to only send out this small price list, deeming it better to give our customers the benefit of the difference in the cost of the catalogue and mailing, in the prices at which we offer the seeds. Our 1885 catalogue containing full descriptions and directions for cultivation will be mailed free to all applicants.

Our Trial Grounds are in charge of Mr. F. S. White, who has had many years' experience as a practical Market Gardener.

## ITEMS OF INTEREST.

**Order Early.**—Because your orders are sure to be promptly filled and we are sure to have what you want, which might not be the case late in the season, and you will be ready for planting when good weather comes.

**Warrants.**—While no one can warrant a crop, we will agree to refill *gratis* any retail order for vegetable or flower seeds sent out by us that fails to grow from want of vitality of the seed, or fails to be what it purports to be.

**Send Money With Order.**—As we keep no book accounts in our mail order department, and the expense of sending goods C. O. D. is quite large.

To Market Gardeners and other large purchasers we shall be pleased to send our *special prices* on application.

**Finally Remember**—That our stock of seed is fresh and reliable, and with proper treatment they will grow and give satisfaction.

That all seeds are carefully tested and nothing sent out which we do not believe to be good in every respect. Our facilities for testing seeds are not excelled by any.

That your order will be filled *promptly* and well.

That all seeds and plants, except those noted, are sent *prepaid* by mail or express, unless ordered otherwise, and we guarantee their safe arrival.

That our prices are as low as good reliable seeds can be sold at. That we can afford to and do sell seeds and other goods at a less profit and cheaper than others can.

That we will be responsible that all money sent by Bank Draft, Money Order or Registered Letter will reach us. When the order amounts to \$2.00 or over, the expense of sending money may be deducted from amount sent. Our patrons will find the new Postal Notes are quite convenient. Postage stamps (1 cent and 2 cent preferred) taken same as money.

**Our Responsibility.**—As this book will probably go into the hands of many who are unacquainted with us, this question will naturally arise, and in answer to the same we respectfully refer you, by permission to the Valley National Bank, of this city.

Respectfully soliciting your orders and correspondence, we remain,

H. C. WINDSOR,  
M. L. PAGE.

Yours, Very Truly,

IOWA SEED COMPANY

## VEGETABLE SEEDS.

All Vegetable Seeds are sent by mail or express to any address, *charges prepaid through by us*, at prices named, except peas, beans and corn, in larger quantities than packets, which are sent by express or freight at expense of purchaser, unless 25 cents per quart for beans and peas, and 20 cents for corn, is added to prepay postage.

**Discounts.**—On all Seeds in packets amounting to \$1.00 or over, 20 per cent. On all orders for Vegetable Seeds (except packets) amounting to \$5 and not exceeding \$10, 10 per cent. On orders amounting to \$10 and not exceeding \$25, 15 per cent. Write for special discounts on larger orders than \$25, sending list of seeds wanted.

All who are willing to have their Vegetable Seeds sent by express or freight at their expense, may deduct *fifteen cents for each pound of seeds* (except beans, corn and peas) which they order.

All Seeds are Five cents per packet post paid, unless marked different.

Early La-ge White—	40	1 50

## BRUSSELS SPROUTS.

Belongs to the cabbage family, .....	25	80
--------------------------------------	----	----

## CABBAGE.

Sow early sorts in hot-beds in February and March, or in open ground as soon as it can be worked. Later or winter crops, in May or June in shallow drills, six inches apart. Plants should stand thin in the seed bed that the stem may be short and strong. When the plants are four inches high, transplant into richly manured ground; the early kinds two feet apart, the fall and winter varieties three feet apart. Hoe at least once a week, drawing a little earth up to the plants each time. The ground must be deeply loosened and worked thoroughly and often until the heads begin to mature. Our prices are as low as FIRST CLASS seed can be sold for, and our stock must not be confounded with low-priced seed.

Early Jersey Wakefield.—Heads good size and solid	20	\$ 75	\$2 50
Landreth's Earliest.—None earlier. A new sort of decided merit.	35	1 25	
Very Early Etampes.—	20	65	2 00
Extra Early York	15	35	1 25
Early Wyman.—Larger than Wakefield, fine quality	20	70	2 50
French Oxheart.—Very early; heads close and solid	20	60	2 00
Early Sugar Loaf.—Small close heads, very early and desirable	15	40	1 50
Henderson's Early Summer.—Large solid heads, closely following Wakefield in season; a splendid sort.	25	85	3 00
Newark Early Flat Dutch.—Second early; also excellent for winter.	25	75	2 50
Early Drumhead.—Heads good size and solid; a fine late summer sort	25	75	2 50
Winnigstadt.—Early summer sort; never fails to produce solid heads	20	50	1 50
Chase's Excelsior.—A sure heading, large summer variety; unexcelled in its season.	35	1 10	4 00
Fottler's Improved Brunswick.—An excellent variety for late summer	25	75	3 50
Premium Flat Dutch.—The standard winter sort; our stock is extra fine	20	65	2 00
Large Late American Drumhead.—An old favorite; heads large	20	65	2 00
Stonemason Drumhead.—A sure, solid heading sort,	20	70	2 25
Marblehead Mammoth.—The largest cabbage grown	25	75	2 50
Perfection Drumhead Savoy.—Finest savoy in cultivation; nearly equal to the Cauliflower	20	70	2 25
Fine Red Pickling.—Very solid; medium size.	20	70	2 25
Cabbage Plants.—See list of vegetable plants.			

## CARROTS.

Early French Forcing.—Small, nearly round; fine quality	10	85	\$1 20
Early Horn.—Deep Orange color, very early; also fine for summer	10	80	1 00
Half Long Stump Rooted.—Second early; a great favorite	10	80	1 00
Danvers.—A very large cropper; quality unexcelled; size medium to large but rather shorter than Long Orange	10	85	1 20
Improved Long Orange.—Standard for field culture; or table use	10	80	1 00
Large White Belgian.—Very productive; much grown for stock	10	25	85
Altringham.—A favorite red carrot for stock feeding.	10	25	85

## CAULIFLOWER.

Henderson's Early Snowball.—The earliest and surest heading sort; per pkt., 25 cents; ¼ oz., \$1.50	\$3 00
Erfurt Earliest Dwarf.—A favorite for forcing; a very sure header; pkt. 15 cents; ¼ oz., \$1.25	4 00

	OR.	1/2 B.	B.
<b>Early Favorite</b> —A first class early sort; the gardener's favorite pkt. 20 cents; 1/2 oz., \$1.25.....			\$4 50
<b>Early Paris</b> —Heads large and firm; much used; pkt., 10 cents.....			75
<b>Early London</b> —An old standard sort; pkt., 10 cents.....			75
<b>Lenormands</b> —The best late sort; pkt., 10 cents.....			75
<b>Cauliflower Plants</b> —See list of vegetable plants.			

## CELERY.

Sow seed in open ground, in light, sandy soil, in April, and thoroughly firm the soil; keep shaded, moist and clean of weeds. Clip the tops two or three times, to make the plants stocky, before transplanting, which should be done in July, in trenches eight inches deep and three feet apart for dwarf and four for tall varieties. Firm the earth well about the roots when setting, and cultivate thoroughly. Bleach by earthing up by degrees in the field or by banking in a cool cellar.

<b>Henderson's Half Dwarf</b> —A favorite for both the market and private garden.....	20	75	\$2 50
<b>White Walnut</b> —Has a peculiarly rich walnut like flavor.....	20	75	2 50
<b>Sandringham Dwarf White</b> —Remarkably crisp, solid, fine flavored.....	20	65	2 00
<b>La Plume Chestnut</b> —New; half dwarf, with true chestnut flavor;.....	20	65	2 00
<b>Boston Market</b> —An old favorite.....	20	65	2 00

# FLOWER SEEDS.

Our Flower Seed is from the most reliable American and European sources, and is unsurpassed in quality. The varieties have been selected with the greatest care, all being discarded except the best and most popular, and our customers will find that there is not one unworthy or undesirable variety included.

## ANNUALS.

Under this heading we include not only the true Annuals, that is those which grow from seed, blossom and die the same season, but also some Biennials and Perennials, such as Pansies and Daisies, that flower the first season, and then live on a year or more.

*The figures at right of column show price of seeds per packet.*

<b>Abronia, Umbelatta</b> —A handsome trailing plant; rosy lilac; white eye..	5	<b>Brachycomes</b> (Swan River Daisy)....	10

### Mixed Flower Seeds for the Wild Garden.

This is a mixture of a large number of hardy Flowers—seeds, principally annuals. We have carefully selected for this assortment only such kinds as will do well growing together, and we are sure you will be pleased if you try it. The soil on which this is planted should be a sandy loam and as free from weeds as possible. Per oz. 35c. 5

### FLOWER PLANTS AND BULBS.

We have three well-stocked greenhouses, and are better prepared than ever before to supply the great demand for plants. Our plants are all grown for the mail trade, and are strong, healthy and vigorous. They are sent by mail post-paid at prices named.

Where orders for plants and bulbs (except the Dollar collections) exceed \$1.00, customers will be entitled to a discount of fifteen per cent. When plants are ordered to be sent by express, we not only send larger plants, but also put in enough extras to cover the express charges.

EACH.	
<b>Abutilon</b> (Flowering Maple)—Four varieties.....	10

## POTATOES.

Any variety per pound by mail, 40c. See  
last year's Catalogue for description.

	PK.	BU.	BBL.
Early Ohio .....	50c	1 50	\$3 50
Early Beauty of Hebron.....	50c	1 50	3 50
Late Beauty of Hebron.....	50c	1 50	3 50
Parson's Prolific.....	65c	2 00	4 50

We introduced this splendid  
potato to the public in 1882.  
In the official report of the  
Iowa Agricultural Farm  
Experiments, the Parson's  
Prolific is recorded as hav-  
ing produced the heaviest  
yield of any of the sixty-  
four prominent varieties  
tested. It is medium late,  
white, smooth, nearly round  
and of the best quality.

White Star.....	50c	1 50	3 50
Telephone.....	50c	1 50	3 50
Mammoth Pearl.....	50c	1 50	3 50

—Early Maine—Earlier, smoother, bet-  
ter quality and more productive than  
Early Rose. 1 lb 50c; 3 lbs \$1.00; pk 75c;  
bush \$2 00.

—A-t-m-o—Grows even in size, white, slight-  
ly russeted, smooth, nearly round, fine  
quality, medium late, the best cropper  
and decidedly the best keeper of any we  
have tried. 1 lb 50c; 3 lbs \$1.00; pk 75c;  
bush \$2 00.

Write for prices on other varieties.

**Sweet Potatoes**—Price on application.

## TWO DOLLAR COLLECTION "S."

We make the following splendid offer: 40 Mulberry Trees, 4 to 6 inch; 100 Silk Worm  
Eggs; Complete Text Book, and the *Racine Agriculturist*, a splendid monthly paper, for  
one year, all fully prepaid to any address for \$2 00. This offer is made to encourage the  
new American industry, by giving all the needed information and materials at a trifling  
expense.

## OUR SPECIAL "FARM AND GARDEN" PACKAGE "F."

An unequalled opportunity to secure the *Farm and Garden*, one of the best live,  
wide-awake farmers' papers in America, for one year, and a supply of choice seeds at  
a trifling cost as an inducement to try them. We are bound to introduce them into thou-  
sands of new homes, and believe the best way to do this, is by sending you this sample  
package, at an exceedingly small price. We are willing to abide by the results of your  
trial of our seeds, and trust in your future orders for our profits.

Order at once and take advantage of the best offer ever made. Send your address  
with 50 cents, postal notes or stamps, and receive the seeds by return mail, and the paper  
one year, all fully prepaid. The *Farm and Garden* alone is worth many times the price of  
the entire package.

The package contains one packet each of Chase's Excelsior Cabbage, Boston Market  
Celery, Boston Market Cucumber, Long Orange Carrot, Green Fringed Lettuce, Bay  
Vine Musk Melon, Cuban Queen Water Melon, Red Wethersfield Onion, Long Sugar  
Parsnip, Long Scarlet Radish, New Favorite Tomato and Purple Top Turnip.

## OUR SPECIAL "FARM AND GARDEN" PACKAGE "K."

The *Farm and Garden* one year, and one sample packet each of the following kinds of  
Choice Flower Seeds: Aster, choice, mixed; Balsam, double mixed; Candytuft, fine  
mixed; Morning Glory, mixed; Mignonette; Pansy, choice English mixed; Sweet  
Alyssum; Sweet Peas, mixed; Zinnia, double mixed; Petunia, single mixed; Phlox, best  
mixed; and Verbena, extra choice mixed, at the same price as package "F."

The packages are put up ready for mailing, and cannot be broken or changed; but  
will be sent to any address, with the paper one year, all fully prepaid, by mail, on receipt  
of price. There is no discount on these packages, no matter how many are ordered. Old  
customers may avail themselves of the offer if they wish. If you are already a subscriber  
for the paper, order the Seeds for yourself and have the paper sent to some friend.

*If You want any Genuine*
