The Students' Directory is a benefit to the college. The firms whose advertisements appear have advertised first because they thought it would pay, but second, to make a directory for the students possible. As a matter of college spirit, you, a student, should do your part to see that their expectations are not disappointed. If you wish the Directory continued, mention it to the advertisers. Let them know you appreciate their desire to do the right thing by the college. And other things being equal the man who patronizes the college publications is the man most worthy of your patronage. **WHAT THIS
STUDIO PRO-
POSES TO DO**

¶ Mr. C. R. Quade presents his compliments and extends to the public an invitation to visit his New Studio of Photography.

¶ Our new exhibit will embrace certain exclusive effects in Photography unapproachable in artistic elegance, the result of a distinctive personal study in the posing and lighting of each individual sitter. : : :

¶ With our new equipments we propose to make the finest photographs in Ames. Quality counts with us here—and that doesn't mean that prices are necessarily high. It does mean that you get something for your money. It's a great thing to get something for your money—you get it here. : : :

Everything in Photography which is new or desirable found in our studio.
