# PARKER

## FOUNTAIN PEN

Are you satisfied in using a fountain pen to be compelled to wipe off the inky nozzle each time the cap is removed or have soiled fingers?

If not, buy a Parker Pen with the Lucky Curve and avoid this trouble.

"The pen that inks the point" is the name of a little booklet we would like to send you because it tells why Parker Pen users have pleasant thoughts and clean pens.

Perhaps your dealer sells the Parker—ask him—if not ask us, and we will send you a beautiful catalogue and a personal letter telling you where you can find a Parker Pen dealer. It's worth while to be particular when buying a pen.

 See that it has the "Lucky Curve."

*Standard or Self-filling. Catalogue free.*

## **“Century” Student Table**

(patented)

### **Century Construction**

The framework is built of special high carbon steel angle with the Century system of bracing. This insures stiffness and rigidity.

### **“IT DON'T WOBBLE”**

Easily adjusted to either standing or sitting position by the simple action of thumb nuts. Top can be tilted to any desired incline from horizontal to vertical.

Can be folded up for transportation or storage.

The Century Adjustable Steel Table especially adapted to the student. Conveniently used for Drafting; Sketching; Study; Writing and reference.

The study equipment of your room is incomplete without this table, which is extremely light in weight but absolutely rigid. Can be quickly folded up into a small space when not in use.
