[T]S a fact, Sir, that the road to prosperity is paved with good Clothes, and it is most easily trod by men who always dress in becoming attire. It never pays to economize to the point of looking poorly or carelessly dressed.

Our Spring Garments are very reasonably priced, and our GOOD CLOTHES are easily within the reach of any purse.

We're an open door to Clothes excellence and Clothes economy, and we are at your service

EYESIGHT TALK

Emerson Said: "If a man can write a better book, preach a better sermon, or make a better mouse trap than his neighbor, though he build his house in the woods, the public will make a beaten path to his door.

I am every day proving the truth of this saying. In looking over my books I find that in the last few weeks that I have been visited by people from Gilbert, Story City, Boone, Nevada, Des Moines and other places. Surely this is proof enough that I do things better than the ordinary optician. During the past ten years over 8,000 cases have passed through my hands, everyone of which has added something to my experience. Investigation, study, daily practice, these are the points which strengthen the optical service I render, and these (together with the great care exercised in every case) are the reasons that people

from the above towns and many others have sought me out when needing help for their defective sight.

Waste Time

trying to clean your own clothes for you cannot do it, and unless done right you might as well leave it alone. You can employ your valuable time more profitably. Cleaning and Pressing is our business, and we have facilities for doing the work thoroughly. We do it quickly, too, and deliver the order at your home, charging but little for the work.
