## Pork Producers and Dairymen Enhance Cyclone Press Day With King Size Barbeque

Coach Clay Stapleton and Athletic Director "Slim" Chalmers with milk and tray wait for Linda Jackson, National Pork Queen, to serve huge slabs of freshly barbecued pork.

Two pork carcasses furnished by FARMBEST of Denison, Iowa, were barbecued in whole hog size barbecues invented and manufactured by Jim Peterson of Vinton, Iowa. The noonday meal was served the squad, the coaches, and the press in the stadium by the Iowa Pork Producers. The Iowa Dairy Industry Commission served the milk and butter (the gold standard of good taste).

Participating in the Cyclone Club coordinated "MORE PUNCH FROM PORK" program for the varsity training table by Press Day were donations from:

# 1964 Rules Changes

by IVAN B. WILLIAMSON

*Chairman, NCAA Football Rules Committee*

**I**F YOU DON'T THINK clock-watching is an art, pay attention to the college football coaches on the field today.

Coaches will be depending more and more on the game clock this year as a result of the new substitution rule enacted by the Football Rules Committee of the National Collegiate Athletic Association.

The rule reads:

Any number of players may be replaced by either team during an intermission between periods. When the game clock is stopped during a period (for any reason) any number of substitutes may enter the game before the ball is put in play. When the game clock is running, two players of each team may enter the game before the ball is put in play.

Basically, the rule provides for two changes from 1963:

(1) When the clock is stopped, unlimited substitution may be employed, and

(2) When the clock is running, no more than two players may enter the game.

Thus, coaches will be eyeing the clock closely this year. There will be ample opportunity for changing platoons, if desired. Coaches may send in entire teams each time a live ball goes out of bounds, when a touchdown, field goal or safety is scored, when a touchback is made, when a penalty is assessed, or when a time-out is called by either team.

Each team is allowed four free time-outs.

Two important interpretations accompany the substitution rule.

First, when more than two substitutes enter the game with the clock running before or after the ball has been declared ready for play, a time-out shall be charged to the offending team and no penalty enforced.

Second, when a team has exhausted all of its time-outs and sends in more than two substitutes while the clock is running, all substitutes will be accepted, a five-yard penalty enforced and the clock started when the ball is ready for play.

Another change states that a substitute who enters the game must remain in the game and a player withdrawn may not re-enter until there has intervened a down, a foul occurs or at the end of a period.

In an attempt to prevent intentional grounding of a pass to stop the clock, the Committee enacted two rules. The first starts the game clock when the ball is ready for play following an illegal pass to conserve time. The second assesses a penalty of five yards and loss of the down against the illegal pass.

Other rule changes:

1. The extension of the uprights of the goal posts may be more than 20 feet if desired.

2. Tape and bandage may be used only for the

protection of an injury on the wrist, forearm, elbow or hand. For purposes of prevention of injuries, a pad may be worn, provided it is neither sole leather nor other hard or unyielding substance.

3. An incoming substitute must report to a designated official.

4. On a free kick, the kicker as well as the holder may be beyond the restraining line. This makes the soccer-type kick legal.

5. Once a member of a team has signalled for a fair catch, no player on that team may carry the ball more than two steps in any direction, even if the kick has touched the ground or an opponent.

6. No player shall deliberately and maliciously use his helmet or head to butt or ram an opponent's head, neck or face. Flagrant offenders shall be disqualified.

The following statement was made by the NCAA Football Rules Committee on January 12, 1964, after it enacted a new substitution rule:

The new substitution rule represents the arrival at a position in collegiate football rules where the various alternatives which have been tested in the past have resulted in what the NCAA Football Rules Committee believes will:

1. Offer the maximum development of the player's individual skills.

2. Permit and encourage current development of all around (two-way) abilities of the most versatile players.

AND will accomplish the following beneficial results for players, coaches, officials, and the general public:

A. Reduce injuries (permit more players and more timely substituting for the benefit of fatigued players).

B. Encourage future stability in the playing rules.

C. Make the administration more efficient and easier for both coaches and officials.

D. Permit players with specialized skills not now playing to do so.

E. Represent better the varying interests of all levels of NCAA competition and encourage universality of rule adherence.

F. Bring college football, high school, and junior college football nearer to a more uniform code of playing rules.

G. Because of the utilization of the best qualities of all players, whether specialized or versatile, will have the greatest possible appeal to the millions of college football fans, increasing in number each season.

PENNY EDWARDS—"MISS TIPARILLO"

## What does she mean "cigars...cigarettes...Tiparillos"?

You'll be hearing that chant more and more—now that Tiparillos have arrived. And arrived they have. In all the right places. With all the right people.

The new Tiparillo has a neat, trim shape. It looks young and debonair. And its pearly, pliable tip pays more than lip service to your smoking pleasure.

And never before such mildness! The most careful blending of choicest imported tobaccos has seen to that. So, too, has the exclusive, veinless Ultra Cigar Wrapper\* that burns so evenly and smoothly it insures complete mildness.

You can even see the mildness. The

surprisingly whiter ash is visible evidence. Smoker's proof. Here is flavor you don't have to inhale to enjoy.

"Cigars . . . cigarettes . . . ?" Who knows, maybe someday it will be just "Tiparillos!"

Why don't you ask for one today?

\*T.M. GENERAL CIGAR CO.

# Today Designated Karl King Day

The traditional Band Day to mark the opening of the 1964 Iowa State University football season has taken on additional luster this year with the honoring of Kark King, Fort Dodge composer.

Long known as the March King, Karl King has written hundreds of marches in his career and a majority of them are well-known in band circles. Today, three of his marches will be played by the massed bands from 24 Iowa high schools appearing in the stadium. Mr. King will be guest director at halftime as the bands play "Iowa Band Law", "True Blue" and "Hosts of Freedom".

The 24 bands will be introduced individually, starting at 12:45, as they enter the stadium. At halftime, the bands will assemble on the football field for the massed band presentation of Mr. King's marches.

Appearing at today's game are bands from:

Dexfield Community School, Redfield  
West Marshall Community Schools, State Center  
Madrid Public School, Madrid  
Kingsley-Pierson High School, Kingsley

# Cyclones, Bulldogs in 63rd Game

For the sixty-third time the Cyclones of Iowa State and the Bulldogs of Drake are going to tangle in football here today. And there is nothing in the forecast to indicate that this one will be any less exciting than most of the preceding 62 games.

There have been few really one-sided games in the series and even those provided thrills for the backers of the winner. For instance, the game at Drake not too many years ago when an Iowa State back got tired after 60 yards of a kickoff run-back and lateralled off to a teammate who went 20 more yards for the score. The tally meant nothing in the final outcome but it caused lots of buzzing at the celebrations that night.

But it is the close ones that the fans remember even more. Ask some of the real old timers about the start in 1898 when the pattern was set with a 17-16 Cyclone win. In 1925 it was 7-6, Cyclones; and again in 1940. It was Drake's turn in 1941 at 14-13.

When the two teams last met it signalled the first time a Drake team had scored on Iowa State in five years. But the Cyclones had the final satisfaction for they scored a 14-7 win in that one.

As always, when Drake and Iowa State meet, there is discussion of the safety. There have been four games in the series that were decided by that little two point play wherein the team in possession of the ball brings it back over its own goal line. Iowa State won them all: 2-0, 1910; 7-6, 1925; 8-6, 1945; 2-0, 1948. All were important to the Cyclones but the 1925 game was important to all football teams.

Up to that time the team yielding a safety had three ways of putting the ball in play after the safety: a regular kickoff,

a punt, or from scrimmage. With Iowa State heading for a 7-0 upset and facing a stiff wind, Drake drove deep into Cyclone territory before the home team held. With the ball near the goal line and a fourth down punting situation coming up, quarterback John Behm called on Capt. Roland (Bud) Coe to go into punt formation but to do everything he could to delay and to finally down the ball in the end zone. When that happened it made the score 7-2.

But the Cyclones had the ball. The next two series of downs saw Behm himself handle the delaying tactics on the fourth down and the score rose to 7-6. Before another series of downs could be used up the game ended. That winter the rules committee dropped the idea of putting the ball in play from scrimmage.

In this opener for both teams today there are lots of question marks. Both teams bring starting lineups of veterans, although Drake does have one frosh in the line he (Ray Brown) is a veteran in any other sense. But it is when the second units take over that most of the questions will have to be answered.

Iowa State will use alternate teams with both of them going both ways. Drake will use offensive and defensive units.

There are plenty of stars to look for: All-American Tom Vaughn, Mike Cox, Epie Barney, Tony Baker, John Van Sicklen, John Berrington, all-Big Eight center for Iowa State; C. T. Traylor, Brown, Ron Royer, Steve Valasek and Dick Herzing for the Bulldogs.

Iowa State leads the series 42-16-4 and hopes to make it 43 before a top home opening crowd that ought to number nearly 22,000.

# High School Coaches Aim At Improved Football

The Iowa Football Coaches Association was organized by a group of enthusiastic coaches with the desire to improve and promote football in Iowa.

Ted Lawrence, Jefferson High, Cedar Rapids was elected president and Frank Bates, Iowa City, vice-president.

There are sixteen coaches on the board of directors: Terry Stevens, Oelwein; Bob White, Iowa City; Merritt Parsons, Bettendorf; Gary Grauwinkel, Ottumwa; Bob Evans, Mt. Pleasant; John Gearhart, Brooklyn; George Dutcher, Waterloo; James Woltz, Central Fenton; Harley Rollinger, Webster City; Bob Conway, Dallas Center; Ray Byrnes, Jefferson; Bill Winfrey, Nevada; Warren Kinzel, Chariton; Bill Nielson, Indianola; Don Fleming, Sioux City Heelan and Jack Blazek, Cherokee.

On June 1, 1964, Dick Long was elected executive secretary and the state office was opened in Monticello July 1.

The immediate aims and objectives of the organization are as follows:

1. The I.F.C.A. is dedicated to making Iowa High School football the finest in the nation.

2. Study and improve football safety. A number of safety clinics are being sponsored by the I.F.C.A. for coaches, players, mothers, dads and any interested fans.

3. The first annual All-State Banquet will be held at Cherokee November 28, honoring 44 players and their coaches. The All-State teams will be selected by the Iowa Football Coaches Association.

4. The I.F.C.A. will sponsor a football coaches clinic December 27, 28 and 29 at Cedar Rapids.

5. Special coaches days have been planned this fall at Iowa State University, State University of Iowa, State College of Iowa and at Drake University.

6. If and when the I.F.C.A. has a surplus in its treasury, several college scholarships will be presented.

7. Declare war on juvenile delinquency through the concentrated efforts of every football coach.

8. Promote football playoffs. A committee of coaches is preparing a detailed plan to present to the I.H.S.A.A. for its approval.

9. Present an outstanding publication "Iowa Football News". Through the cooperation of coaches in sending us informa-

tion and pictures, the entire state will be covered in each issue. There will be six issues each year—September, October, November, December, March and June.

10. The aims and objectives of the I.F.C.A. can only become a reality through the cooperation of every football fan in the state of Iowa. Three types of membership have been created in the I.F.C.A.

- a. Active membership—includes every head coach, assistant and junior high coach in Iowa.
- b. Allied membership—includes all college personnel, referees, press, radio and T.V.
- c. Associate membership—This requires \$1.00 annual dues. Every football fan in Iowa is urged to join. This membership entitles the associate member to six issues of "Iowa Football News", plus the pleasure of supporting what we believe has the potential of becoming one of the strongest programs in Iowa. Anyone who has not joined should mail his name and address and \$1.00 to Dick Long, Box 345, Monticello, Iowa.

LET'S HELP IOWA BECOME THE STRONGEST FOOTBALL STATE IN THE NATION FOR ONE DOLLAR.

# **Guess who's coming out with a hot, new car at a new lower price?**

## **DODGE, THAT'S WHO!**

Dodge gave this going newcomer a familiar name—Coronet. Maybe you recognize it. But we guarantee that you've never seen a car like Coronet '65 before. Mainly because there has never been a car like this before. Listen:

## **IT'S BIGGER THAN THE BOTH OF THEM!**

We mean Chevelle and Fairlane. Outside, Coronet sports a 117" wheelbase. Long enough to give you a big-car ride. Still its 204.3 inches overall length will permit you to close your garage door when you park it. Inside, you'll find room to accommodate people. Big people. Big people like our chief designer who is over six feet tall. Since this is a Dodge we're talking about, you'd expect Coronet to offer a lot of performance. It does—

## **MORE PERFORMANCE THAN YOU CAN SHAKE A FOUR-SPEED STICK AT!**

This is what really separates Coronet from the herd. A choice of seven, we repeat, seven engines. A 225-cubic-inch Six and six V8's: 273 (2-bbl. carb.), 318 (2-bbl. carb.), 361 (2-bbl. carb.), 383 (4-bbl. carb.), 426 (4-bbl. carb.), 426 (two 4-bbl. carbs.). Why so many? For the same reason Howard Johnson offers 28 flavors of ice cream. No two people have exactly the same taste. Call it tailor-made performance, if you want, because that's exactly what you get. Room, ride, styling, performance—what more could you ask?

## **PRICE? WE THOUGHT YOU'D NEVER ASK!**

Lower than the low-priced three. Right down bumper to bumper with Chevelle and Fairlane. What more could you want? A hot, new Dodge at a new lower price. For 1965, we say:

**DODGE COMES ON BIG  
WITH  
DART, CORONET, POLARA, CUSTOM 880, MONACO.  
COMING SOON!**

# Our guests today - Drake University

Shown here is a corner of the Herriott Residence Hall (left) and Hubbell Dining Hall, together with two bridges that connect Hubbell and the quadrangle.

Drake University—in the final quarter of its first century of service—is in the midst of its most significant expansion program. Founded in 1881 on its present site, now in the near-northwest side of Des Moines, Drake is a privately endowed, co-educational university. The Divinity School, a graduate seminary, is affiliated with the Disciples of Christ (Christian) Church.

Now under construction is the E. T. Meredith Memorial Hall, a classroom building which also will house Drake's new School of Journalism. Architect for this structure is the internationally-known Mies van der Rohe.

Also included in the university's immediate growth plans are a new Fine Arts Building, a structure for the teaching of physical education and additional student residences.

The buildings just completed and those in the design stage bear the same contemporary appearance as do the nine post World War II buildings designed for Drake

by the widely-acclaimed architectural firm of Saarinen and Associates. The Saarinen buildings include a student residence quadrangle, Hubbell Dining Hall, Ingham Hall of Science, Fitch Hall of Pharmacy, Scott Meditation Chapel and Medbury Hall for the Divinity School.

Dr. Harry G. Harmon is the seventh president of Drake, having come to this position in 1941. His immediate predecessor was Dr. Daniel W. Morehouse, the distinguished astronomer.

A beautiful tree-shaded campus includes more than 40 acres of ground and some 30 buildings. The Drake Fieldhouse and Stadium, home of the world famous Drake Relays each spring, are at the north edge of the campus.

Enrollment for the fall semester is expected to be about 4500 regular day students. Another 3,000 persons will study on a part-time basis in the on-campus and off-campus programs of the University College.

# Miss Football U.S.A. 1964?

**KAREN WULFSBERG**

Karen Wulfsberg, 1964 Veishea Queen and 1963 Homecoming Queen, will be one of 10 coeds from throughout the United States to seek the title of Miss Football U.S.A. at the Miss Football Pageant sponsored by the Norman, Oklahoma, Jaycees. The pageant will run from Sept. 20 through 26, highlighted by the crowning of Miss Football U.S.A. on Friday evening, Sept. 25.

A native of Arlington, Va., Karen is a junior in home economics education and is a member of Chi Omega social sorority and Alpha Lambda Delta honorary scholastic society. Currently, she is pledge trainer for Chi Omega sorority. She will enter the Miss Football competition as Miss Iowa State.

Miss Football 1964 will be the nineteenth college sweetheart to reign over the intercollegiate football scene. The eighteen past queens have been selected at the Miss Football Pageant sponsored by the University of California at Berkeley.

## IOWA STATE UNIVERSITY FIGHT SONG

O we will fight, fight for Iowa State  
And may her colors ever fly—  
Yes, we will fight with might for Iowa State  
With a will to do or die, rah, rah, rah!  
Loyal sons, forever true,  
And we will fight the battle thru—  
And when we hit that line we'll hit it hard every yard for I.S.U.

## FOR "I" FOR "S" FOREVER

For "I", for "S", forever,  
For Iowa State all the way,  
Let's go to show them what the gang's all here for  
Go, to show them how the Cyclones cheer  
For "I", for "S", forever,  
For Iowa State do it right!  
It's time to climb upon the victory wagon  
Fight, Iowa State, Fight, Fight.
