Mr. Frederic Leopold.  
Burlington  
Iowa.

Dear Mr. Leopold:

In your letter of February 18, you extended an invitation to a group of Iowa City ophthalmologists to visit you when the wood ducks were nesting. Most of this group are leaving next Tuesday April 22nd to attend a convention in Gallatinburg Tenn. and will not return until April 29. On May 3d, I will have to go to Des Moines for a convention of the Iowa State Dental Society, and the following Sunday is our meeting in Cedar Rapids. So it looks as if we could not accept your kind invitation unless it would not be too late after the Cedar Rapids meeting. We will look forward to a visit with you next year.

Sincerely

Peter P. Laude
