

STATE UNIVERSITY OF IOWA
IOWA CITY
COLLEGE OF DENTISTRY

January 10, 1952.

Mr. Frederic Leopold
Burlington
Iowa

Dear Mr. Leopold:

At the meeting of the Cedar Rapids Bird Study Club at Coe College last Monday night, the article, written by Ries Tuttle, describing your experiences with Wood Ducks was discussed to a great extent and I was requested to contact you regarding your appearing on the program of the Iowa Ornithologist Union.

The state convention of the Iowa Ornithologists Union will be held in Cedar Rapids May 10 and 11 and the papers and speeches will be given May 10. I am sure that every member will be delighted to hear you tell of your work with the Wood Ducks.

We can not offer any financial remuneration to our speakers but I still hope that you will accept our whole hearted invitation to appear on our program.

Sincerely

Peter P. Laude
