Dear Doctor Laud:

Regarding my invitation to your group to come down to look over my Wood Duck nesting area. I repeat that I would be glad to have you come at your convenience. I find, however, that on this coming Friday through Sunday I will be tied up with business visitors who will be staying at my home so if convenient to you, I would suggest that you pick sometime other than that week-end.

Thank you for inviting me to your sessions at Cedar Rapids. I enjoyed my afternoon and evening both as a participant and a listener.

Yours very truly,
