Dear Mr. Leopold,
How have you been with your wood
ducks?

This summer is going to be a busy
summer for me. I got to go to 4-H camp, summer
school, Bible school, and I'm going to make
a wood duck nesting box.

Do you have any little wood ducks
babies yet or any snakes get in the
wood duck boxes yet?

Yesterday night I saw some wood
ducks nesting in a tree.

Thank you so much for telling
us about the wood ducks.

Your truly,

Ronald Wright

Dr. Mr. Leopold,

My fifth grade class enjoyed your talk and pictures on the wood-duck. I made copies for them of how to make the nesting boxes. I am enclosing a letter from one of the little boys who wished to let you know you were appreciated very much.

Sincerely yours,
Mrs. Robert Walton
