Dear Clarence:

When I saw you at the park the other day, I should have told you that I was thinking of a proposal to try to get a consolidated picture of what is happening in and around Burlington in reference to the production of Wood Ducks in nesting boxes.

I am mailing a letter to some 40 people, most of whom I think have Wood Duck boxes up, and asking them if they would be good enough to fill out a form, copy attached. I am also enclosing a copy of the letter that went to the 40 people.

Since I believe you have about 10-15 boxes in the park, I am sending some extra pages of the report form. If you don't have any time to work on this for me, okay, give me your estimate in a general way of what you feel is going on in the park but if you do have time, I would appreciate your attempting to give me a report in some detail.

When all the information is assembled, I will consolidate it and send you a copy of the overall picture. Thanks for your help.

Yours very truly,

Frederic Leopold
