

June 13, 1968

Dear Dr. Mahlstedt:

The Black Student Organization will not agree that the Letter you presented to its representatives on June 8, 1968, which was drawn up by members of the Executive Council of the Athletic Council, be sent to the Black Athletes who are not presently on campus, nor will the Organization affix its signature to it.

Relative to information as to where qualified Black coaches may be found, the Organization feels that it is the duty of the Athletic Council to find qualified Black coaches.

The Black Athletes do not agree with the notion that an athletic dorm at Iowa State University would generate positive reactions.

Respectfully,

The Black Student Organization
