Comments and Announcements.

Hamilton--business college classes never have TA's teaching the class

M. Johnson--Senate Resolution#97-012R was definitely an emergency. I personally know of students who have dropped out.

Ostanik--thanks to everyone for their support of Senate Resolution#97-010R. Thanks to Sen. Brus for naming something that happens in a meeting after me. hate to hear anyone say "it's just GSB"

Parker--glad about the discussion on #97-010R. Disappointed some senators couldn't listen to both sides.

Miller--thanks for funding Ultimate Frisbee, anyone is welcome to come play

VP McLaren--if you leave early, you must meet with me by the end of the week to avoid an unexcused absence. the attendance tonight was great. Thanks to Sen. Craft for the donuts Friday morning. Let me know what you think about new room arrangements

Brus--Business college doesn't need TA's due to lack of students

Pogge--Ostanik may have twisted my words. People will be receptive to the committee, but if it doesn't work they will shrug it off as "just the GSB"

Speroni--please contact me to answer any questions about #97-012R
