Down the aisles of time,
over the hum of today's myriad
activity, come echoes of
the Indian's warhoop, the
pioneer's axe blow, the whistle
of the first locomotive.

Administration

A Message From the President

Iowa State College has been and should continue to be one of the great technical colleges of the country, and of the world. No institution has followed a more consistent policy of growth and development along a few technical lines and we can anticipate steady progress in the future.

The policy of the administration has been to limit our fields with the purpose of doing outstanding work in those which we occupy. It has also endeavored to develop teaching, research, and service to the people of the state off the campus. Every effort is being made to strengthen our undergraduate and graduate teaching, and to bring to the faculty able teachers. The research work in all fields has grown notable in scope and distinction. Extension work, short courses, and other service work to the people of Iowa are constantly being modified and extended with the purpose of keeping the public informed of the latest advances in the various lines of research and investigation.

Iowa State College, Iowa State University, and Iowa State Teachers' College, together, constitute the University of Iowa under the direction of the State Board of Education. We endeavor here to carry to the highest development the technical lines entrusted to Iowa State College.

R. M. HUGHES.

RAYMOND M. HUGHES, *President*

PRESIDENT RAYMOND M. HUGHES was graduated from Miami University at Oxford, Ohio, in 1903. After teaching science for two years in the Hamilton high school he held a teaching fellowship in chemistry at the Ohio State University for two years and studied chemistry at the Massachusetts Institute of Technology during the following year (1897-98). He then was called back to his alma mater as Professor of Chemistry and Physics in the fall of 1898 where he served successively as Professor of Chemistry and Registrar, Dean of the Liberal Arts College, and President until 1927, when he resigned to accept the Presidency at Iowa State College.

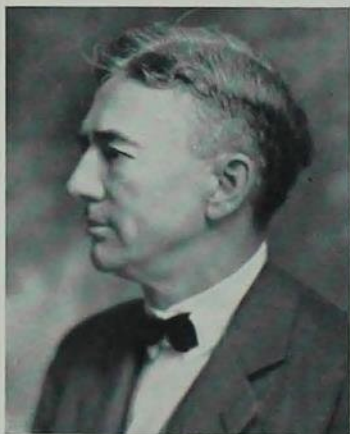

During this period he has been active in the service of the Association of American Colleges, the North Central Association of Colleges and Secondary Schools, the National Association of State Universities, and the American Council on Education, in each of which organizations he has at one time served as secretary.

HERMAN KNAPP

Business Manager

Mr. Herman Knapp is a graduate of Iowa State College of the class of 1883. Since that time he has served his college in various capacities. Two years ago, in addition to his duties as Treasurer and Business Manager, he acted as President of Iowa State College.

J. E. FOSTER

Dean of Men

J. E. Foster, Dean of Men, obtained valuable experience in educational methods by means of the varied career he pursued in public school education after his graduation from Yale. In the seven years which have elapsed since 1922, when he first came to Iowa State, he has come to be a powerful influence in the lives of the men of Iowa State.

MARIA ROBERTS

Dean of Junior College

Dean Maria M. Roberts came to the mathematics department of Iowa State College in 1891. In 1921 she took over the office of Dean of the Junior College. For eight years she has served Iowa State and its students in that capacity, devoting her rare executive ability and capacity for friendship to the well-being of all underclassmen.

J. R. SAGE

Registrar

Mr. J. R. Sage received his education at Ohio State University and Rose Polytechnic Institute. Previous to his appointment as Registrar of Iowa State College in 1920, he was connected with the mathematics department of the college.

JULIA STANTON

Dean of Women

Dean Julia W. Stanton, a native Iowan, returned to her alma mater in 1893, as an instructor in the mathematics department. In 1923, she assumed the office of Dean of Women and has served in this capacity since that time, supervising the conduct of all Iowa State women and the many and varied phases of the social life of the college.

R. E. BUCHANAN

Dean of Graduate College

Dean R. E. Buchanan, in his twenty-four years at Iowa State College, has served in various capacities; Instructor, Professor and Head of the department of Bacteriology, Dean of the Division of Industrial Science and Dean of the Graduate College.

DR. JAMES F. EDWARDS
Professor of Hygiene

The Department of Hygiene and the Student Health Service

Graduates of a "Bakers dozen" of years ago, would scarcely recognize the college infirmary of their day, tucked in, as it is now, behind our modern, well equipped hospital and dispensary building. The old hospital is now used only for contagious diseases.

The first or north wing of the newer hospital, built in 1915, has a capacity of 40 beds and includes the kitchen and dining rooms and the operating rooms. The east wing, built in 1924, more than doubled the capacity and gives added dispensary and laboratory facilities so that now the college has ample facilities for caring for such of its students as need hospital or ambulatory care. No other institution, except perhaps those with medical schools, is better equipped in this respect and few hospitals anywhere are better provided with laboratory, X-Ray and other equipment for diagnosis and treatment, both for curative and preventative purposes.

FRONT ROW, left to right: Williamson, Hall, Martin, Edwards, Roe, Johnston, Elder.
SECOND ROW, left to right: Mesha, Berg, Fread, McDermott, Light, Elliott, Tibben, McKeigh.

The state has realized fully that the educational authorities, to whom the parents have entrusted the physical and mental care of their immature sons and daughters, have a positive and moral duty to provide, as promptly and conveniently as possible, competent medical care and advice for them, and has provided an adequate plant and staff for this purpose.

It must not be thought, however, that the care of the sick is the only or even the most important part of the work of the Department of Hygiene. It is even more important that it prevent illness and improve health of the students while here and give them such positive knowledge of health principles and practices as will enable them to keep well and to best serve their community in after life.

As the first step, all entering students are given a careful "once over" during the entrance physical examinations. Such as show physical defects or health impairments are followed up in further conferences, and advice and treatment is given with a view of correcting or improving their condition. Many students are thus enabled to continue their college course and at the same time improve their physical condition.

MISS ELIZA MARTIN
Supervisor

Extension Service

R. K. Bliss
Director

The Extension Service of Iowa State College continues to extend the benefits of its experimental and research work to the farmers of the state. Under the direction of Mr. R. K. Bliss and Mr. P. C. Taff, the extension service has reached nearly every township in Iowa. Information concerning livestock, clothing and poultry projects continues to lead in the number of townships reached, but the work of the entire service comprises many more projects than these three.

The work of scientific information such as is disseminated by the extension service can scarcely be over estimated. In actual dollars and cents, it saves the farmer of Iowa many times the cost of the entire service.

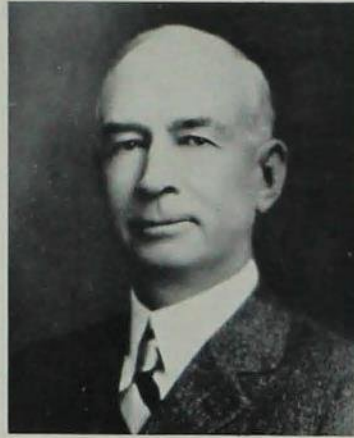

Division of Agriculture

The Division of Agriculture is composed of the departments of Agricultural Engineering, Animal Husbandry, Agricultural Economics, Farm Crops and Soils, Dairying, Horticulture, Forestry, Landscape Architecture, Truck Crops, Genetics, Technical Journalism and Vocational Education.

For many years, beginning with the founding of Iowa State College, all the work of the Agricultural Division was under the supervision of two departments which were called the Department of Agriculture and the Department of Horticulture. At that time the faculty of each department consisted of one man.

At the time of the proposal to transfer all instruction in Home Economics to Iowa University, the Department of Agriculture, served as an administration unit for what is now the Division of Home Economics

DEAN C. F. CURTISS

DEAN ANSON MARSTON

Division of Engineering

Undergraduate instruction in the Division of Engineering is given in ten four year courses which have uniform requirements for entrance: Agricultural Engineering, Architectural Engineering, Ceramic Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, General Engineering, Mechanical Engineering, Mining Engineering and Trades and Industries (Industrial Arts). Each of these courses leads to the B. S. degree.

In addition to this instruction, the Division of Engineering carries on work in Engineering Extension and Engineering Experiment Station Research. Iowa State College was the first engineering institution in the United States to systematically organize its work along these three major lines.

In each of the collegiate branches of instruction except Industrial Arts, a year of graduate work has been definitely outlined, completion of which entitles the student to a M. S. degree. In addition, two years of graduate work, leading to the Ph. D. degree, are offered in several courses. An increasingly large number of students are taking advantage of these additional years of training.

Division of Home Economics

The Home Economics Division of Iowa State College, with an enrollment exceeding one thousand and an instructing staff exceeding sixty, is ranked as one of the largest and best in the United States. The division is housed in a building which competent authorities claim has no equal in this country.

The division aims to give a liberal education and practical training in Home Economics by means of instruction in the arts, the natural and social sciences, and their place in modern civilization. "Science with Practice." Three home management houses offer an unusual opportunity for the application of these principles of home management which are learned in the classroom. A nursery school and a tea room afford practical experience for those who are interested in Child Care and Training or Institutional Administration.

Courses in Home Economics fit the student for intelligent citizenship and efficient home-making, which are the basis of American ideals. Technically, they fit students for pedagogical positions and, in the field of industry, for those commercial opportunities which demand technically trained women.

In the past, the Home Economics Division has possessed an enviable record. It is the present aim of the division to augment, if possible, the fame of Iowa State College.

DEAN GENEVIEVE FISHER

DEAN S. W. BEYER

Division of Industrial Science

The Division of Industrial Science serves as an administration unit for those departments whose work, while not in itself technical, is necessary to a well-rounded education in any of the several technical courses of Iowa State College. These departments comprise Bacteriology and Hygiene, Botany, Chemistry, Applied Economics and Social Science, Geology, Mathematics, Military Science and Tactics, Physics, Zoology, and Entomology. In addition, the work of the departments of English, History, Psychology, Modern Languages, Music, Physical Education, and Public Speaking is under the supervision of the Dean of Industrial Science.

In the early days of Iowa State College, when no distinction was drawn between the different divisions now existing, all of the instruction offered in the institution was given by this Industrial Science Division. When the growing need for specialization and the number of students enrolled made this administrative scheme inadequate, the four other divisions were created. When, in 1879, the Division of Veterinary Medicine was created, the Division of Industrial Science assumed the status it possesses today.

The division sponsors an annual barbeque in the fall quarter, and a winter dance. In the spring quarter the energies of the division are directed toward the preparation of the Veishea float.

Division of Veterinary Medicine

When the Veterinary Medicine course of Iowa State College was made a separate division and a Dean of Veterinary Medicine appointed in 1879, Dr. Stalker, the first dean of the division was confronted with the impossibility of obtaining competent instructors. It became necessary for him to establish a graduate course, the chief purpose of which was to train instructors for Iowa State College.

The twenty years from 1880, when the first class in the division was graduated, to 1900, were full of advancement for the science of Veterinary Medicine. Growth has been steady and at the present time, the work of the division comprises: Anatomy, Medicine, Pathology, Physiology, Surgery, and Veterinary Investigations. Each is a separate department, and, together offer the instruction which was originally administered by a single unit.

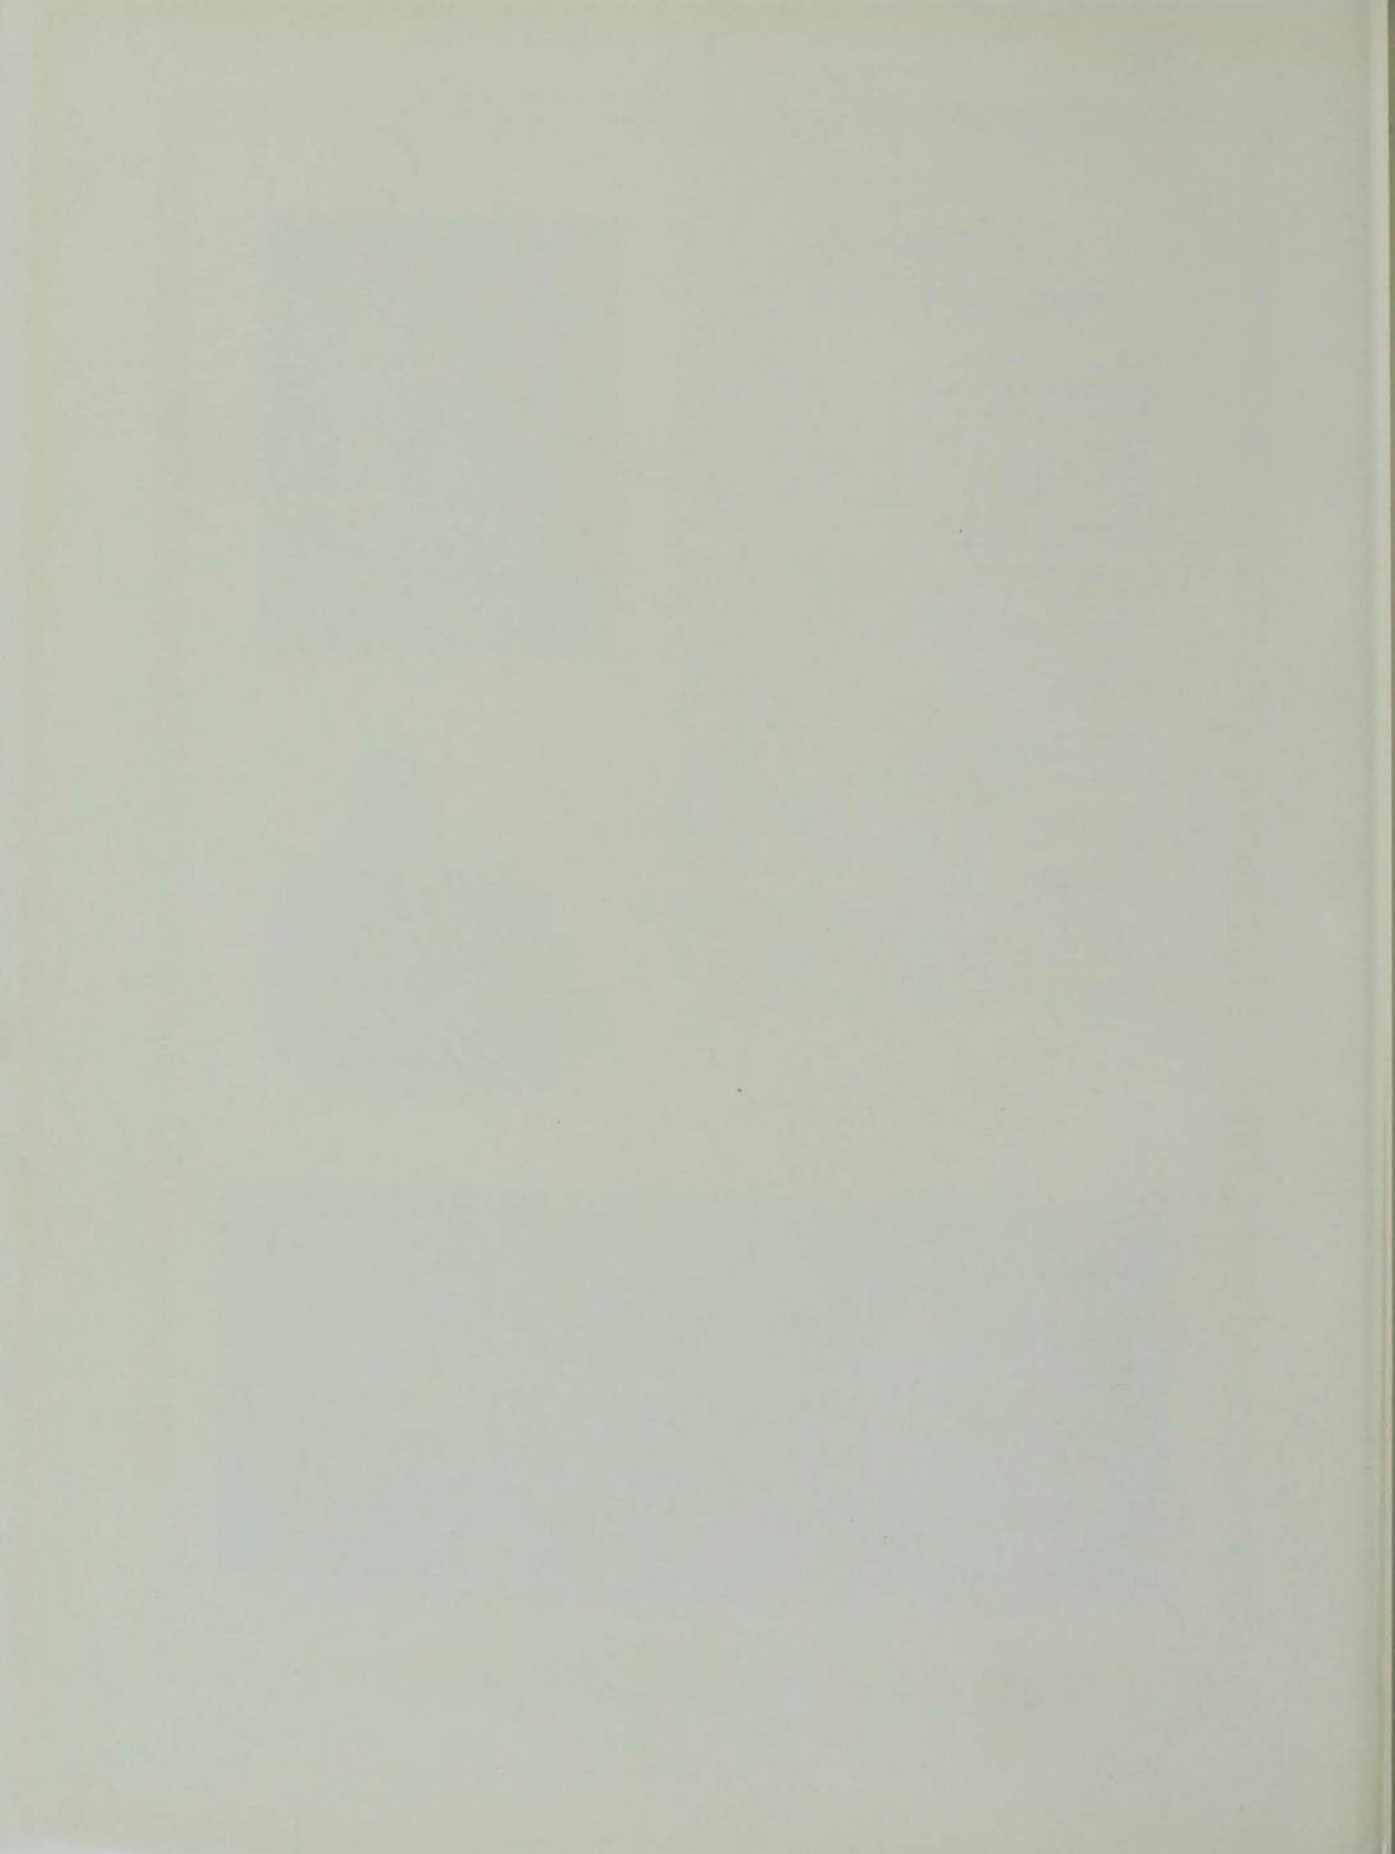

In the forty-eight years in which it has been in existence, the division has had but three deans. Dr. Stalker was succeeded by Dr. J. H. McNeil, who was, in 1908, succeeded by the present dean, Dr. C. H. Stange.

Extra-curricular activities of the Division of Veterinary Medicine comprise the freshman mixer in the fall quarter, the annual banquet and dance in the winter quarter and the faculty picnic in the spring quarter.

The Iowa State Student is the official student newspaper, published tri-weekly during the college year. The entire staff is made up of students and editorial positions are filled by appointment from reporters and assistant editors. The paper seeks to unify the student body, to serve as an outlet for faculty and student opinion and criticism, to further those ideas and ideals which point toward the higher Iowa State College.

The Cardinal Guild is the Student Governing Association of the college. Its purpose is to foster, maintain and guard college traditions; to officially voice the sentiment of the student body; to further cooperation between the student body and the faculty; to serve as a unifying body between the several divisions of the school; to further cooperation between them and to combine their interests toward the development of a greater Iowa State College; and to assume such powers and perform such duties as may come in acting as the official representative of the student body.

Veishea, an all-college celebration sponsored by the five divisions of the college, is held during the spring quarter of each school year. The term Veishea is made up of a union of the initial letters of the divisions: Veterinary, Engineering, Industrial Science, Home Economics and Agriculture. The purpose of this celebration is two-fold: namely, to create and promote the spirit of unity among the divisions and to place the college on exhibition.

The Agricultural Council is the governing body of the Agricultural Club. The Council is made up of two representatives chosen from each departmental club. One of these men shall be a junior and the other a senior. The officers of the Agricultural Club are the same as the council officers. The purpose of the club is to promote among the agricultural students and faculty a close bond of fellowship by holding meetings from time to time to discuss topics pertaining to agriculture and to promote and support functions of an agricultural nature as judging teams, corn shows, exhibits. The Agricultural Council annually sponsors the Agricultural Reception, All-Agricultural Banquet and the Agricultural Ball.

The Industrial Council was conceived with the idea of bringing the various departments of the Industrial Science Division into closer fellowship, and to promote the spirit of loyalty to the division and its members. The members of this council are chosen at the divisional convocation in the spring quarter.

Besides acting as a student governing body for the Industrial Science Division, the Council sponsors the Industrial Science Barbecue, the Industrial Science Ball, the Industrial Science Club, and the Divisional Open House during Veishea.

The Iowa State Men's Glee Club, under the direction of Professor Tolbert MacRae, has for many years been considered one of the best singing organizations in the middle west. This club rehearses three times each week, using the best musical literature available for men's voices. The club is a member of the Missouri Valley Intercollegiate Glee Club Association.

The Spring Vacation Tour of the Men's Glee Club was unusually successful this year. The club was "on the road" seven days, stopping one day at Ottumwa, two days at Burlington, and three days at Davenport. The appearances

at Burlington and Davenport were made on the theater stage, as part of the regular vaudeville program.

Besides the performances which were under contract, the club sang for the St. Joseph's Junior College at Ottumwa, the Davenport High School, the Rotary Club of Davenport, the Iowa State Alumni Banquet at Davenport and Radio Station WOC. A record is claimed by the boys of this year's club in that they made seven appearances in one day.

The members of this club are chosen each year from many singers who try out in the spring and fall.

Members of the Girls' Glee Club of Iowa State College are chosen by competition each school year. The annual Christmas Carol Concert, which has become a tradition on the campus, is the objective of the fall quarter. This year the winter quarter was spent in preparing a sacred concert that was given in Ames and a number of neighboring towns. Mendelssohn's Midsummer Night's Dream was given on the campus during the spring quarter. The Glee Club takes part each year in the Messiah and contributes generously to convocations, Farm and Home Week and other campus affairs.

Iowa State Training Band

OSCAR HATCH HAWLEY, *Bandmaster*

The Iowa State Training Band was organized nine years ago with fifty members. In the Band Carnival at the Drake Relays in 1928 the Concert Band won the first prize of \$100 in competition with college bands from the State University, State Teachers College, Drake, Simpson, and Iowa Wesleyan, piling up 90½% against 85¼% as next highest. The Band gives an annual fall concert, several spring concerts, and appears at all athletic events. For the past nine years the conductor has been Professor Oscar Hatch Hawley.

Girls' Trio, left to right: Bell, Habne, Hoskins.

A-M-E-S Quartette, left to right: Getchell, Weber, Wagner, Groud, Hoyt.

Symphony Orchestra

The Music Department tries to get all the students who are musically inclined to associate themselves with the different organizations that are under the direction of members of the faculty. These organizations include the two glee clubs, the chapel choir, the concert and training bands and the symphony orchestra. In the men's glee club is the A-M-E-S quartet and the girls' glee club has the I-S-C trio. All of the musical organizations give concerts on the campus as well as neighboring cities during the year.

Judging Teams

1929

Left to right: Smith, Shaw, Nelson, Held, Oederkirk (coach).

Dairy Cattle Judging Team

The 1928 Dairy Cattle Judging Team, consisting of Warren Nelson, Ames; Ralph Held, Hinton; Joseph Shaw, Perry; and Byron Smith, Okoboji (alternate), won third place in the National Intercollegiate Judging Contest at the National Dairy Show at Memphis, where twenty-six state colleges and the Ontario Agricultural College were represented. Altho this year's team did not equal the record of our National Championship team of 1927, they won enough points to greatly advance the Iowa State total point lead over all colleges in the country that have competed in the contest since it was started in 1908.

Warren A. Nelson was high point man on the team at the "National."

In the contest at the Dairy Cattle Congress at Waterloo, the team ranked sixth. Ralph Held ranked highest on the team, but there was only a twenty point spread between the three contestants. Byron Smith competed instead of Warren Nelson, who was alternate.

Dairy Products Judging Team

This year, for the fifth consecutive time, the Iowa State Dairy Products Judging Team, composed of Ralph Farmer, Gilbert Myers and Kenneth Snyder, won sweepstakes in the judging contest at the National Dairy Industry Exposition at Memphis, Tennessee. The victory of the team this year gives Iowa State permanent possession of the big butter cup, which was held temporarily by the school for the past two years. Russell Willey was alternate.

Left to right: Snyder, Myers, Farmer, Willey.

Left to right: Dorchester (coach), Butler, Hyland, Bundy, Balmos.

Farm Crops Judging Team

The Collegiate Farm Crops Judging Contest has been held annually since 1923 at the International Livestock and Grain Show at Chicago. Iowa State teams have a record of five seconds and one third during this period.

The contest is in three divisions, comparative placing, commercial grading, and identification. Iowa State placed second in the 1928 contest, seven teams competing. The team rank in the different divisions was third in identification, second in commercial grading, and first in comparative placing. Its consistent work in all lines was outranked only by that of the strong North Carolina team.

International and American Royal Meat Judging Team

The Iowa State College Meat Judging Team ranked fifth in the Intercollegiate meat judging contest held at the International, in which nine universities and colleges competed.

Syndergaard of the Iowa State team ranked fifth. The team ranked second on mutton and lamb, third on pork and sixth on beef.

The Iowa State team ranked third in the meat judging contest at the American Royal. There were six teams competing. Hansell was second and Aultfather tenth. Iowa State ranked third on beef and lamb and fifth on pork. Hansell won first on judging pork.

Five meat judging contests have been held to date. Iowa State won one first, one second, two thirds and one fifth.

On a percentage basis, Iowa State College stands at the head of the list for the five contests held.

Left to right: Syndergaard, Klinetop, Helsler (coach), Aultfather, Hansell.

Left to right: Shearer (coach), Wight, Hiner, Johnson, Buchholz, Held, Warrn, Goeser.

International Livestock Judging Team

An Intercollegiate Livestock Judging Contest has been an important feature of the International Livestock Exposition since 1900. Iowa State teams have participated in every contest and Iowa State teams have won nine. No other college or university has won more than three.

Thirty-seven states and Canadian provinces have participated at different times and recently from twenty to twenty-five teams have competed each year.

In the 1928 contest, twenty-three teams competed. The contest was won by Oklahoma A. and M. College. Iowa State, with a few bad placings on difficult rings, placed twelfth.

The members of the Iowa State College team were Paul Goeser, Ralph Held, Richard Hiner, Leslie Johnson and George Wight, with Rollin Warren alternate.

In preliminary contests at Wichita and Kansas City, this team placed third and seventh with twenty-three teams competing.

Poultry Judging Team

In the Mid-West Intercollegiate Poultry Judging Contest, which is held annually in Chicago, the Poultry Judging Teams of Iowa State have placed first three times and tied for first once in the nine contests that have been held; they have been second twice, and third twice. In the last contest, which was held in December, 1928, the Iowa State College Poultry Judging Team placed first in all-around judging, first in production judging, third in examination, and seventh in exhibition judging.

The Iowa State College poultry teams have by far the best record ever made by any of the Intercollegiate Poultry Judging Teams.

MABLE GERLING.....	<i>Treasurer</i>
VIOLA WRIGHT.....	<i>Historian</i>

The Dramatic Club is organized to produce plays, under the direction of the Public Speaking Department, for the college community; to stimulate interest and appreciation in dramatic art; and to bind together socially those interested in the development of drama. Associate membership is open to all students interested in the work of the club. After a required amount of participation in the activities of the club, associate members acquire active membership. At the present time there are 87 active members and 141 associates.

Dramatic Club Production Staff

The continued success of the Dramatic Club plays can be largely credited to the efficient work of those students in charge of production. Each year the program of the club has been expanding to include a greater variety of productions. As the magnitude of the productions has increased, the production problems have become more difficult, and the duties of the unseen workers increased. The Production Staff is composed of those members active in student direction, staging, costuming, lighting, property work and business supervision.

"Seven Keys to Baldpate"

Written by
GEORGE COHAN

"Seven Keys to Baldpate" was presented by the Dramatic Club on the 23rd and 24th of November as the opening play of the year. The play has won great popularity because of its cleverly written lines and unexpected complexities. The presentation was unusually well done. The many humorous situations found a ready reception by an appreciative audience. The play is laid in the deserted summer resort, Baldpate Inn. Here at Baldpate a thrilling melodrama takes place—thousands of dollars appear and disappear—a corpse walks away—and everything is solved by a most unexpected climax. The blood-thrilling melodrama is developed to the climax and then suddenly exposed as a huge farce.

"Disraeli"

By
LOUIS N. PARKER

The greatest undertaking of the Dramatic Club for the 1928-29 season was the presentation of "Disraeli" on March 8th and 9th. The entire effort of the club was concentrated upon this production. In addition to the large cast, some 50 people worked upon the production staff. The efforts of the workers were well rewarded by the success of the performance.

"Disraeli" is Louis N. Parker's portrayal of that romantic Jew, Benjamin Disraeli, who rose from obscurity to become Prime Minister of Great Britain. In a delightful and fascinating manner the play shows how Disraeli broke the barriers of class distinction; how he outwitted Russia's secret agents; how he made his sovereign "Empress of India," and how he still had time for "match making" and time to devote to his loyal wife.

"—an ambitious undertaking for amateurs, but exceptionally well done."—Daren Tharp.

"One of the finest and most finished student productions I have seen"—P. H. Elwood.

"—The total effect was the best advertisement for student dramatics we have seen for many a season."—A. Starbuck.

"—an ambitious undertaking well done."—L. B. Wheat.

"Disraeli" was the outstanding production of the year.—Arliss would have been pleased with John Ames.—Joseph C. Gilman.

"One of the Family"

NORMAN HOPP
and
EVA GREENLEY

On the evenings of Feb. 8th and 9th a cast of comparatively inexperienced actors gave a very creditable presentation of Kenneth Webb's play, "One of the Family". The cast was very well balanced, with no outstanding star.

"One of the Family" is a distinctly modern comedy centering about an aristocratic Boston family, mothered by a maiden aunt. When Henry, the stolid, bread-winning nephew, decides to break the home ties by getting married and starting a home of his own, the comedy opens and continues to the very end.

"The Earl of Pawtucket"

"The Earl of Pawtucket", by Augustus Thomas, was presented by the Dramatic Club on Dec. 14th and 15th. It was well received, and rightfully so, because of the light humor running smoothly from curtain to curtain.

"The Earl of Pawtucket" is a light comedy dealing with the romantic difficulties of Lord Cardington, an English nobleman. Through a chance meeting in Europe, Cardington becomes infatuated with a young American woman, and follows her to New York. Wishing to win her through his personality rather than his title, he assumes the name of one of his American friends. When we learn that the girl has been married and divorced, and that the name which Cardington assumes is that of her divorced husband, we know that there are many humorous situations in store, but the delightful way in which Augustus Thomas develops such situations surpasses any anticipations.

ATHLETICS

T. NELSON METCALF
Director of Athletics

COMPETITION in the new Missouri Valley Intercollegiate Athletic Association, the "Big Six", formally opened with the 1928 football season. Since that opening, Iowa State has annexed two firsts, two seconds, and two fourths to take the lead over the other five schools in the conference. The summary below shows the placings to date, including football, cross country, basketball, wrestling, swimming, and indoor track. This splendid showing is in no small measure due to the efficiency and untiring efforts of the athletic staff as a whole, under the able direction of T. Nelson Metcalf, Director of Athletics.

	Iowa State	Oklahoma Univ.	Nebraska Univ.	Kansas Univ.	Missouri Univ.	Kansas State

Kansas State	0	5	0	.000

The 1928 football season, viewed in the won and lost column, is not as imposing as it has been in previous years. The Cyclones won two games, tied one, and lost five. All of the three non-conference games were lost, Drake winning 18-0, Marquette taking the Thanksgiving game 6-0, and Grinnell upsetting the dope to win 3-0.

However, it must be remembered that Coach Dopey Workman started the season with a squad composed mainly of sophomores and inexperienced men. He was severely handicapped by the loss of Captain Weiss of the 1927 team, Ayres, one of the best Iowa State centers since the days of Polly Wallace, and the three stalwart linemen, Fischer, Galbraith and Smith.

TOP ROW, left to right: Dr. Johnston, Kulp, Crocker, Turner, Nelson, Hutchins, Long, Firch, Jordan, Meyer, Olson, Campbell, Elerick, Koehler, Fuhrer, Pontius, Intermill, Trainer Nelson.

 BOTTOM ROW, left to right: Burton, Hill, Trauger, Peterson, Bohannon, Lutjens, Doty, Captain Lindblom, Rudi, Kern, Schlenker, Krekow, Bennett, Wilcox, H. Johnson.

The 1928 Season

In addition to this, Co-captain "Johnny" Miller, forbidden to play by his doctors, did not return to school. The loss of this backfield star was a severe blow, one that would cause an ordinary coach to throw up his hands in despair.

Not so the Cyclone mentor. Coach Workman took a group of green backfield men, and around Captain Harry Lindblom, one of the most consistent football players in the country, built a team that emerged from the Nebraska game covered with glory, threw fear into the hearts of the Missouri Tigers for three quarters, and carried on the glorious traditions of the name "Cyclones".

The team's performance was featured by the playing of new men, mainly sophomores. Trauger at halfback was the outstanding man, but the record of Peterson, Tegland and Bennett gives promise of a great backfield next year. Spear, Kern, Doty and Kubiack were linemen who developed into veterans before the season was over. The large number of husky reserves available makes every Cyclone football fan look with eagerness to the 1929 team.

Sport writers brought forth the usual number of "All" teams after the season had closed. C. E. McBride of Kansas City gave Trauger a first team halfback position and named Lindblom as captain and quarterback on his second team. E. W. Cochrane, also of Kansas City, placed Lindblom at quarterback on his first team, and gave Trauger, Rudi and Lutjens second team berths.

The Des Moines Register gave Lindblom a place on its first team, put Trauger on the second team, and Rudi, Kern and Lutjens on the third team. On the All-Iowa selection, Lind-

CAPTAIN LINDBLOM

blom was slated for a halfback position, with Trauger, Kern and Rudi as second team selections.

At the conclusion of the 1928 season, the members of the squad selected George E. Schlenker to pilot the 1929 football team. Schlenker has played at both the tackle and the guard positions, being used at guard during most of the past season. He was awarded a major letter during his sophomore year, and has always been a dependable lineman. His experience and ability should prove to be a big feature in the development of a successful team next season.

A LATERAL PASS, LINDBLOM TO TRAUGER, CATCHES THE NEBRASKA DEFENSE OFF THEIR FEET.

Iowa State—0 Nebraska—12

SCHLENKER
Guard and Tackle

TRAUGER
Halfback

Iowa State opened the season on State Field on October 6 with the powerful Nebraska "Powerhouse". Nebraska presented a veteran line that outweighed the Cyclone forward wall twenty pounds to the man, and a fast, heavy backfield built around the all-American, "Blue" Howell. The Iowa State team was composed mainly of sophomores, Lindblom being the only experienced backfield man.

In the middle of the first quarter, a short punt that bounded back ten yards gave Nebraska the ball on the Iowa State 24-yard line. From here,

Howell and Sloan carried the oval across the goal line for the first touchdown. Immediately after the kickoff following this touchdown, Captain Lindblom was removed from the game with an injured shoulder, reported to be a broken collar bone at that time.

For the remainder of the game, a green backfield played the veteran Huskers on even terms. At the end of the third quarter, the sophomores were hammering at the Nebraska goal, but lost the ball on downs. Nebraska punted, and recovered the punt on the Iowa State 20-yard line. Howell again made good on the chance to score, and chalked up another touchdown. Neither goal was made, and the final score stood 12-0.

The game was a revelation to Cyclone football fans of the potential power of the Iowa State team. Playing through all but a few minutes of the game without the services of their experienced pilot, Captain Lindblom, the sophomore backfield proved that they had the stuff. The defensive play was very good, and on offense, two real ball carriers were revealed in Trauger and Peterson. The elusive Trauger was at his best on wide end runs, breaking away for three runs of over 25 yards, and many times for jaunts of 10 and 15 yards. Peterson showed his scorn of the experienced Husker line by running over and through it frequently. Trauger handled the safety position on defense like a veteran, returning almost every Nebraska punt for at least ten yards.

Bennett and Tegland, who alternated at full-back, punted well and helped stop many Nebraska line plunges. The two ends, who were experienced, Krekow and Rudi, were the shining lights on the line. Both played fine defensive games. Rudi was on the receiving end of two 25-yard passes, and was a real offensive threat. Playing against one of the most powerful teams in the country, one which later annexed the Big Six title, the Iowa State team turned in a real performance.

PETERSON MAKES TWELVE YARDS

Iowa State—0 Grinnell—3

In a game that was marked by numerous fumbles and fifteen yard penalties, the Cyclones lost a sluggish game before the Pioneer Homecoming crowd by the narrow margin of 3-0. The Iowa State team exhibited a complete reversal of form from the previous week's showing against Nebraska. Many brilliant individual plays were cancelled by costly fumbles and penalties at critical times. Grinnell did not display any superior football, but the small margin of three points garnered by Ruff in the second quarter was carefully nursed and proved to be the deciding margin of victory.

Peterson and Trauger carried the ball to the Grinnell 17-yard line early in the first quarter, only to lose it on downs. Several fifteen yard penalties cost the Iowa State team much hard earned yardage. The Grinnell secondary defense was particularly alert, and few Cyclone passes were completed. In the second quarter, Grinnell gained possession of the ball in midfield, after a fumble that cost Iowa State 10 yards. Two passes, Ruff to Fall, put the ball on the Iowa State 7-yard line. In three downs Grinnell lost seven yards, and on the fourth down Ruff placekicked from the 72-yard line for the winning three points.

The remainder of the game was played in Grinnell territory. Red Hill, who played for Trauger in the third quarter, made several good gains, but all Iowa State threats were stopped outside the Grinnell 10-yard line.

Captain Lindblom was inserted in the last quarter, despite the shoulder injury which he had suf-

RUDI
EndSPEAR
Tackle

fered in the Nebraska game. This started a rally that ended with a fumble on the Grinnell 15-yard line. Most of the game was played in a drizzle, making the ball difficult to handle.

The work of Rudi at right end was the only noteworthy playing of the Cyclones. Trauger and Peterson gained quite consistently, but could not deliver at the right time.

BURTON
End

Smarting from their unexpected defeat of the previous week at the hands of Grinnell, a dangerous Cyclone squad invaded the Tiger's lair, and for three quarters of hectic playing had the Missouri stands praying for a miracle. The Missouri squad was composed entirely of experienced men, and it outweighed the Cyclone team fifteen pounds to the man. Until this game, no score had been tallied against the Tigers.

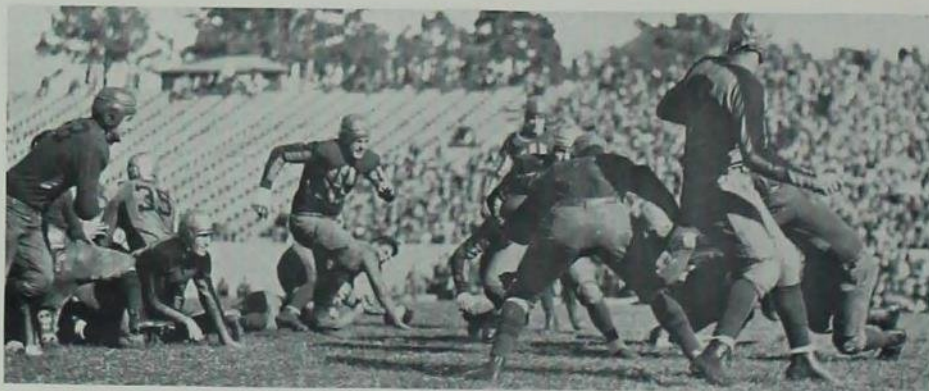

Early in the first quarter, Bob Burton snatched up a Missouri fumble and led a pack of Tigers

seventy yards for the first touchdown of the game. Johnson converted by a kick, and the score stood 7-0 in favor of Iowa State. Soon after this, Fred Lutjens, veteran tackle, added six more points after scooping another Missouri fumble and racing thirty-seven yards to the goal. Late in the second quarter, a Missouri passer dropped the ball, and the alert Burton recovered. Captain Harry Lindblom then cut off left tackle, side-stepped the Missouri secondary defense, and ran twenty yards for the third touchdown.

A desperate Tiger team then unleased a fast passing and running attack that netted them two touchdowns in the second period. The backfield ace, Mehrle, broke loose for another touchdown in the third quarter, and Captain Brown went over after a long pass for the fourth counter. Missouri was forced to

display the tremendous offense and wonderful kicking power that eventually won them second place in the Big Six conference.

Bob Stevenson prevented a possible Missouri score by a splendid tackle late in the fourth quarter, after a Missouri player had intercepted an Iowa State pass. The whole Iowa State squad performed well, showing the result of the hard drill of the previous week. This was the first game in which Captain Lindblom appeared at quarterback, replacing Peterson, who was shifted to half.

MEHRLE OF MISSOURI IS STOPPED AT THE LINE.

Iowa State—0 Kansas U.—0

The Iowa State team, after losing the first three games of the season, came back at Lawrence and completely outplayed the Kansas University eleven, but was unable to eke any more than a scoreless tie out of the match.

The Kansas line was vulnerable to the slashing attacks of the Iowa backfield stars, Lindblom and Trauger, but the secondary defense was especially alert. The Iowa State line held very well during the greater part of the time, and was responsible for the fact that Kansas was forced to punt thirteen times during the game. Iowa State gained 260 yards from scrimmage and earned nine first downs as compared to 80 yards gained through straight football by Kansas.

Lindblom and Trauger bore the greater part of the offensive burden. Trauger broke away for three runs of over thirty yards and many times was good for ten. In the third quarter, he was stopped two yards short of a touchdown, after Lindblom had driven through tackle for a 47-yard run to the Kansas 18 yard line. Line plays carried the ball to the Kansas 8-yard line, where it was lost on downs.

A homecoming crowd of eight thousand witnessed the best game of the season, played against Oklahoma University on State Field. The field was soft from the heavy rain and snow of the preceding days, but it took more than a snow-storm to stop the Cyclone aggregation, which had been doped to lose to the Sooners by two touchdowns.

The Oklahoma offense was powerless. All attempts at the line were stopped for little or no gain, and time after time the Cyclone forwards

smothered the Sooner backs in their tracks. Only five of the seventeen attempted Oklahoma passes were completed. Only once during the entire game was the Iowa State goal threatened, when Oklahoma reached the 10-yard line after an Iowa State fumble.

Both Iowa State touchdowns resulted after a long, relentless drive down the field, with Trauger and Lindblom cracking the Oklahoma line for gains of five and ten yards. At the beginning of the game, Oklahoma started a drive from midfield that ended in an incomplete pass across the goal from the Cyclone 20-yard line. With Lindblom, Trauger and Peterson carrying the oval, it was advanced to the Oklahoma 7-yard line, from where Trauger scored on a wide end run.

The second and third quarters were a succession of long marches up and down the field by both teams.

In the fourth quarter, Burton replaced Rudi and Larson went in for Peterson at halfback. The Cyclones started a drive on their 20-yard line. Lindblom ran thirty yards. An exchange of punts netted ten yards. With Larson doing most of the work, the ball was lugged to the Sooners' 20-yard line. On the fourth down, Trauger passed to Burton, who fell across the goal line for the second touchdown.

LINDBLOM STOPS OKLAHOMA.

Iowa State—0 Drake—18

The traditional "Duck Soup" was rather too heavily flavored with two Drake men named Nesbit and King to be palatable to the Iowa State fans, and the Cyclones lost the first game since the days of Bill Boelter to a superior Bulldog eleven. The Cyclones were too busy stopping Drake plays to show much offensive power, and only once did they seriously threaten to score.

The game was played before a Drake Homecoming crowd, and it was packed with thrills. The elusive King and hard-hitting Nesbit were hard to find, and harder to stop. There were many long runs, and many sensational plays. In a sense, it was a heartbreaking game for the Cyclones, who lost many yards punting into a stiff wind, who lost a touchdown by a matter of seconds, and who had the ball called back after a brilliant run by Johnson had carried it across the Drake goal. Bennett had punted to Myers of Drake, who fumbled. Johnson scooped up the ball, and out-sprinted Nesbit to the goal line, only to have the ball called back and awarded to Drake at the point of the fumble. Paul Trauger played an exceptionally good defensive game at the safety position, as well as bearing the brunt of the Cyclone offense. In the third quarter, Nesbit broke through the Iowa State line, and with two men for interference, started for the goal seventy yards away. Trauger came up from his safety position, eluded the two interference men, and hauled Nesbit to the turf after he had gained thirty yards. Nesbit was the outstanding star of the game, and was directly responsible for all three Drake

DOTY
Center

STEVENSON
Halfback

SCHWEPPE
Guard

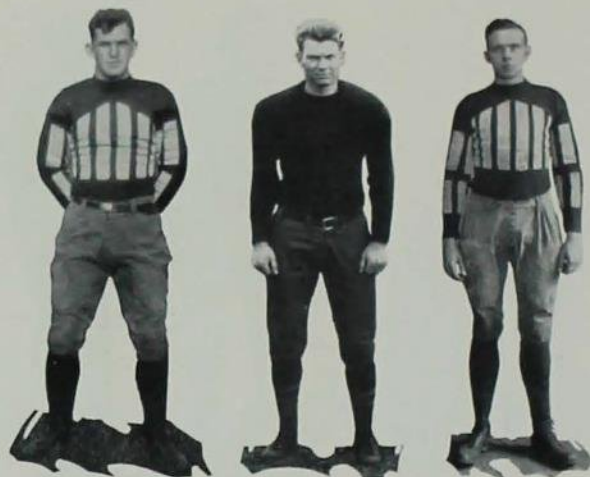

touchdowns. In addition to his performance as a ball-carrier, Nesbit threw most of the Drake passes, shared the punting with King, and played a good defensive game. One of his punts carried 95 yards with the wind.

The first touchdown came in the first quarter. An Iowa State punt that carried only 13 yards into the wind gave Drake the ball on the Cyclones' 20-yard line, from where Nesbit carried it over. In the third quarter, a pass over the goal, King to Barnes, gave Drake six more points, and in the same period Drake recovered an Iowa State fumble and Nesbit again scored from the Iowa State 10-yard line.

*Tackle*LARSON
Halfback

The last home game of the season was played November 17, and resulted in a victory for Iowa State. The field was wet and muddy, and a strong wind, swept the field throughout the entire game. The game was slow because of the driving snow during the first half. After the first half dozen plays, friend and foe alike were covered with mud.

In the first quarter, the Cyclones bucked the strong wind all the way from their own 33-yard line to the Kansas 12-yard line, where they lost the ball on downs. Here a bad Kansas punt gave the water logged ball to Iowa State on the Kansas 19-yard line. Trauger and Lindblom carried it to the 6-yard line, from where Trauger ran around his left end behind beautiful interference for the only touchdown of the game.

To convert the point after touchdown, Captain Lindblom at quarterback called for an unusual play. Trauger prepared to kick, and while the Kansas forwards were charging in to block the attempt, he passed to Lindblom, who caught the fling across the goal line for the extra point. This was the only Iowa State pass of the entire game.

The only two serious threats made on the Iowa State goal came in the fourth quarter. Once the ball was advanced to the 13-yard line, where it was lost on downs, and again when Tegland's punt was blocked and recovered by Kansas on the 17-yard line. Both threats were smothered by the fast charging Iowa State forwards.

LOOSE AGAIN AT KANSAS.

Iowa State—0 Marquette—6

Iowa State lost a well played game to Marquette, after a short kick from the Iowa State 20 yard line had rolled back to the 33-yard line. From here, after completing a pass and getting away for a sixteen yard run, the Hilltoppers won the game by a margin of one touch-down.

ELERICK
Halfback

WILCOX
Halfback

KULP
Halfback

The battle had been close up to this point, both teams having threatened to score several times, but the defensive power of each team stopped attempts outside the 10-yard line. The Marquette punts outdistanced the Iowa State attempts in every case, and it was through this medium that the Hilltoppers kept their goal line uncrossed.

Marquette made ten first downs to seven for Iowa State, and they completed ten out of sixteen attempted passes. However, the three completed Cyclone heaves netted over forty yards.

Trauger and Lindblom led the offense, as usual, but the whole team seemed to lack the punch at the necessary time. Kern played his usual good game at guard, as did Rudi at end. Krekow played at Lutjen's tackle position, and turned in a real performance.

TRAUGER GOT AWAY FOR FORTY YARDS ON THIS PLAY.

CLAYTON ROBINSON	ROY GROVE	

The freshman football players were divided into four squads this year, each squad being in charge of two coaches. In the round robin tournament play, the squad coached by Otopalik and Richardson emerged victorious.

At the conclusion of this tournament, a freshman varsity squad was picked to scrimmage the Varsity team for the remainder of the season.

The material this season was light, but many promising players were developed. Several stalwart linemen, who will make strong bids for varsity positions next fall, were found, and there was a wealth of fast backfield men.

Varsity Basketball

The 1929 season marked the advent of a new coach of basketball at Iowa State College. Louis E. Menze of Kansas City was selected as successor to "Bill" Chandler, for eight years Cyclone basketball coach. Menze learned his basketball from "Phog" Allen at Missouri State Teachers' College, where he played forward and captained the team in his senior year. He was a captain of infantry during the World War, after which he took the position of athletic director and head basketball, football and track coach at Central High School of Kansas City. Besides acting as coach at this school, he has coached several winning club teams in Kansas City.

The graduation of Brown, Lampson and Kling of last year's squad left the team without a guard. Woods was available for the pivot job, and with Captain Lande, runner-up for scoring honors in the Missouri Valley Conference last year, to team with Ludwig, clever floor man, at the forward positions, the jobs ahead of the back court were well filled. Capable reserves in the persons of Taylor and Wilson, who were lettermen of the 1928 squad, were available for the forward positions.

In casting about for guards, Coach Menze fastened upon Carl Rudi, freshman numeral man of three years back, a member of the football and baseball teams, and Gilbert Hitch, sophomore. Both of these men are big and fast, and were extremely aggressive. They rapidly learned the back court game and performed like veterans throughout the season. Not only did they prove their worth as guards, but either one was dangerous as a scorer. Frequently they came up from their positions and dropped long shots through from the middle of the court.

CAPTAIN LANDE

Doc Taylor, scrappy little guard, frequently broke into the lineup to create trouble for opposing teams. Zimmerman, a sophomore guard, and Merle Robins, center, were used in several of the games.

Glenn Woods was elected to the captaincy of the 1930 squad at the close of this year's season. Woods has been a regular for two years, and was second only to Captain Lande in the scoring column this year.

Lande received forward positions on many of the all-conference teams selected by outstanding coaches and officials. Woods, Ludwig and the two guards, Rudi and Hitch, were also accorded honorable mention and positions on the Register's all-state teams.

Varsity Basketball

COACH MENZE

The first Big Six conference game with Kansas Aggies was played on the home court, and resulted in a score of 41-30 after a second half scoring spree. Kansas kept the scoring even during the first half, and the Cyclones had only a one-point margin at the start of the last stanza. Immediately after this, the Iowa State quint got hot, and, led by Captain Lande and Woods, got away to a 35-18 lead before several Kansas substitutes were injected and slowed up the attack. The game was fast and clean, few fouls being called. Lande led the scoring with eight baskets and a free throw, and Woods followed with six baskets to his credit.

The superior height of the Sooners contributed to the defeat of the Iowa State squad at Norman on Jan. 19. A scoring spree at the start of the game piled up an advantage which the Cyclones could not overcome, and the game was lost by a 35-22 score. The score, however, was no indication of the brilliant playing of the team. Soon after the Oklahomans had garnered their original lead of 12-3, the smooth attack of Coach Menze got under way, and baskets by Hitch, Rudi, Lande and Woods cut the lead to one point before the Sooners started again. At the half, the Iowa State team was behind, 22-18.

Captain Lande could not get down the court for his sensational side shots, and most of the scoring was done from a distance. On the other hand, the Sooners' attack was wrecked repeatedly by the two guards, Rudi and Hitch, whose playing was heralded as the best seen on the court for years.

The Cyclones next met and defeated Kansas University by a 27-24 score. In a game the following week, at Drake, the Bulldogs were nosed out by a one point margin.

The championship hopes of the Iowa State team suffered a severe shattering before one of the largest crowds that has ever witnessed a basketball game in State Gymnasium, when the Missouri Tigers took a ragged game, 29-19. Missouri got away to an early lead, and was never headed. Both teams played air-tight defensive basketball, the work of Rudi and Hitch for the Iowa State team, and that of Baker, lanky Tiger, featuring the match. Baker jumped center and then fell back to guard, where he took every rebound, making it impossible to follow through long shots. The ragged playing of the Cyclones in the first half was responsible for their defeat, as the second half was played on even terms, and in the last few minutes of the game, Captain Lande broke through the stubborn Missouri defense to cage two baskets.

Varsity Basketball

In a free scoring game played at Lincoln, the Nebraska quintet came out on the long end of a 45-39 score. The halftime score was 25-22 in favor of the Huskers, and the Cyclones were never able to head the narrow lead. Ludwig came to the front with 6 field goals, Lande and Woods each caged 3, and Hitch, star guard, came through with 2. Zimmerman, substitute guard, and Doc Taylor also added one apiece. The loss of this game established a tie with Nebraska for third place in the conference, Oklahoma and Missouri ranking first and second in the order named.

In the return game with Oklahoma, played on the home court, the Cyclones staged a sensational rally from their previous week's slump, and it appeared for a time that they might win the game. The score at half time stood 20-17 in favor of the Iowa State team, but Churchill and Drake started hitting the basket with too much regularity, and piled up a 48-34 lead at the final gun. Lande and Ludwig each scored 5 baskets, and Lande made good on 5 free throws.

The Tigers repeated their performance against the Iowa State squad, and walked away with a 49-29 game at Columbia, Feb. 15. The smooth offensive play of the Tigers, coupled with their height, was too much of an obstacle. After the first few minutes of play in each half, during which the Iowa State team played good basketball, the Missouri quintet settled down and could not be headed. Woods was high point man of the Cyclones, getting 4 baskets and 4 free throws.

Nebraska played an exciting match on the State Gym floor on Feb. 22, and was sent back on the short end of a 37-33 score. The game was fast throughout, and during the first half, the tall Nebraska centers, Munn and Macley, kept their team within two points of the Cyclone lead. In the second half, the fast breaking Cyclone offense got under way, and they forged ahead to a 31-25 lead before the Husker team began to find the basket. Captain Lande scored a total of 7 field goals, 5 of which came in the second half. All of his shots were nothing short of sensational, the Cyclone captain dribbling through the Husker defense and dropping the ball through with one hand from the side court. Ludwig contributed 4 field goals, and the two guards, Rudi and Hitch, also added their bit in the form of three long shots.

After defeating the Huskers and practically winning third place in the conference, the Cyclones dropped the last game of the year to Kansas University, which had a firm hold on the cellar position. The game was close, Kansas winning by a one point margin.

Iowa State	20½
Oklahoma Aggies	17
Grinnell	7
Washington	7
Kansas Aggies	5½

CAPTAIN CAULUM

Running in the last meet of the old Missouri Valley, the Ames track team placed sixth in a meet that was marked by upsets. Meier of Iowa State placed fourth in the 100 yard dash. Christensen and Hoak were third and fourth, respectively in the mile run. Captain Caulum placed third in the 880, and Engle ran third in the 220. The 880 yard relay team placed third in a race that established a new Missouri Valley record. Soultz tied for second in the pole vault, and Briggs placed in the javelin.

Drake-Grinnell-Iowa State Triangular Meet

CAULUM
440 and 880

HOAK
880 and mile

Iowa State	88
Grinnell	25½
Drake	23½

Iowa State walked away with this meet, winning first three places in the broad jump, pole vault, half-mile, one mile and two mile. Soultz beat Taylor of Grinnell to the tape to win the 50-yard hurdles, and the mile relay team won its event.

The first outdoor competition of the season was offered at the Kansas Relays held April 21 at the University of Kansas. The performance of the squad was not particularly gratifying. Coach Simpson decided to give all of his numerous half-milers experience, and entered two two-mile relay teams. The team composed of Thompson, Caulum, Behrens and Thornburg ran second. The sprint relay teams also ran, and the medley relay team placed second.

880 Yard Relay Team.

Two-Mile Indoor Relay Team

Despite the loss of Conger, the veteran anchor man on Cyclone distance relay teams for the past three years, the Iowa State baton carriers continue to reign supreme. A team composed of Behrens, Thornburg, Hoak and Thompson, running together for the first time, placed second to the New York University relay men at the Millrose Games held at New York City. Thompson, anchor for Iowa State, was only twenty yards behind the fleet Phil Edwards at the tape.

MEIER
100 and 220

ENGLE
100 and 220

On February 10, the same team defeated Iowa University, Notre Dame and Michigan in the order named at the Illinois Athletic Club meet at Chicago.

At the Kansas City Athletic Club meet, the two mile relay team composed of the same men who ran at the Millrose Games won their event and lowered the club record by two seconds.

A team composed of Thornburg, Hoak, Caulum and Soderburg finished in front at the annual Illinois Relays held at Champaign on March 17.

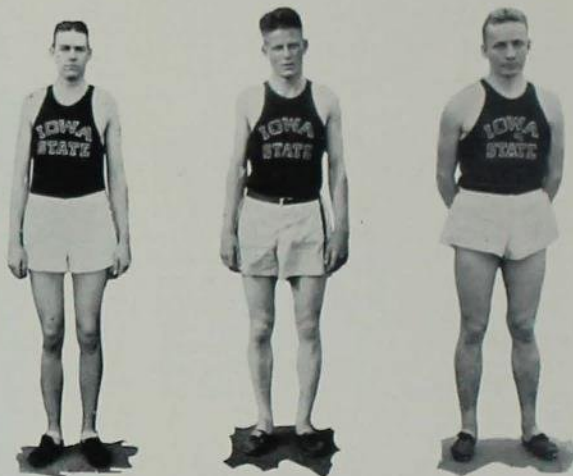

Two Mile Relay Team.

Missouri-Iowa State Dual Meet

On May 4, the Iowa State track squad defeated the strong Missouri team for the first time in the history of dual competition between the two schools. The score was close, 69½ to 61½, and until the final event was over, the result was in doubt.

The outstanding feature of the meet was the fact that nine meet records were broken in the fifteen events. The performance of the Iowa State sprinters and the work of Briggs, javelin hurler, were of especial interest.

CHRISTENSEN
Mile and 2-mile

THORNBURG
440 and 880

SMITH
Hurdles

Engle and Meier of Iowa State placed first and second in the hundred, in the fast time of :10 flat. Engle, Meier and Bishop finished one, two and three in the 220-yard sprint. Christensen and Hoak were first and second in the mile run, and Hoak broke the existing record for the two-mile event by a marvelous finish.

Captain Caulum was nosed out by Missouri's quarter miler, who won the event in the record-breaking time of :49.8. In the final event of the meet, the javelin throw, Briggs, who had been trailing Flamank and Brown of Missouri, stepped to the mark for his third trial and heaved the stick 173 feet 10 inches to break the meet record, win his event and win the meet for Iowa State.

Iowa State-Drake Dual Meet

At Drake Stadium, in the annual dual meet between the two schools, the Cyclones decisively defeated the Drake trackmen by the wide margin of $82\frac{2}{3}$ to $44\frac{1}{4}$.

BEHRENS
880 and mile

NICHOLS
Broad jump

THOMPSON
Mile and 2-mile

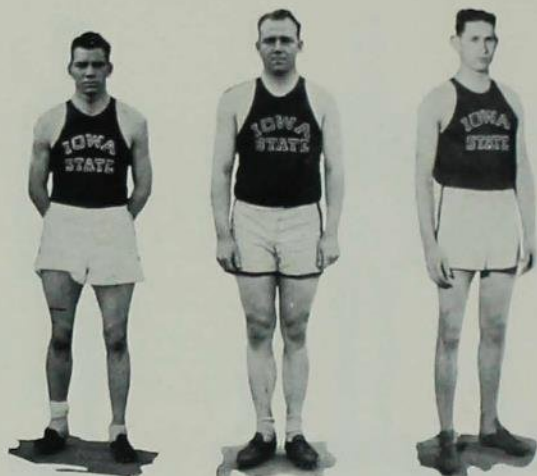

Drake, with Parks and Snorf, was strong in the dashes, but their weakness in the events over the 220 was especially noticeable. Iowa State scored grand slams in the quarter, the half, the mile, and the two mile races.

Engle of Iowa State won the 220-yard dash. Briggs again repeated for a first in the javelin, and Lutjens won both the shot and the discus.

The Cyclone mile relay team, made up of Bishop, Smith, Thornburg and Captain Caulum, won this event.

Drake Relays

COOMER Shot-put and Discus LUTJENS Shot-put and Discus SOULTZ Pole vault and hurdles

The week following the Kansas Relays, the annual Drake classic was held in Des Moines. The two-mile relay team, Hoak, Thornburg, Captain Caulum and Thompson, g a r n e r e d a third in their event.

A half-mile team, with Martin, Bishop, Meier and Engle running, placed fourth.

In addition to running in the relay, Engle placed fourth in a fast field of 100-yard dash men. Soultz vaulted 12 feet 6 inches to qualify in the pole vault, but failed to place in the finals. A two-mile medley team, made up of Caulum, Thornburg, Behrens and Christensen, placed fourth behind Illinois, Indiana and Kansas State College.

Iowa State-Drake-Grinnell Outdoor Meet

On May 12, at Grinnell, the Cyclones took both Drake and Grinnell into camp by the heavy margin of 82, 43 $\frac{1}{4}$, 36 $\frac{3}{4}$. Iowa State gathered seven first places—two-mile, shot-put, pole-vault, half-mile, javelin, mile, and 220-yard dash.

McFARLAND
440

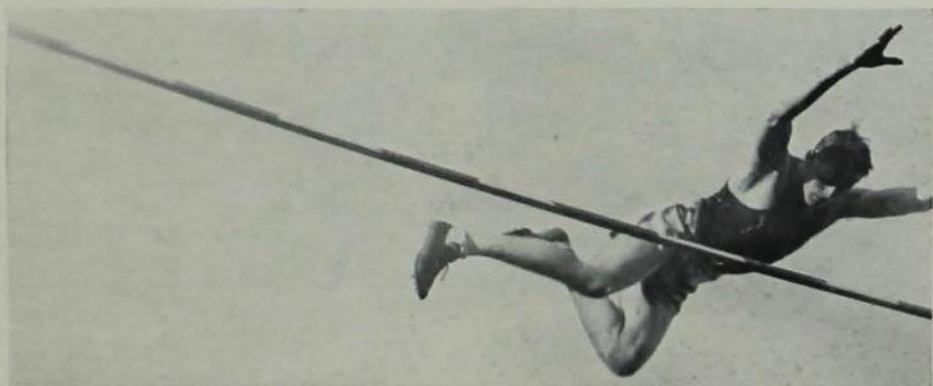

HOPPE
High jump

BISHOP
100 and 220

In the mile and the half-mile, Iowa State men finished one, two and three, and had it been possible to enter more than three men in one event, the Cyclones would probably have taken all of the places.

Parks of Drake and Snorf of the same school finished first and second in a :10 flat century dash, nosing out both Engle and Meier. In the 220, however, Engle led the way, with Meier in second place, in the time of :22.1. McKee of Grinnell beat Captain Caulum of Iowa State in a :49.7 quarter, with Thornburg and Martin third and fourth, respectively.

Grinnell won the mile relay. Briggs, the Iowa State spear tosser extraordinary, again upset the dope by beating Laird of the Pioneers, who was scheduled to win the javelin.

Thompson	—	—	7	9
Bailey	1	10	—	—
Merrifield	—	—	8	—

CAPTAIN CHRISTENSEN

The first run of the year was over a $3\frac{1}{2}$ mile course at Grinnell, and the five Iowa State men finished in the first five places, winning by the overwhelming score of 15-40. Kansas University staged a hill climbing contest for the visiting Cyclones the following meet, and defeated the Iowa State team by the margin of 24-31. At Oklahoma University, Putnam finished first, followed by Hoak and Christensen, and the race resulted in a 21-34 victory for the Cyclones. Running through a sea of mud and water against Kansas Aggies, Putnam again finished first in the fast time of 26:35, followed by Christensen and Hoak. The final score of the meet was 20-35.

The veterans, Hoak, Christensen and Behrens, will be lost by graduation. For the past three years these men have formed the nucleus of the cross country squad, and their places will be hard to fill. Ray Putnam, the 1929 captain-elect, is a sophomore, and will have two more years of competition. Ray proved to be the find of the season, finishing first in two meets, second in another and third in the fourth meet, in addition to finishing second to the veteran Frazier at the Big Six meet.

------------------	---------------

The loss of Capt. Grooms in the 145-pound class, Blair in the 158-pound class, Gerling, lightweight, Higgins in the 115-pound weight, and Ruggles, 175-pounder, left a gaping hole in the prospects for the 1929 wrestling team. Not daunted in the least, Coach Hugo Otopalik, the aggressive mentor of the Cyclone grapplers, set about to build a team from the two remaining lettermen and a host of promising freshmen and reserves.

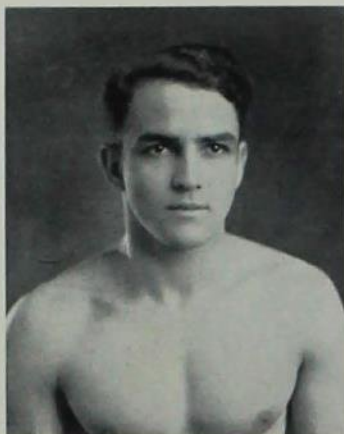

Captain Arthur Holding, Midwest A. A. U. champion, national collegiate champion, and member of the Olympic team, was moved up to the 135-pound class from the 125-pound weight. This left his place to be filled by Richard Cole, former Iowa State High School champion. How well he filled it is written in the record of the meets. McCormick, a newcomer, and Howard Crist, a reserve, handled the 115-pound class in fine style. Hugh Linn and Merlin Hansen were scheduled to fill the place vacated by Skinny Grooms, with Linn getting the call until his shoulder was injured. Linn was elected to captain the 1930 squad at the close of the season.

TOP ROW, left to right: Goodale, Doty, Pontius, Zink, Blair, Schroeder, Benson, Mgr.
 MIDDLE ROW, left to right: Linn, Kubicek, Juhl, Hansen, Russell, Campbell, Coach Otopalik.
 FRONT ROW, left to right: Capt. Holding, Griffith, Cole, Crist, McCormick.

Varsity Wrestling

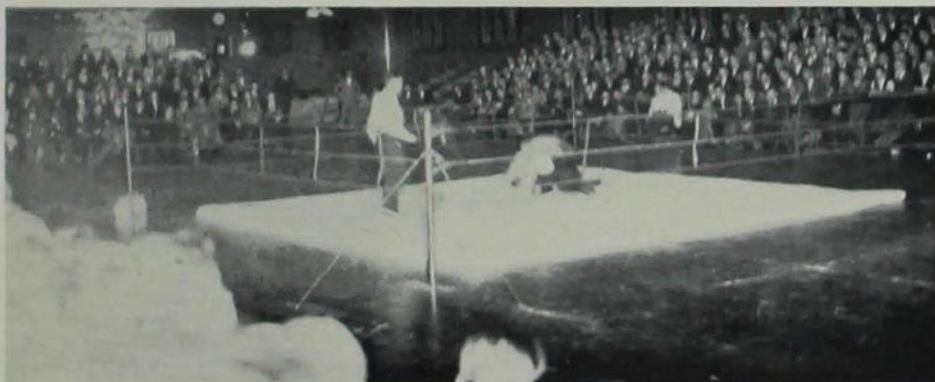

Jimmy Blair's brother, Don, filled the vacancy in the 155-pound class, and Harry Schroeder was the logical candidate for the 165-pound weight. Kubicek, Doty and Pontius, a High School champ, fought it out for the 175-pound honors, with Pontius having the edge at the latter part of the season. Ralph Goodale, letterman in the heavyweight division, easily handled his position after becoming eligible.

CAPTAIN HOLDING

Dick Cole, 125-pound Iowa State matman, was the only Cyclone to enter the national intercollegiate wrestling meet held at Ohio State University. Here the husky sophomore created the biggest upset of the meet, when he defeated Ralph Lupton of Northwestern University, national champion, in one of the fastest matches of the meet. The advantage changed repeatedly during the match, and it was not until the latter part that Col went behind to gain an advantage of 1 minute, 45 seconds. The strain of this match told, however, and in the match with Hesser of Oklahoma Aggies, Cole lost by a narrow time advantage after a terrific battle.

The only member of the squad to be lost by graduation is Captain Holding, who leaves behind a most glorious and spectacular career. Starting as a green prospect who had never seen a wrestling mat, he quickly adapted himself to the mat sport, and at the end of his sophomore year was a national champion. He has never suffered a defeat in collegiate wrestling. He was an alternate member of the 1928 United States Olympic team, losing the right to contend for the United States by a very slender time advantage to Allie Morrison of Illinois.

Varsity Wrestling

HOLDING
135-pound

GOODALE
Heavyweight

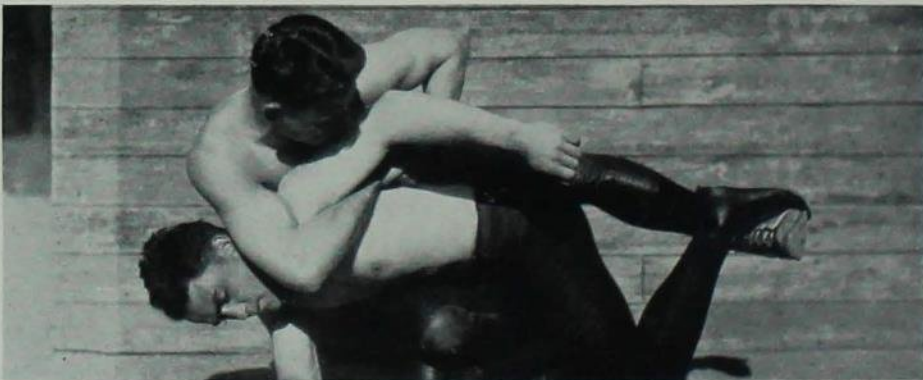

MCCORMICK
115-pound

Iowa State opened the season with a 17 to 11 victory over Indiana University of the "Big Ten". The Cyclones won five of the eight matches, four by decision and one by a fall. Indiana won two decisions and one fall. The feature match came in the 135-pound class between Capt. Art Holding and Brannon of Indiana. After putting up a desperate battle, Brannon finally lost by a time advantage of 3 minutes and 12 seconds. North, of Indiana, lost to Me-

Cormick after the Cyclone had rolled up a long time advantage. Griffith won over Connor with a decision. Linn worked up a 9 minute time advantage over Fox in the 145-pound class. Juhl, star sophomore 155-pounder, put the meet on ice when he pinned Buchanan of Indiana. Campbell lost to Scott, Indiana 165-pounder and member of the Olympic team. In the 175-pound class, Kubiiek lost to Captain Moss of Indiana. The heavyweight match was one of the fastest of the meet. The advantage changed repeatedly between Zink of Iowa State and Unger of Indiana, the latter finally winning by a fall after 5 minutes and 15 seconds of

fast, clever wrestling.

In the second meet of the season, Nebraska University was overwhelmed to the tune of 22 to 6. Iowa State proceeded to clinch the meet at the beginning by taking the first four matches by decisions. Then the Cornhuskers came through with two decisions in the 155-pound and 165-pound classes. Pontius found Stone rather easy in the 175-pound class, going behind immediately and winning by a fall. McCormick

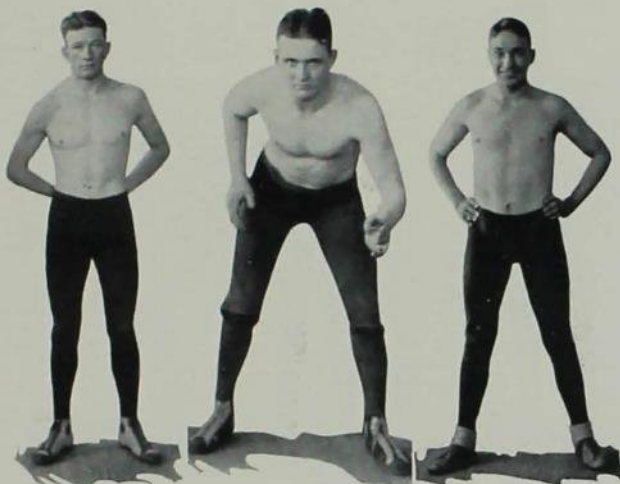

Varsity Wrestling

and Cole in the two lightest weights gained easy decisions. Captain Holding had little trouble in disposing of Andrews in the 135-pound class.

Goodale, Iowa State heavyweight, was too smart for Richards. Richards is a giant Nebraska tackle, who found that wrestling is somewhat different from line play. A feature of this meet was the fact that there were no overtime periods.

The University of Minnesota was the next team to suffer defeat at the hands of the Cyclone matmen. The final count stood 27 to 5, altho the meet was a more closely fought one than the score would indicate. The Gophers succumbed only to the superior wrestling knowledge and experience of Coach Otopalik's men. Crist was pinned by Carpenter in the 115-pound class. Then Cole gained a slight time advantage over Captain Milla. Cole was very aggressive, and at one time nearly registered a fall over the Gopher grappler. Captain Holding made quick work of Peterson, winning a fall in 2 minutes and 15 seconds. The Linn-Orfield match in the 145-pound class

LINN
145-pound

JUHL
155-pound

DOTY
175-pound

was a feature. Linn showed all the holds permitted in college wrestling to pin his man. Juhl won from Davies with a time advantage, after they both had remained on their feet for the first 2 minutes.

Between the 165-pounders, Schroeder was too clever for Hanna, winning with a long time advantage. Doty and Goodale, 175-pounder and heavyweight, respectively, both won their matches. Doty garnered a time advantage and Goodale won by a fall.

Varsity Wrestling

PONTIUS
175-pound

COLE
125-pound

SCHROEDER
165-pound

The Iowa State strangle hold on the Big Six championship title continued to tighten when Oklahoma University was trounced, 24½ to 7½. The Cyclones' speed and thorough knowledge of the mat game proved too much for the Sooners to overcome. Captain Holding gave the crowd a real thrill when he made short work of Miller in the 135-pound class. The Cyclone ace went behind quickly and toppled his opponent in three minutes with a head and arm lock.

Linn, 145-pounder, then followed suit by bouncing Leach off the ropes and pinning him to the mat in 1 minute and 45 seconds. Juhl and Bashara, 145-pounders, provided thrills in their hotly contested match. Juhl won by a slender time advantage. Campbell and Kirk battled to a draw in the 165-pound class, after two overtime periods. Pontius, in the 175-pound class, won easily by a fall. Goodale, heavyweight, was far too clever for Bass, winning by a fall in 5 minutes, 15 seconds.

In a meet with Kansas, Iowa State emerged on the long end of a 31 to 3 score. The meet was rather slow, one with few thrills. The lone Kansas score came in

the 165-pound class, when Church of Kansas got a decision over Schroeder of Iowa State with a time advantage of 6 minutes. The upset of the meet occurred when Hansen won over Captain Cox of Kansas. The heavyweight class was forfeited, as the Kansas possibilities were either ill or out with injuries.

The meet with Missouri University was a close, exciting contest. For a time it appeared that Missouri would repeat their

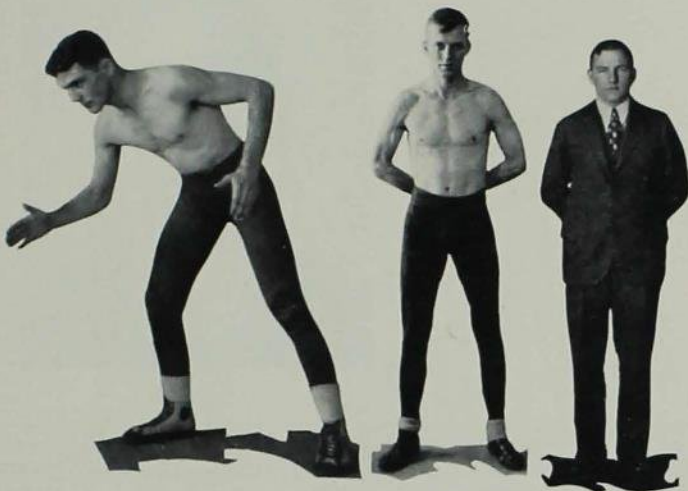

Varsity Wrestling

surprise victory of last year. Iowa State finally earned 19 points to Missouri's 15. The Cyclones won two falls and three decisions. Linn's match in the 145-pound class was forfeited when he fell thru the ropes and dislocated a shoulder. Cole, Doty and Goodale each won by decisions. Captain Holding and Juhl pinned their men for falls.

Oklahoma Aggies, jinx of the Iowa State mat team, administered the only defeat of the year. The Cyclones piled up a 12 to 3 lead in the first five bouts, only to lose the remaining three weights. The meet was hard fought throughout, but was slow. The wrestlers engaged in defensive tactics. McCormick, 115-pounder, and Schroeder, 155-pounder, battled to draws in two overtime periods. Decisions were won by Cole, 125-pounder; Captain Holding, and Juhl, 145-pound class. Linn, regular 145-pounder, was out with injuries, as was Hansen, second choice in this weight.

Iowa State, in the final meet of the season, beat Kansas 15 to 11 to win the Big Six conference championship. Kansas was defeated more easily than the score indicates, their scores coming largely in weights filled by Cyclone substitutes. McCormick, Cole and Holding each won a decision in the three lighter weights. Campbell and Juhl

125-pound

HANSON
145-pound

PINNE
Manager

then lost decisions, after which Schroeder and Pontius won decisions, clinching the victory. In the heavyweight division, Doty lost by a fall.

The final engagement of the 1929 Big Six wrestling season resulted in Iowa State's winning one first place and three second places. Captain Arthur Holding won the 135-pound championship, McCormick won second place in the 115-pound class, Cole, second in the 125-pound class, and Goodale, second in the heavyweight.

E. R. PONT, 145-pound class	C. H. PALS, heavyweight

One of the strongest groups of wrestlers that has ever entered Iowa State College represented the freshman class this year. Among the members of the squad are several State High School champions.

Awards were made to the winners in each weight in the tournament which was held at the close of the season, except in the 145-pound and the 155-pound classes, where the wealth of good material warranted the award of two numerals.

PRACTICE GAMES

Iowa State—6	Marshalltown—4
Iowa State—6	Indianola—2

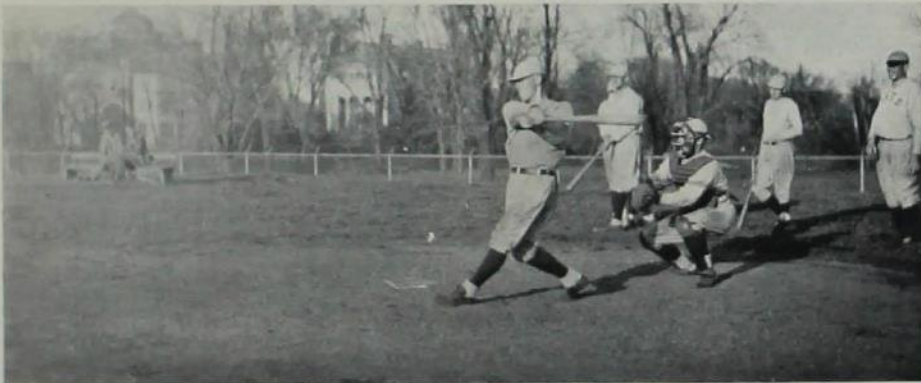

CAPTAIN DALE

Iowa State continued the losing streak which has been its lot for the past several seasons of the national sport. Coach Workman took a lot of last year's sophomores, and succeeded in making a group that could give a fair account of themselves, but who dropped most of the games played. The graduation of Capt. Bubby Hill, the leading hitter of the squad of the previous year, and G. Ayres, pitcher, and the failure of several of the lettermen to return,

made it necessary to rebuild the entire team. Cold and wet weather hampered outdoor practice.

The list of pitchers included Capt. Paul Dale, letterman with two years of experience; Treadwell, a new man, and Schoonover. Dorr, Lande and Ladegaard were included on the staff, and saw much service. Lande especially developed into a serviceable speed-ball artist who could be depended upon.

Varsity Baseball

Norman Kruse, of the previous year's catching staff, received first call behind the bat, with Adland alternating. Oldham, White and Marsh were used in the outfield, and Hap Hoegh, former outfielder, was shifted to second base later in the season. Gethman held down the initial sack, and Carl Rudi took care of the hot corner, with

Holtgrewe, a sophomore, as his understudy. Red Hill, heavy hitter of the 1927 squad, played shortstop. Thorngren played second base during the first part of the season.

Luther College opened the season at Ames, and defeated the Iowa State nine in both games. Captain Dale pitched the entire first game, with Adland behind the bat. The support accorded Dale was nearly perfect, and this game was lost by the narrow score of 2-1. Weakness with the willow lost the game.

Lande pitched the first five innings of the second game, which Luther won, 8-1. A hitting spree in one inning caused the downfall of the Cyclones, who were unable to overcome the lead.

The first conference game was played with Kansas Aggies on May 2.

First Base

LANDE
Pitcher

ADLAND
Catcher

Varsity Baseball

The Cyclones were rather badly defeated in the first game, the final score standing 26-6. Kruse caught the greater part of the game. Four pitchers were used, Schoonover, Dale, Ladegaard and Lande. The second game of the series was called in the fifth inning on account of rain, with the score standing 8-0 in favor of the Kansas team. Lande performed in the box for the Cyclones.

On the same trip, the Iowa State team played two games at Kansas University, losing both games. Dale and Adland were the battery in the first game, which was lost 9-4. In the second game, Dorr started and was relieved by Lande. Lande seemed to be the only pitcher to get any results on this rather disastrous southern trip.

After a practice game against an inde-

pendent team composed of coaches and students from Simpson College, which the Cyclones won 6-2, the team entertained Missouri University on the local diamond. The lineup and batting order were radically changed, and the shakeup seemed to improve the ability of the team as a whole. Hoegh was moved to second base, and the

Varsity Baseball

outfield was made up of White, Marsh and Oldham.

Lande and Kruse performed in the first game, which was played in a drizzle on a wet field. The game went 12 innings before Missouri broke a 1-1 deadlock. The Cyclones scored in the first inning, and Missouri tied it up in the second. For 10 innings the game was a duel between Lande

and Ford of Missouri. In the twelfth, two Tigers scored on a long single and a bad throw to third. Iowa State had a chance to win in the last half of this inning, when Lande, Gethman and Marsh filled the bases with two men out, but Hill flied out to left field. Lande had the better record, allowing but 6 hits and fanning 8 men.

The game on the following day was a hitting contest, with Missouri coming out ahead, 9-8. The Cyclones kept the score tied throughout most of the game, and drove two Missouri pitchers to the showers. Captain Dale went the route for the Cyclones, allowing 11 hits.

A return series played with the conference leading Kansas Aggies yielded two more defeats. The first game, with Lande pitching, resulted in an 8-3 defeat. The

HOEGH

MARSH
Outfield

Varsity Baseball

Aggies came through in the second to shut out the Cyclones, 6-0. Dale pitched this game, and Adland worked behind the bat. The results of this series gave Iowa State a clear title to the cellar position of the Missouri Valley conference.

Two other non-conference series were played, two games with Carleton College of Northfield, Minn. In the first game, with Kruse behind the bat and Lande pitching, the Cyclones garnered a 7-2 victory. Rudi, Oldham and Hill hit well in this game. The second game went to the Norsemen by a 6-3 score. Dale started, and was relieved by Lande in the seventh.

The Coe College nine was turned back in the last two games of the season on the Iowa State diamond, 12-2 and 11-2.

Although the season was a disappointment, only a few men will be lost by gradu-

ation. Several of the inexperienced members of the team developed into reliable players and the prospects for a winning team during the 1929 season are the brightest they have been for years. Gethman, first base, was elected to pilot the 1929 squad.

COACH DAUBERT

Coach Jake Daubert started the swimming season with the report that the swimming prospects for the 1929 season were "just fair," and ended with a team that captured the Big Six title. There were but five men who could claim any experience at the beginning of the season, Captain Butler, Burtner, Chicken, Hummel and Williams.

A series of meets was held to uncover any available material. The annual swimming Circus, the most spectacular event held during the winter quarter, resulted in a capacity crowd, and increased the interest in the winter sport.

The first scheduled meet of the year was with Grinnell, and was held at the Grinnell pool. The Cyclone mermen, after the waves had subsided, found themselves on the long end of a 57-12 score. Iowa State won the first two places in every event except the dives, where a Grinnell man placed second. Neil Chicken, diver and breast stroke man, was high scorer with 10 points. Captain Butler was close behind with $9\frac{1}{2}$. The noticeable feature of the meet was the superiority of the Iowa State squad from the point of endurance. The Grinnell men started strong, but lacked the drive at the finish.

In the second meet with Grinnell, held at State Gym., Captain Butler set two new records for the Iowa State pool. In the 40-yard dash, he was timed in 20.2 seconds, equalling the Missouri Valley conference record and cutting 1.3 seconds from the pool record. In the 150-yard back stroke, Butler established a new record of 1:57 to replace the old record of 2:7.8. Iowa State also captured first and second places in every event in this meet except in the 440-yard free style, in which Grinnell won a second. All of the relays went to Iowa State. The final score was 55-14.

FRONT ROW, left to right: Unser, Hummel, Chicken, Holm.

Varsity Swimming

The Cyclones gained revenge over the Nebraska team, which administered a defeat last year, by trouncing the Husker aggregation 41-28 in the Omaha Technical High School pool. The Cyclones won five firsts, four seconds and three thirds to total their 41 points.

The first defeat of the season came at the hands of Drake, and it was only after the final event had been finished that the score was certain. The lead changed hands several times throughout the meet, the Cyclones coming from behind after Drake had won one relay event and two firsts, one in the 200-yard breast stroke and the other in the 40-yard dash. In the long distance events, the Iowa State men were noticeably superior. With the score 31-29 in favor of Drake, the 300-yard medley relay team started swimming the final event. Butler gave his teammates a substantial lead, but Squiers and McGuire, Drake stars, came through to win the event and the meet for Drake.

In the final event of the year, the Big Six Championship meet held at Kansas City, the paddlers nosed out Nebraska to win the title. Iowa State scored 54 points; Nebraska, 46; Kansas State, 9; and Kansas University, 3. Neither Missouri nor Oklahoma had teams entered. Captain Butler was individual high point man with 13 points. He won the 220 and 440-yard events and placed second in the 50-yard dash. Chicken won the fancy diving. Burtner, Smith, Hummel and Unser were point winners.

CAPTAIN BUTLER

Freshman Swimming

Twelve numeral awards were made to freshman swimmers at the close of the season. The leading men of the squad were Kaskitis, a dash man; Fraser and McDuff, distance men; and Fleig, a diver.

Varsity Tennis

COACH CAMPBELL

VARSIY MINOR AWARDS

MERLE ROBINS HENRY HUIZINGA
 FRED WELSH JACK LEERMAKERS

FRESHMAN NUMERALS

J. L. McMURPHY KARL HENDRICKS

With only one letterman and one promising freshman back and a late start due to unfavorable climatic conditions, the tennis outlook at the start was none too bright.

In the first meet, Drake was beaten 4-2 by the team composed of Robins, Huizinga, Welsh and Leermakers. However, the southern invasion by the two-man team composed of Robins and Welsh proved disastrous, being turned back by Kansas University 3-0 and by Kansas State College with the same score.

The strong Grinnell team, headed by Coggeshall, state champion, defeated Iowa State twice, 6-0, 6-0. Simpson was turned back 4-2 and Drake shut out 6-0, while Nebraska defeated the team 5-1.

With tennis being rated by the new Big Six conference as a major sport, it should be due for a great rise in popularity in this section of the country, which should materially affect the caliber of the tennis players enrolling at Iowa State.

Intramural Athletics

Intramural Athletics at Iowa State is a program of competitive athletics promoted for every male student on the campus. Fraternities, clubs, military units, Church units, and Divisional class units compete for the various awards. Men from these groups compete individually and collectively in such a manner as to develop the recreational side of life while still a student, which is the most important objective of the entire program. This type of participation promotes association, and tends to build up a spirit of loyalty and self-sacrifice in the individual.

H. J. SCHMIDT

For the first time, the Department has offered work to student managers, who have the opportunity to gain splendid administrative experience and to make contacts with all students. The system of managers is made up of a Senior Manager and an Associate Manager, who have charge of the routine work of making up schedules and the general publicity of the Department. Forest Akers is the Senior Manager for the present year, and his duties are mainly those of a general manager. He works in conjunction with the Director of Intramural Athletics, Harry J. Schmidt. W. Russell Wicks is the Associate Manager, having charge of publicity through the columns of the "Student". His work consists of schedule publication, as well as the publication of an up-to-date column of results of all contests in all sports.

Under these men, the Junior Managers carry out the more detailed routine work. Carl Koch, Laurence Mosbach and Frank Wylie are the men from this class. Of these men, one will be chosen to carry out the Senior Manager's duties next year. The list of sophomore candidates for the present year includes J. Brocklesby, G. Younkin, F. D. Benson, R. E. Culver, T. McLeran, M. L. Bruch and C. R. Atkinson. Three of these men will be chosen to carry out Junior Managerial duties next year.

The Senior Managers are awarded a gold letter flanked by the small letters "I M" to designate the source of the letter. Junior men are awarded gold jerseys with Old English letters.

The groups which are eligible to compete are divided into three main groups, Fraternities, Independents and Divisional Class. For the first two groups, the governing body is known as the Fraternity-Independent Intramural Association. Each individual group is represented by a manager, who has the power to vote on questions of policy and administration of the Department. The Department also sponsors Divisional Class athletics, which is governed by a

TOP ROW, left to right: Benson, Culver, Younkin, McLeran, Brocklesby, Atkinson, Pruch
FRONT ROW, left to right: Wylie, Akers, Wicks, Mosbach, Koch.

Alpha Gamma Rho—Volley Ball

board made up of the Divisional Representatives to the Cardinal Guild and the Intramural Director. This board appoints student managers from each division to have charge of the playing units of the Division. The Divisions are divided into playing units based on the enrollment. These units compete in all branches of sports, and the winners are given sweater awards with the class insignia as a designation.

The most important medium of publicity of the Department is the Iowa State Student. Here a column headed "Intramural Sports" is given over to schedules, results and notices of meetings. In addition, the telephone is used extensively for purposes of notification. The Intramural Handbook is distributed to all unit managers. This contains information regarding eligibility, awards and rules of the various sports. It has proven to be a valuable aid in deciding many immediate questions of a general nature.

The Intramural program this year has been an extensive one, and this year saw an added number of participants from fraternities and clubs. Every organized social group on the campus now competes in some branch of athletics, and the names of a major percentage of them is found on the list of every sport. Such an athletic program, available to every student, is far-reaching in its benefits to provide the necessary recreation and growth for the physical side of the student.

During the year, the Greek athletes battle for the possession of the Intramural Cup. This trophy is awarded each year to the organization having the highest number of points for the year's activities in all sports. The group gaining four legs on the trophy wins permanent possession. The cup itself is a beautiful trophy, standing approximately three feet high, and is worthy of any group's time and effort to gain possession.

For the year 1927-28, Sigma Nu, national fraternity, succeeded in gaining the most points for the season. Phi Kappa Psi was second and Ausonia was third.

For the spring of 1928, activities started with the Intramural Carnival. Phi Sigma Kappa won the six-man relay in the national fraternity group and Ausonia won from the local field.

Alpha Gamma Rho was the winner of the finals of volleyball and Adelante was runner-up. In horseshoes, Sigma Pi was the best, with Ausonia taking runner-up honors.

Phi Kappa Psi—Indoor Track

Stanton Club—Baseball

Baseball was the major sport of the season, and Stanton Club was the winner over a large field. This group played Tau Kappa Epsilon for the honors. In the Alpha League, Theta Xi was first; Beta League, Tau Kappa Epsilon; Gamma League, Phi Kappa; Delta League, Alpha Gamma Rho; Sigma League, Alpha Mu; Upsilon League, Ausonia; and the Club League, Stanton Club.

In outdoor track, Alpha Gamma Rho won easily over a large field, with Sigma Alpha Epsilon taking second honors.

In tennis, John Haynes, Sigma Nu, won the singles championship from L. Craig, Hyland Club; and Archer and Graves, Phi Kappa Psi, won the doubles from Haynes and Stevens, Sigma Nu.

Playground ball is the most attractive sport for the fall quarter. Six hundred seventy-eight followed the sport this year, from 47 teams. These teams played the usual round-robin schedule of games. Theta Xi, national fraternity, won the championship by going through the elimination finals without defeat. The Independent winner was the Commons Club, and the runner-up was Alumni Hall.

The winners in the various leagues included Theta Chi in the Alpha League, Ausonia in the Beta League, Alpha Tau Omega in the Gamma League, Sigma Nu in the Delta League, Theta Xi in the Epsilon League, and Alpha Gamma Rho in the Sigma League.

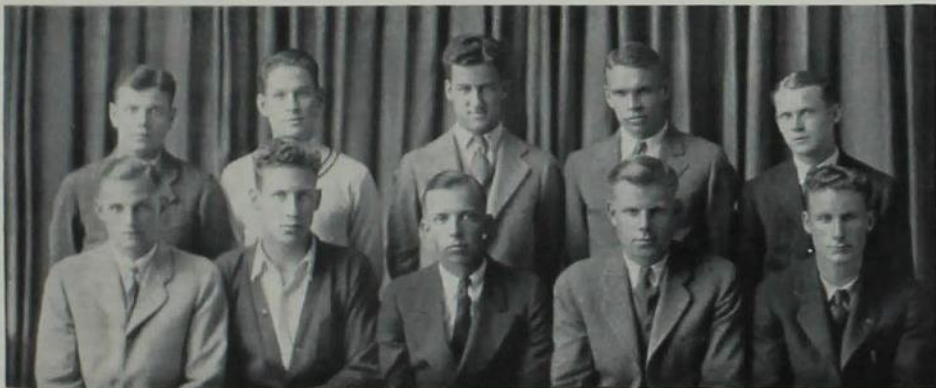

Cross-country attracted 61 participants and 27 teams from groups 1 and 2. In the team standing, with the first three men finishing, Sigma Phi Epsilon was first, Delta Upsilon second, and Sigma Chi third.

Following these teams were Sigma Nu, Tau Kappa Epsilon, Delta Chi, Alpha Sigma Phi, Beta Theta Pi and Lambda Chi Alpha.

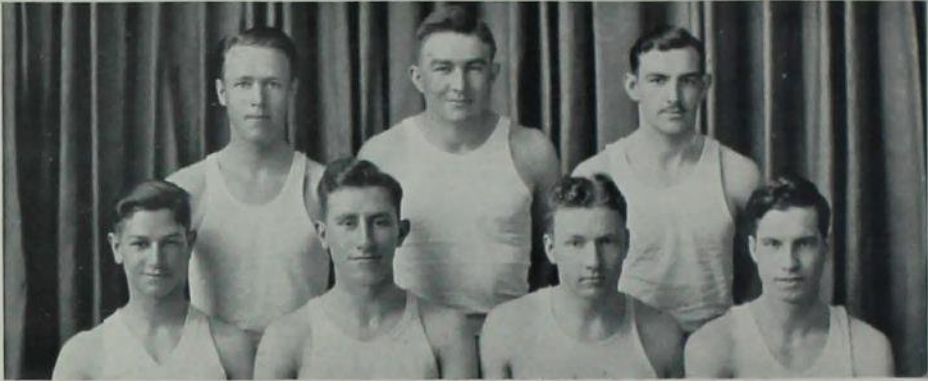

From the Independent group, Alumni Hall finished first.

Handball was a minor sport, but very good interest was evidenced. Eighty-five men participated from 31 teams. The procedure followed the elimination plan. Phi Delta Theta finished ahead by defeating Alpha Mu in the championship game.

To start the winter quarter, which is the busiest for the Greeks, the Intramural Department prepared for the Pentathlon, a new sport in the college. Here the men were competing individually and for their organization in a series of events, namely, the one lap run on the balcony track, the high jump and broad jump, the shot-put and the rope climb. The Depart-

Alpha Gamma Rho—Outdoor Track

Ausonia—Basketball

ment set up certain standards which were considered average, and the men were judged on this basis. All men who scored the 25 points were considered as 100 percent in the tests and they were allowed to compete in a final meet.

Arthur Holding was the winner over all men in college. George Harrar was second, M. Cisler and C. H. Cristy tied for third, M. W. Soultz finished fourth and T. Nelson was fifth. The winner was awarded a plaque for his outstanding work.

The first annual Pentathlon attracted 1,402 participants, with 30 fraternities having the required 85 percent of their men competing. In the team placing, Delta Upsilon finished first, Adelante second and Theta Delta Chi third.

Basketball attracted 752 men from 81 teams, Ausonia was the Intramural champion and the Ice Cream Makers, a non-collegiate team, were runners-up. Ausonia was also the fraternity champion, with Sigma Nu in second place. Sigma Nu was the national fraternity champion and Farm House was the runner-up.

Taken as a unit, basketball is one of the most liked sports on the entire card. Clubs, military units and non-collegiate classes were allowed to compete for group championships and later to compete for the championship of the college.

The Freshman Acs were the winners of the Divisional Class basketball. Frosh Engineers were winners of second place.

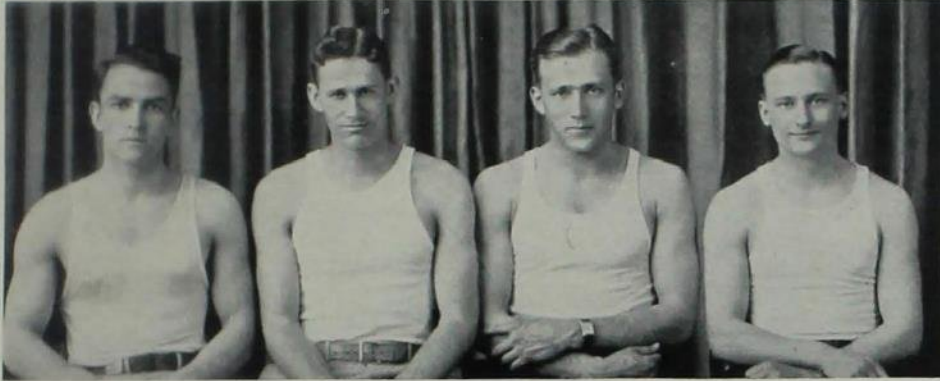

Two hundred twenty-five men from three leagues competed for honors in track. Phi Kappa Psi won the championship and Ausonia was runner-up. Sigma Chi won the Alpha League, Phi Sigma Kappa won the Beta League and Phi Kappa Psi won the Gamma League. All place winners in the league meets were allowed to compete in the finals, which the winners of the Gamma League won.

In the Divisional Class meet, the Freshman Engineers won by a margin of one-half point over the Sophomore Agricultural students. Eighty men competed in this meet.

Swimming as an Intramural sport attracted 75 fraternity men, who competed in three leagues. Sigma Alpha Epsilon won the Alpha League, Phi Kappa Psi won the Beta League and Sigma Nu won the Gamma League.

Theta Xi—Kittenball

Pentathlon Winners; left to right: Holding, Soultz, Harrar, Cisler.

Phi Kappa Psi placed sufficient men in the league meet to win the championship by a narrow margin.

Thirty-five men competed in the divisional class meet, which the Freshman Engineering students won. Sophomore Ags were second.

In wrestling, the fraternity men and the independent men competed in the same meet. One hundred twelve men entered the meet, the winners advancing each time a bout was won. Delta Chi was the champion team, with Sigma Sigma the second place winner.

The weight champions were as follows:

125 pound class.....	Speers, Delta Chi
135 pound class.....	Meecham, Adelante
145 pound class.....	Collins, Sigma Nu
155 pound class.....	Bodensteiner, Sigma Sigma
165 pound class.....	Osgood, Kappa Sigma
175 pound class.....	Nelson, Delta Chi
Heavyweight class.....	Brown, Beta Delta Rho

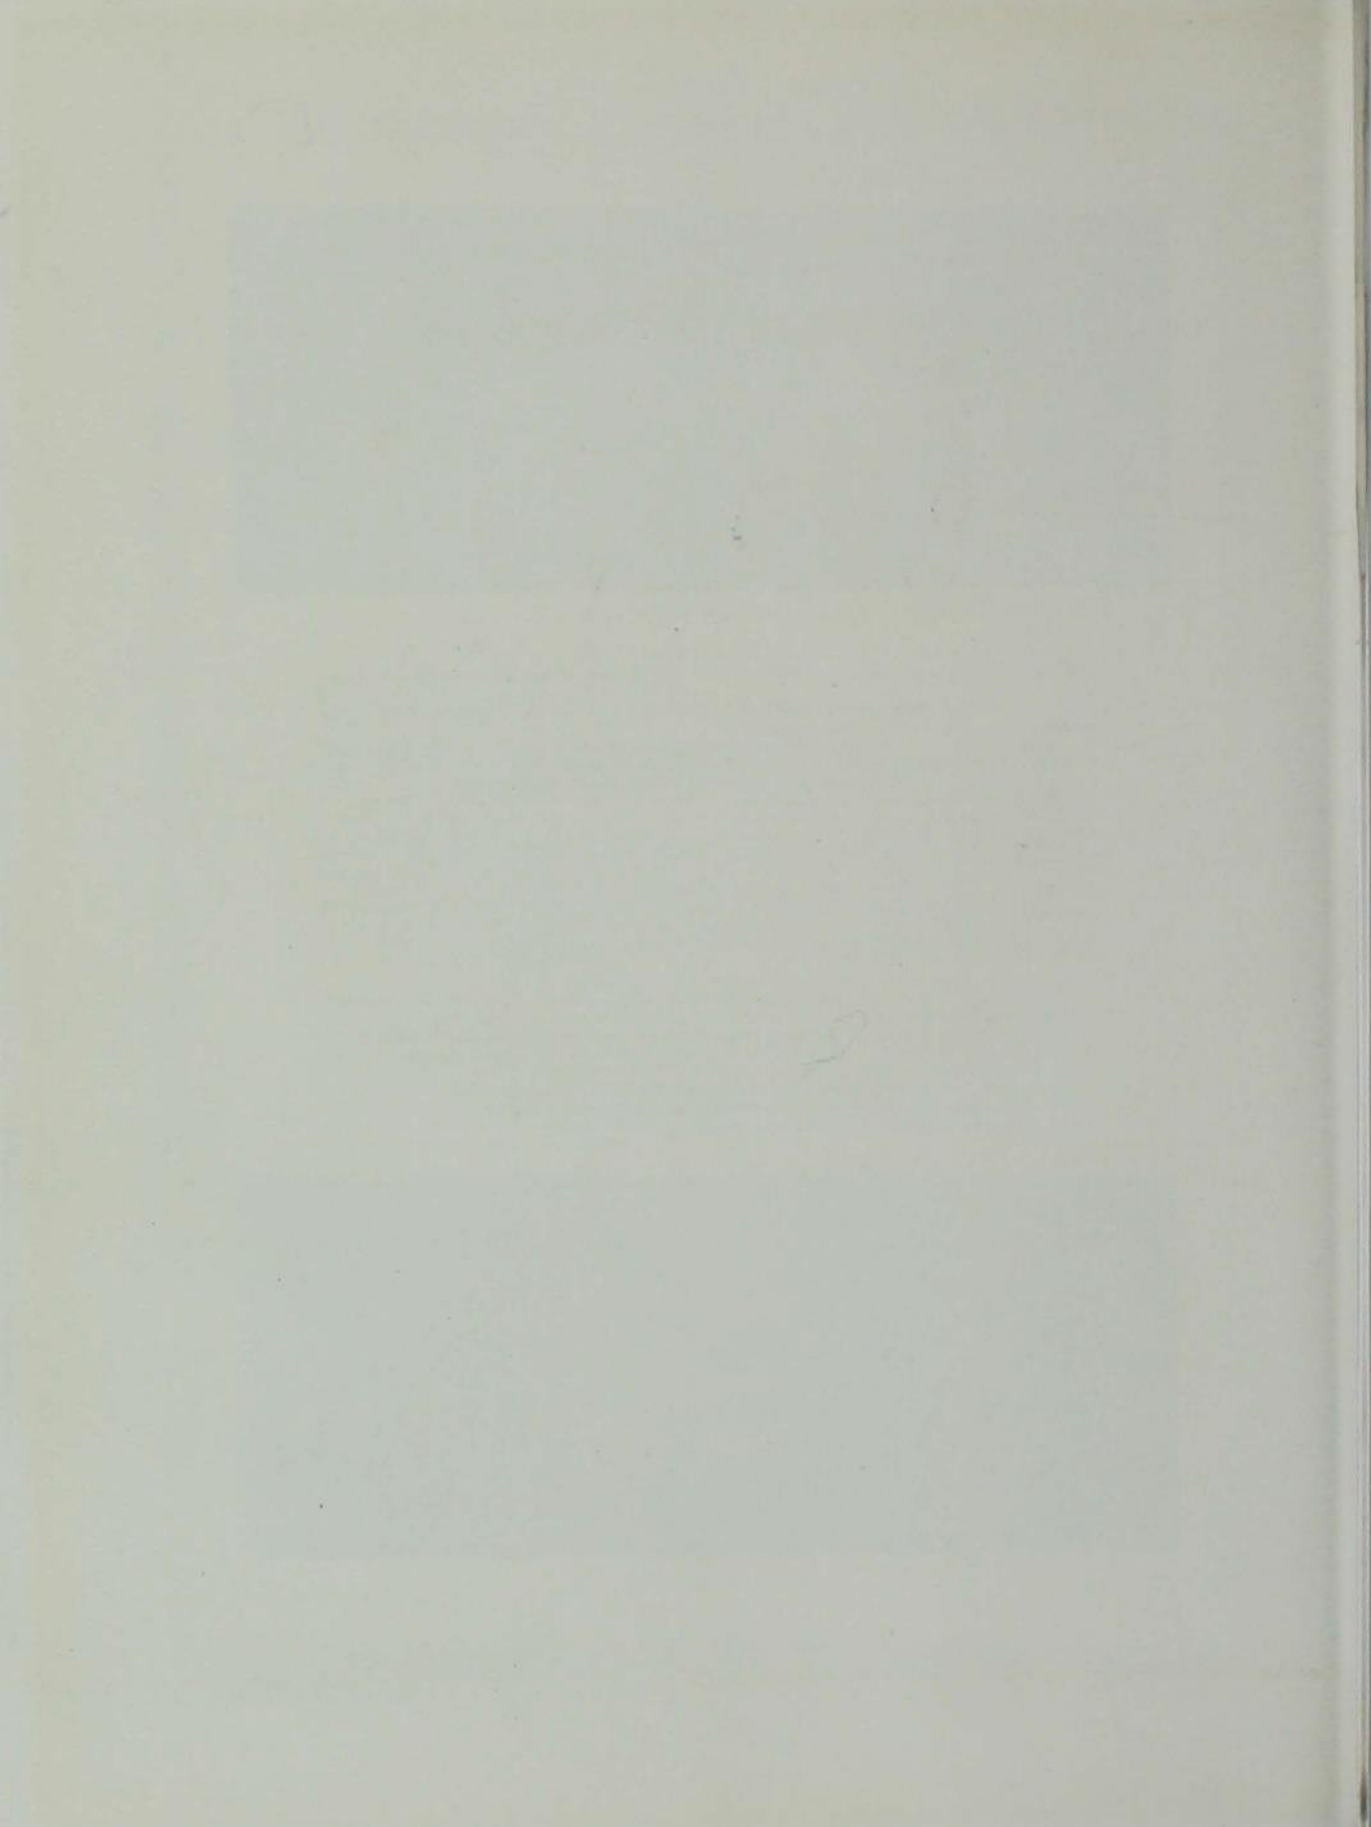

The divisional class meet attracted 65 entries. Sophomore Ags won the meet and the Junior Ags were runners-up.

Bowling was a new sport this year, but indications point toward its being added to the regular calendar of events. The alleys of the Ames Bowling Club were made available and all matches were rolled there.

There were 70 participants from two leagues, the men rolling a round robin schedule. Lambda Chi Alpha was the winner of the championship, and Sigma Sigma was the runner-up. These two teams were the winners of their leagues, and thus won the right to compete in the final match.

Beauty Contest

The following method was used in selecting the six girls whose pictures have appeared in this section of the 1929 Bomb: Each sorority and dormitory on the campus nominated its two most beautiful girls, and the names of the thirty-six so chosen were balloted upon by the student body. Photographs of the twelve winners of this election were sent to Florenz Ziegfeld for a final selection; Mr. Ziegfeld chose the six girls whose pictures appear in this volume of the Bomb as "Iowa State Queens" of 1929.

An interesting feature of the Beauty Contest was the Bomb Beauty Ball which was held at the Memorial Union on the evening of February 9th, music for dancing being furnished by Al Skoien and his Orchestra of Fond du Lac, Wisconsin. The names of the six "Queens" were announced to the student body at that time through the medium of the programs.

MISS WINIFRED TILDEN

Physical Education Department

The rapid and widely increasing interest in sports for women has been a challenge to the Physical Education Department to present a program of activities which will be broad enough in its interests to engage every girl in recreational activity or activities that are of special interest to her.

That Miss Winifred Tilden and her splendid staff are meeting this challenge is known to every Iowa State College woman. They have chosen activities which will develop leadership, initiative, sportsmanship, strength and vitality; all of which go to make up an individual who will be capable, efficient and of some service to society.

They are striving to promote the highest ideals of women in Physical Education and are instilling in the women of Iowa State College the true spirit of play, "Play for the Joy of Playing."

Field Hockey

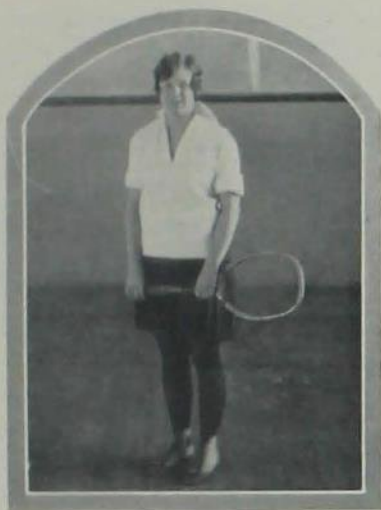

Field hockey, which is becoming so popular among American sportswomen, is by far the most popular sport offered during the fall quarter by the Women's Athletic Association.

Because of the numbers out for the sport, competition for places on the four class teams was very keen.

In the interclass tournament held soon after Thanksgiving, the Senior class won first place, the Juniors won second place and the Sophomores third.

From the four class teams, the honorary varsity team was chosen.

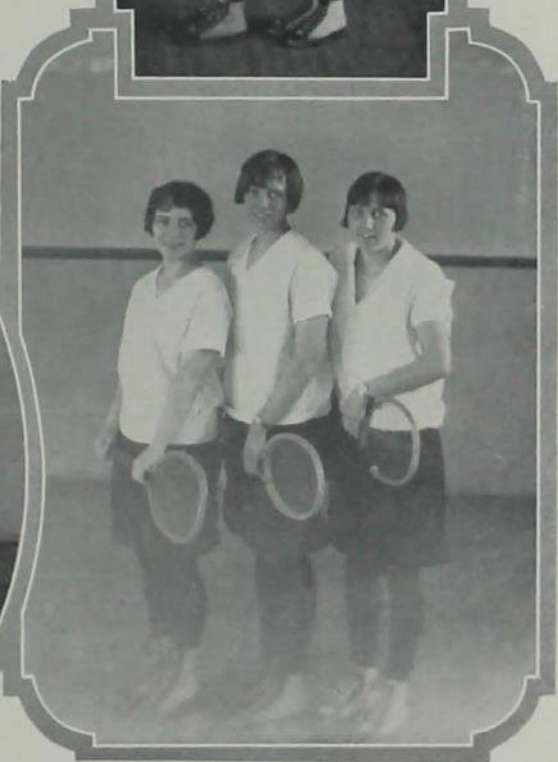

Tennis

Tennis is offered during the fall quarter as a class sport. In the round robin tournament the Sophomores won first, Freshmen second and Seniors third.

Frances Pyle, '31, was the 1928 Tennis Champion.

Archery, Hiking, Intramural

W. A. A. broadened its intramural program again this year. During the fall quarter a volleyball tournament, organized on the league plan, was held in which twenty dormitory and sorority teams competed. Kappa Delta won the cup awarded by the association.

During the winter quarter, soccer and swimming were offered for intramural. Twenty teams competed in the soccer tournament, in which Sigma Delta placed first. Sixteen teams competed in the swimming meets. Birch Hall won first place.

Baseball is offered as the intramural sport during the spring quarter. Last spring, South Hall and East Hall tied for first place.

Archery and hiking are offered both in the fall and in the spring quarters. Hiking is especially popular during the spring quarter, when as many as fifty girls rise at 5 a. m. and take a five mile hike before breakfast.

Basketball

Basketball ranks first as the winter sport for Iowa State coeds.

The interclass tournament held at the end of the season is by far the most exciting of the W. A. A. sport tournaments. This year the Senior class won first place in the tournament, with the Juniors second and the Sophomores third.

From the four class teams the honorary varsity team was chosen:

- | | |
|------------------|-------|
| FRANCES PYLE | F. |
| HELEN NEWBARD | F. |
| KATHLEEN VAUGHN | F. |
| EDNA MILLER | C. |
| PAULINE WILLIAMS | R. C. |
| JUNE STONE | G. |
| GLADYS HOVE | G. |

Swimming

Swimming is offered as a W. A. A. sport during the Fall and Winter Quarters. In the Fall Quarter it is an individual sport. During the Winter Quarter Swimming is given as a team sport. In the inter-class swimming meet held at the end of the quarter, the Junior class won first place, the Sophomore class second and the Seniors third.

Naiad, honorary swimming club, elects to membership in the organization, girls who have been outstanding in swimming.

Volleyball

Each winter quarter Volleyball increases in popularity as a W. A. A. sport. This year, when the first call for practice was issued, more girls responded than ever before. Positions on the class teams were attained only after constant practice and effort.

In the inter-class tournament held at the end of the season, the Sophomore class won first place, the Freshmen second, and the Juniors third.

From the competing class teams the honorary varsity was chosen.

W. A. A. Play Day

May 5th, the Women's Athletic Associations of Grinnell College and Drake University sent thirty girls each to Iowa State College for the first Play Day that has been held in Iowa for college women, which was sponsored by the Iowa State College Women's Athletic Association.

Play Days are favored by the Athletic Conference of American College Women and the Women's Division of N. A. A. F. because they stress playing together, not playing against one another.

Playing together is brought about by dividing the girls from all schools into two or more squads, each squad having an equal number of girls from each school. The competition is, therefore, between squads and not between schools and the slogan, "Play for Play's Sake," is carried out.

W. A. A. Play Day

The program for Iowa's first Play Day included sports during the afternoon, a banquet at noon, more sports, followed by tea late in the afternoon.

A field hockey game, tennis matches, indoor and outdoor baseball were held between teams picked from each squad. Jacks, hopscotch, marbles and horse-shoe pitching were held as challenge games.

From the arrival of the first Blue and White clad Drake co-ed till the last truck load of white knickered Grinnellians disappeared, Iowa's first Play Day was "real sport."

W. A. A. High School Play Day

This year Iowa State College Women's Athletic Association will be among the first women's athletic associations to sponsor a Play Day for High School Girls.

Several High Schools within a radius of about fifty miles will be selected to send representatives to spend one day on this campus playing together. The organization and program for the day will be similar to that of the college Play Day.

Representatives from other Iowa Colleges will also be invited to attend in order that they may become familiar with the organization of Play Days and that they, too, may sponsor them.

Dancing

Advanced dancing is offered each year to those girls who are specially interested or talented in dancing. These girls may also serve as chairmen of dances for the Home Economics Vodyil, the May Fete and the Veishea Night Show.

Lorraine Gutz, Home Economics senior, was elected Queen O' the May by an all-women's vote of the college. As is the tradition, the secret of the choice for this coveted honor was withheld until the opening day of Veishea, at which time the May Fete was presented. It was here that the Queen was presented to the eager crowds during "The Feast of Louis XIV."

On May 28, 1912, the organization of Delta Phi Delta Art fraternity was completed and the Alpha chapter was established at the University of Kansas, Lawrence, Kansas. The Omicron chapter was established at Iowa State College on May 26, 1928. In recognition of the fact that, although honorary and semi-social, the greatest service on the professional side must come from the alumni group, the objects of this fraternity are: 1. To select from undergraduates in American Universities and Art Schools the type that gives the greatest promise of potential professional ability. 2. To promote and recognize scholarship. 3. To provide social activity based on the true friendships formed while working together, with the same interests and ambitions. A candidate for Delta Phi Delta may have no failures, and only one subject below 75, with an average of 85.

CELIA HINZ.....	<i>Secretary</i>
MARY HILL.....	<i>Treasurer</i>
MARGARET DAVIDSON.....	<i>Chairman, Catharine MacKay Loan Fund</i>
IONE KECK.....	<i>Chairman of Ushering</i>
MISS HELEN BISHOP.....	<i>Faculty Advisor</i>

The Home Economics Club was organized to unify the efforts of the girls of the division and to stimulate their interest in Home Economics. The membership is about three hundred and fifty. The Club is affiliated with the Iowa and the American Home Economics Associations, to which delegates are sent each year.

Besides the General Club there is the Vocational Education Section for the special interests of the girls.

The Club carries on all the general activities of Home Economics students. The Home Economics Club picnic in the fall, the Home Economics Vodvil, divisional Open House at Veishea, the Iowa Homemaker, and contributions to the Catharine MacKay Memorial Loan Fund, the Ellen H. Richards Fund, Constantinople Women's College, and a gift to the new Home Economics Hall are activities of the Club.

Sigma Alpha Iota Music Fraternity was founded at Ann Arbor, Michigan, in 1903, to promote a feeling of friendliness among the most talented women musicians of the school, so that by working together and helping one another they might attain the highest ideals in music scholarship, and be a credit to the school. There are now 55 active chapters. Sigma Lambda chapter was established at Iowa State College in 1924. The fraternity strives to create and to promote interest in music and music activities. The members are elected from the outstanding women musicians, for their participation and interest in music activities, their personality and scholarship.

From earliest days the Military Unit has been an important feature of the college life with a tradition of constant readiness for actual service.

MILITARY

MAJOR P. W. BOOKER

Reserve Officers Training Corps

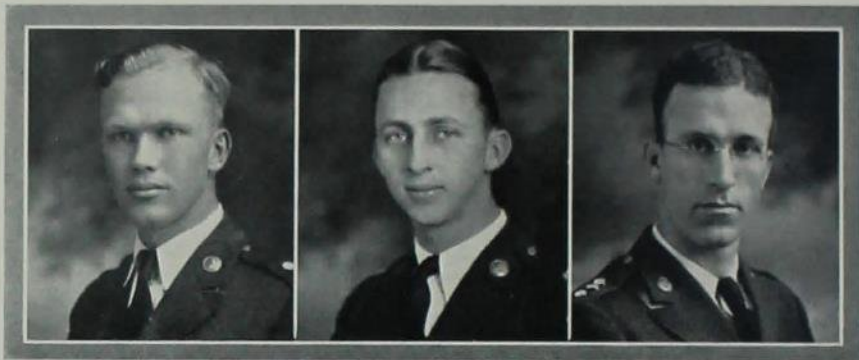

The R. O. T. C. Unit at Iowa State College was awarded the "Distinguished College" rating for the years 1925, '26 and '27. Although, in 1928, the War Department discontinued all comparative ratings of R. O. T. C. units, the standard of military training at Iowa State has remained at the same high degree of excellence as is to be found in all other departments.

This degree of excellence is due to the high standard of the students in the Advanced Military Course. Undoubtedly the work of these men will be rewarded in some form by the War Department in the near future.

MAJ. P. W. BOOKER.

TOP ROW, left to right: Lt. E. G. Yoder, Lt. H. M. Jones, Lt. M. M. Boatner, Lt. C. A. Pyle,

RIFLE TEAM

Left to right: Scheldorf, Wagner, Neil, Moravetz, Miller, Tyner.

Rifle and Pistol Teams

Due to the organization of the R. O. T. C. units at this college, the rifle team is composed of students selected from the Engineer Unit, and the pistol team of students from the Field Artillery Unit. Both teams fire telegraphic matches with R. O. T. C. teams of other schools throughout the season. The outstanding match fired by the pistol team is the National Field Artillery R. O. T. C. match. The important rifle matches are the Seventh Corps Area Match, the Society of American Military Engineers Match, and the Hearst Trophy Match.

PISTOL TEAM

TOP ROW, left to right: Gittins, Rullman, Bruch, McManus, Stiles, Boddy.
 BOTTOM ROW, left to right: Holtz, Towne, Hogg, Pyle, Rabuck, Jackness, Griffith.

Drum Major
G. B. ECKLES

Drum and Bugle Corps

During the past year the Drum and Bugle Corps, composed of students in the R. O. T. C. unit who are talented as musicians, has been added to the organization of the Military Department at Iowa State College.

It is planned that in the future the Corps will be enlarged by the addition of other instruments. Special drills and an identification to be worn with the uniform are also expected for next year.

Much credit for the success of the Drum and Bugle Corps as it now exists must be given to M. R. Sproul, who trained the drummers, and to G. B. Eckles, who trained the trumpeters.

TOP ROW, left to right: Eckles, Roberts, Bohm, Bolander, Clatterbaugh, Davenport, Love, Sproul.
SECOND ROW, left to right: Bartlett, Oliver, Stiles, Braniff, Thiel, Buchanan, Berg.
BOTTOM ROW, left to right: Atchley, Doggett, Boddy, Terrill, Dockendorff, Vaupel.

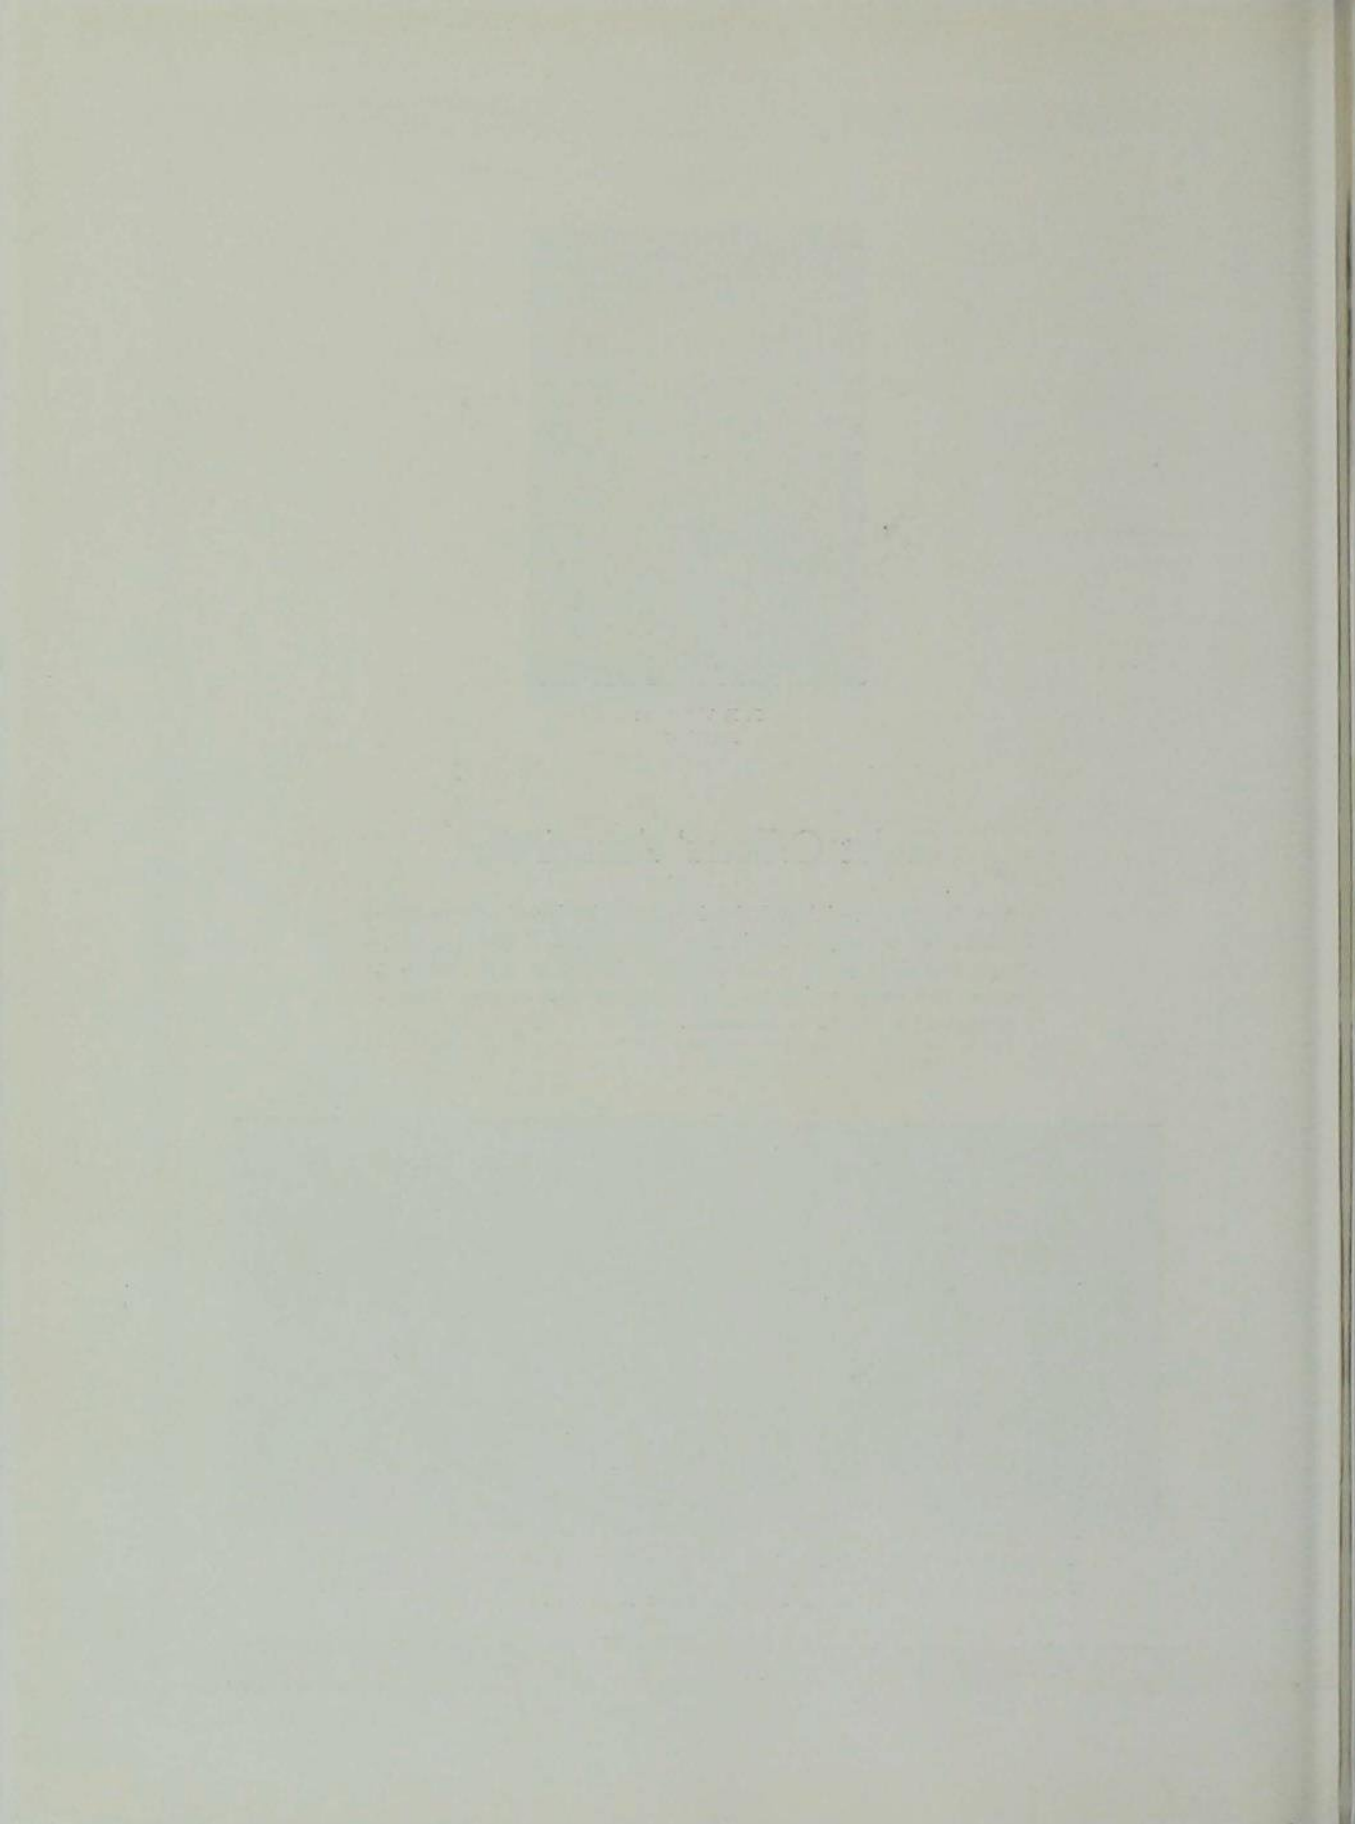

G. F. WILLIAMS
President

Cadet Officers' Association

The Cadet Officers' Association is an organization of all men taking the advanced military course in the Reserve Officers' Training Corps. Its purpose is to promote the interests of military preparedness to insure world peace, and to provide a common meeting ground for all men enlisted in the advanced course.

TOP ROW, left to right: VanHoesen, Tydale, Ritchie, Pimroy, Sanderson, Pohl, Kruse, Kirk, Moessner, Burns, Allenstein.
SECOND ROW, left to right: Wagner, Weiss, Wester, Hummel, Lyles, Jones, Bernard, Hedden, Neil, Wilhelm, Martin.
BOTTOM ROW, left to right: Turner, Chicken, DeBower, Myers, Hillman, G. F. Williams, Zahn, Yancey, Rabuck, Blanche, Aldrich, G. M. Williams.

CARDINAL AND GOLD

Representative
Men and Women

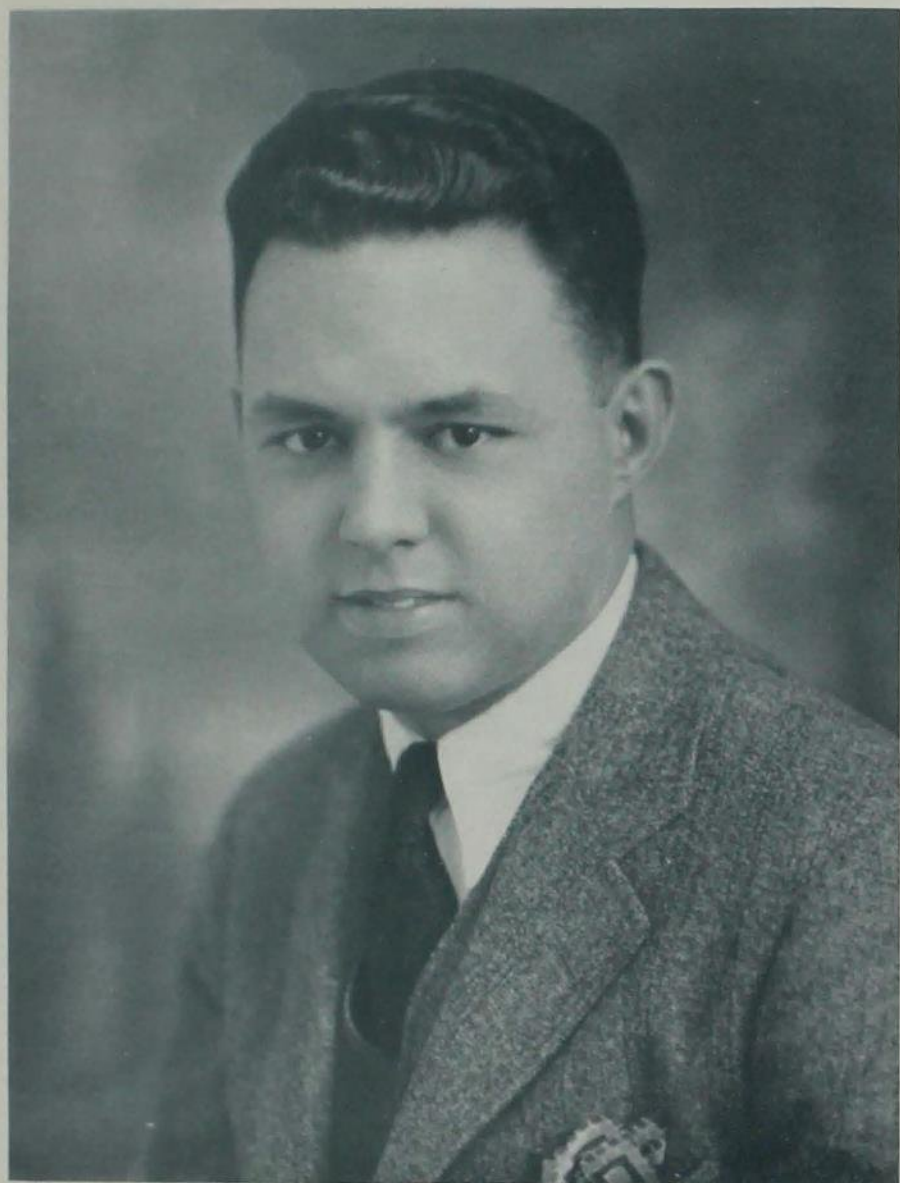

Betty Barker

Wallace Stanton

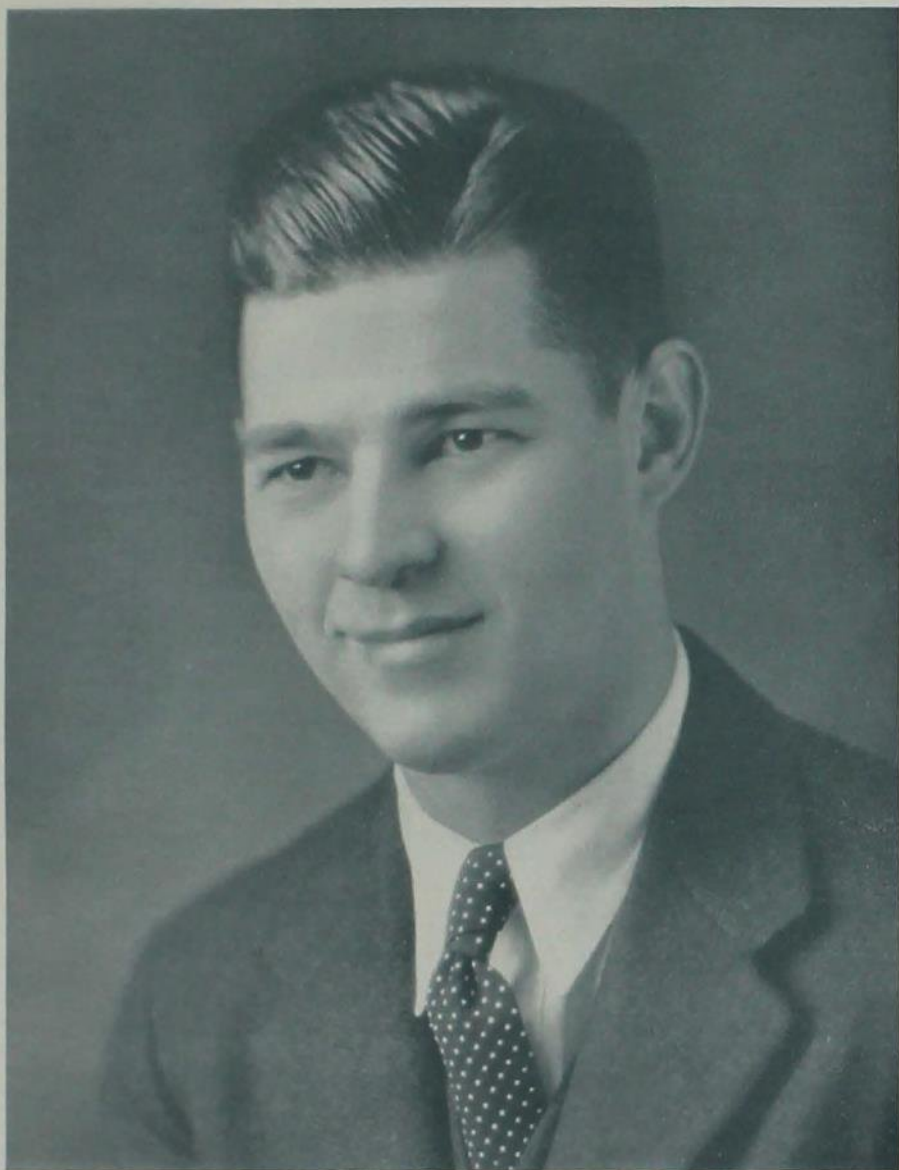

Harriet King

Charles Dow

Margaret Davidson

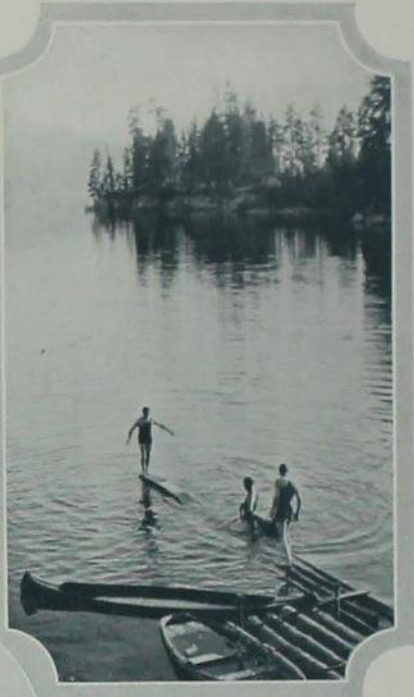

Gerald Lineweaver

The quality in a man or woman of being "representative" of the Iowa State student body is a somewhat illusive thing and must, of necessity, have varying definitions applied to it. To be representative the Bomb Staff felt that a student should be outstanding in three characteristics: (1) Extra-curricular activities, (2) Scholarship, and (3) Personality.

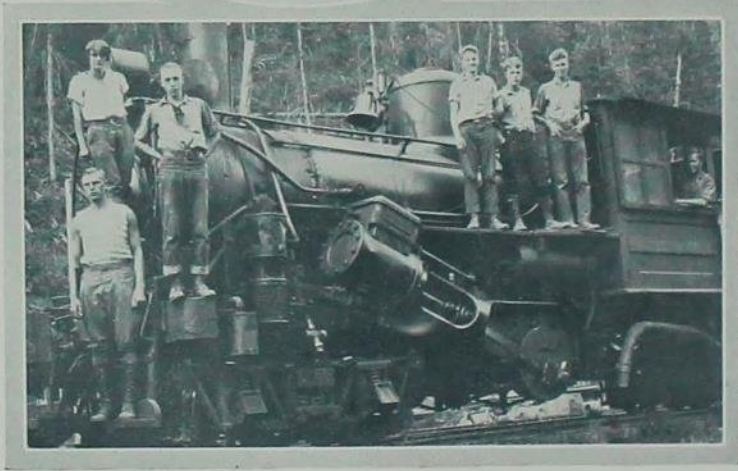

With the above three factors in mind the following system was devised for selecting three men and three women as representative Iowa State men and women: Two committees, one for the men and one for the women, composed of faculty representatives from every division of the college, selected the fifteen senior men and fifteen senior women who were most outstanding in campus activities as indicated by the activity blanks filled out for the Bomb by every senior. From these thirty seniors, the six men and six women with the highest scholastic averages were selected. All college balloting upon these students as nominated by the committees determined the six whose pictures have appeared in the Bomb of 1929 as representative Iowa State men and women.

Student Life

Summer camps often become more pleasant in retrospect; the blisters acquired at Camp Knox and the Forestry Camp are less painful after the passage of a little time. The gentleman with the "Milwaukee goiter" is none other than Bud Williams.

At the Engineers' military camp some days were hot and some were hotter. We trust that the back to nature movement portrayed at the lower right was justified by the climate; Black insists that it was.

A mad whirl of activity greeted the student during the opening days of the Fall Quarter. Registration, Divisional Convocations, All-College Mixer, and the Industrial Science Barbecue made life far from dull.

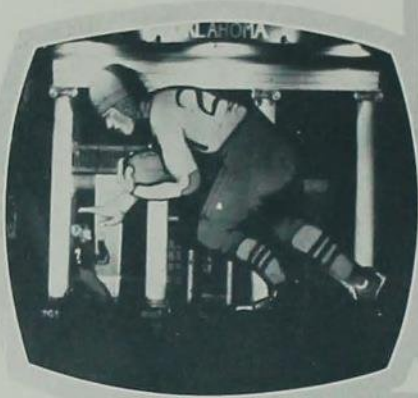

The first dance in Great Hall!
—a real mile-stone of pro-
gress in the life of the Col-
lege.

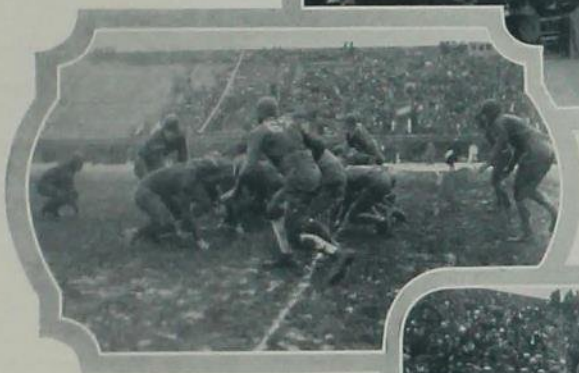

A few of the notables at the
Chemists' Picnic. We learned
why the newspapers referred
to the Nebraska team as the
"power-house".

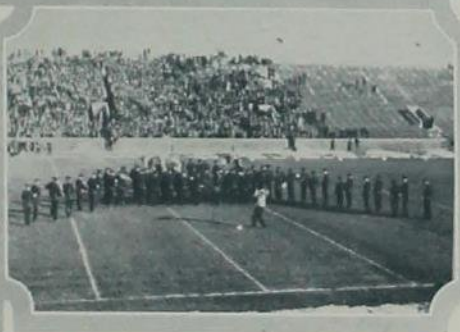

Homecoming was a real success; the weather was good, the decorations were unusually elaborate, and the football team sent the alumni home with pleasant memories of the victory over Oklahoma University.

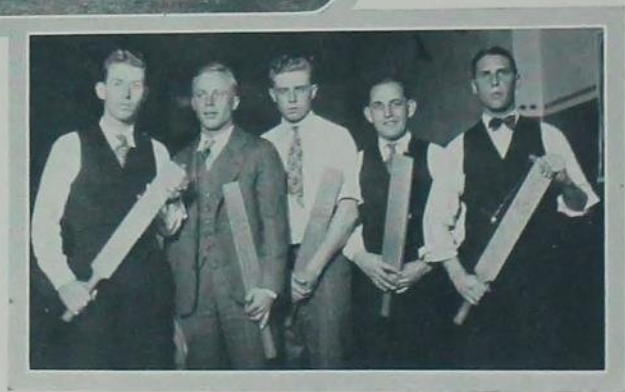

The gridgraph gave us false hopes of the outcome of the Missouri game, but the Tiger jinx was still present. Double A neophytes amused the crowd between halves of one game.

Probations for honoraries are a great thing to look back on, but not so pleasant at the time; they at least furnished amusement for the audience of students.

The Engineers' Campfire and the Little International were two of the most outstanding student activities of the year; due to inclement weather the Campfire was held in the Armory.

It will be a long time before we forget the snow-storm that blanketed the College Thanksgiving night; for a few hours the campus was really "track-less."

The student body went home almost one hundred percent for the Christmas holidays; the "Toonerville" would make anyone glad to leave.

Mr. Manning gave his class a few commandments. The Bomb photographers corralled the Juniors at the Dorms.

Veishea!—the biggest event in the College year; the parade drew a crowd to the steps of Central almost before the echoes of the opening salute had died away.

A few of the floats in the Weishea Parade.

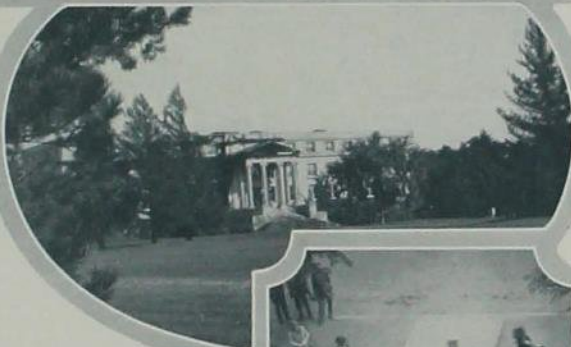

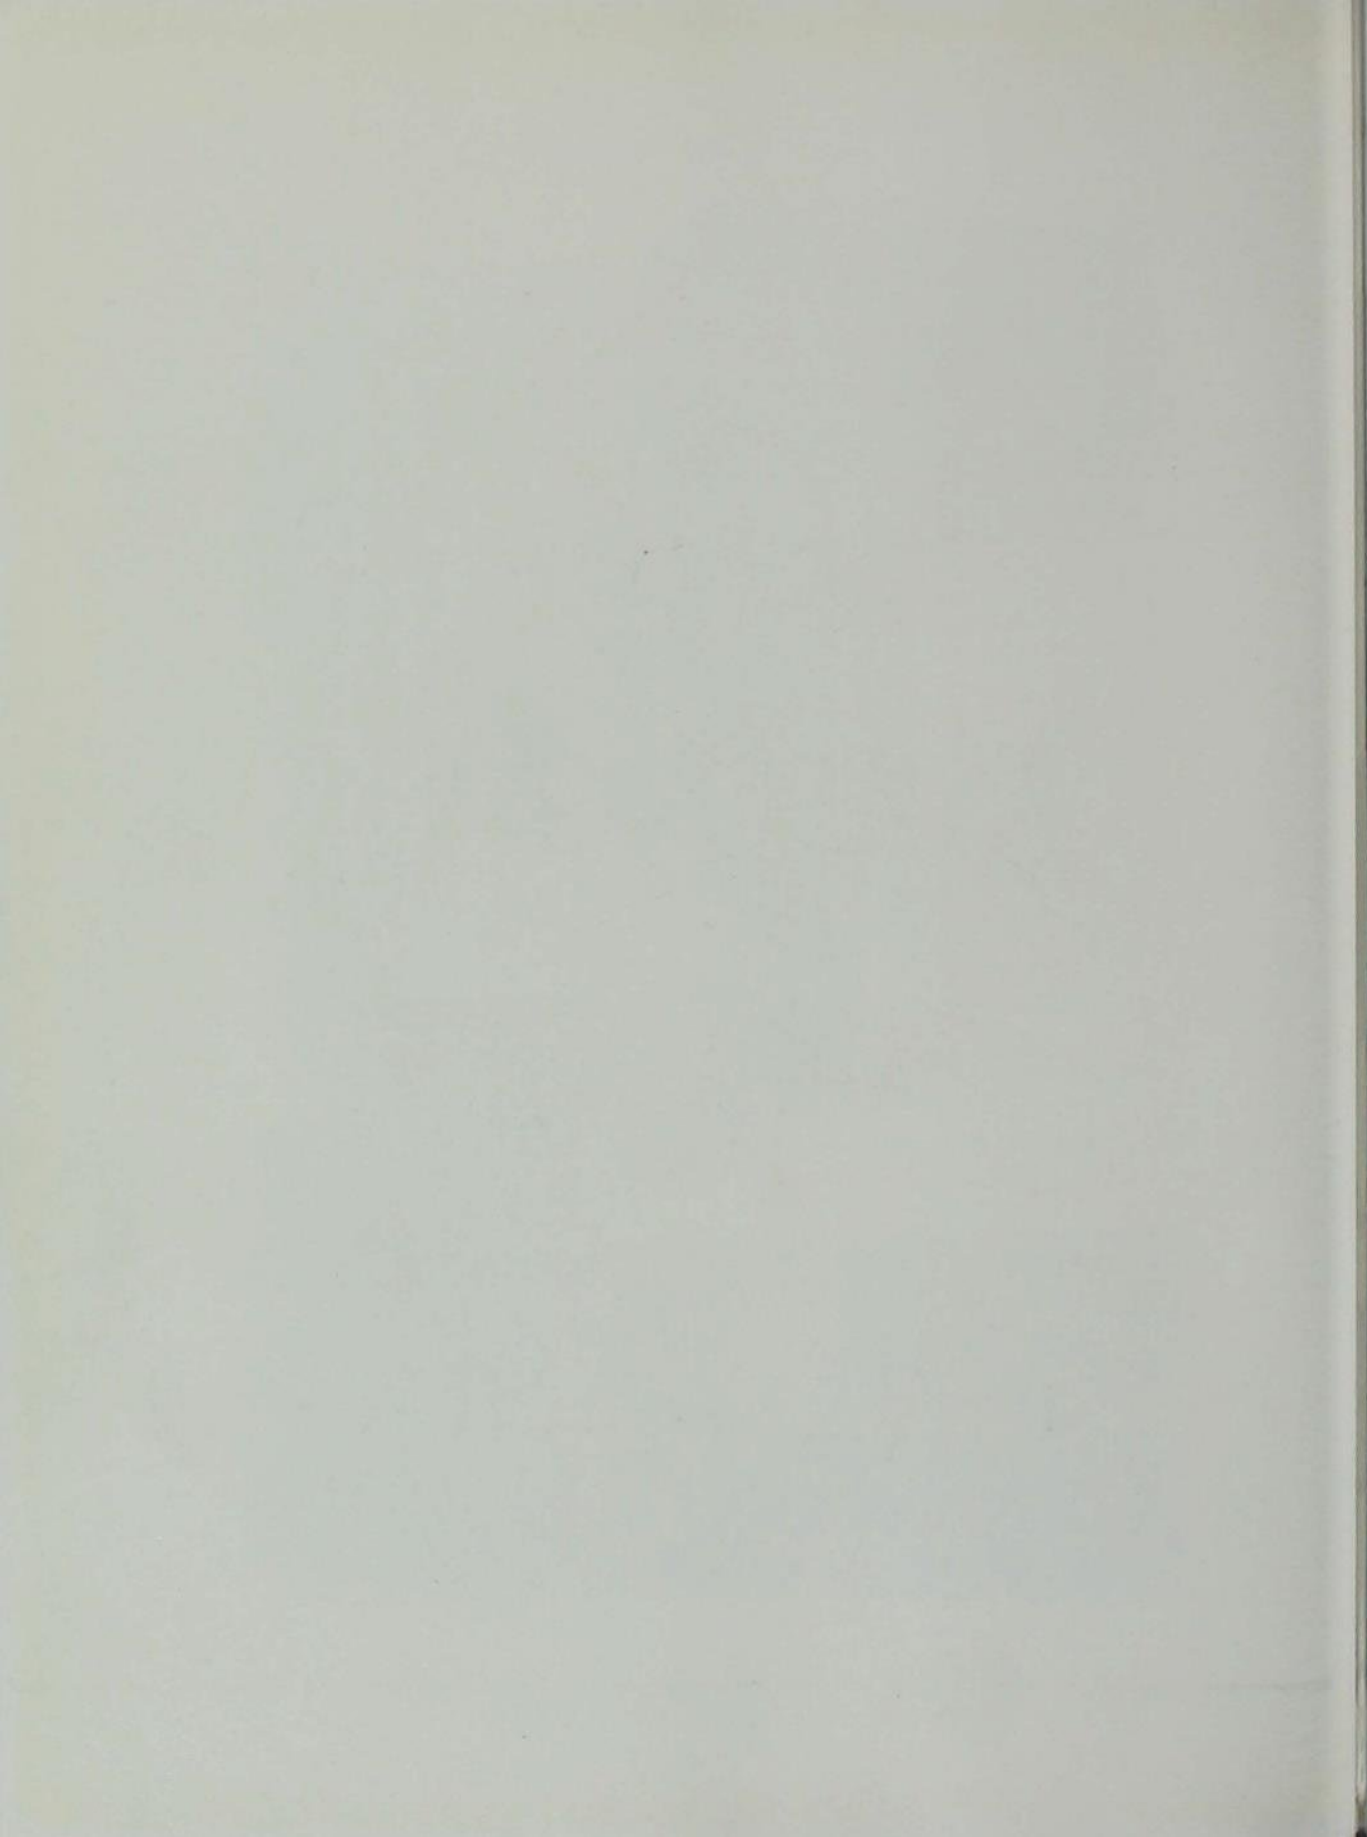

The May Fete and the Night Show were two of the biggest undertakings in the school year, and a real pleasure to the thousands of visitors who were fortunate enough to witness them.

Cardinal Key pledging at the Campanile and the graduation exercises in State Gymnasium provided a fitting close to the year's work.

Campus organizations were less prevalent at Iowa State in the Seventies, so politics attracted more attention than at the present time.

Interfraternity Council

The Interfraternity Council is the governing body of the national fraternities at Iowa State College. It is composed of one representative from each of the subscribing chapters of the general national fraternities at Iowa State, and two representatives from the Faculty-Fraternity committee.

Besides controlling all Interfraternity relations, the object of the Council is to study various campus fraternity problems, initiating and fostering whatever tends towards the best growth and development of the fraternity system. To further this work the Council each year sends a delegate to the National Undergraduate Interfraternity Conference in New York.

Men's Dormitory

The first of a series of dormitories for men at Iowa State College was completed and opened for use in September, 1927. Into it have been incorporated the best available ideas for making an ideal college home for freshman men, where they may eat, sleep, study and come in contact with one another under favorable conditions. This is a definite effort to help the freshman in making the necessary adjustments to campus life which are always difficult.

The building is divided into three units, Alpha, Beta and Gamma, each separate from the other. About forty men can be accommodated in each of these units, which insures a group large enough to inspire a group consciousness and yet small enough to provide good fellowship which all may share.

BETA SECTION

FRONT ROW, left to right: Marshall, Risser, Thompson, Chinn, Kruse, Wesenberg, E. Elliot, Reiff, Wilcox, Beerup, Kern.
 SECOND ROW, left to right: Hughes, Romig, Hansen, Holdcroft, Black, J. Elliott, Werts, Jones, Bourke, Holz, Walker, Phippen, Kruse, Conklin, Reed, Johnson, Stanton, Sheplee, Neal, Lorimer.

THE BOMB

GAMMA SECTION

FRONT ROW, left to right: King, Jones, Seaman, Drake, Melvin, Peterson, Krizek, Houghen, Johnson, Howe, Stalmaker, Robinson.
 SECOND ROW, left to right: Cooper, Davis, Salvini, Erickson, Clock, Terrill, Larson, Schneider, Suder, Bieke, Malum, Coverdale, Schultz, Clark, Caputo, Gore, Brumma, Gilliland, Bowen, Ferguson, Vampel, Zobrist, Mrs. McDonald.

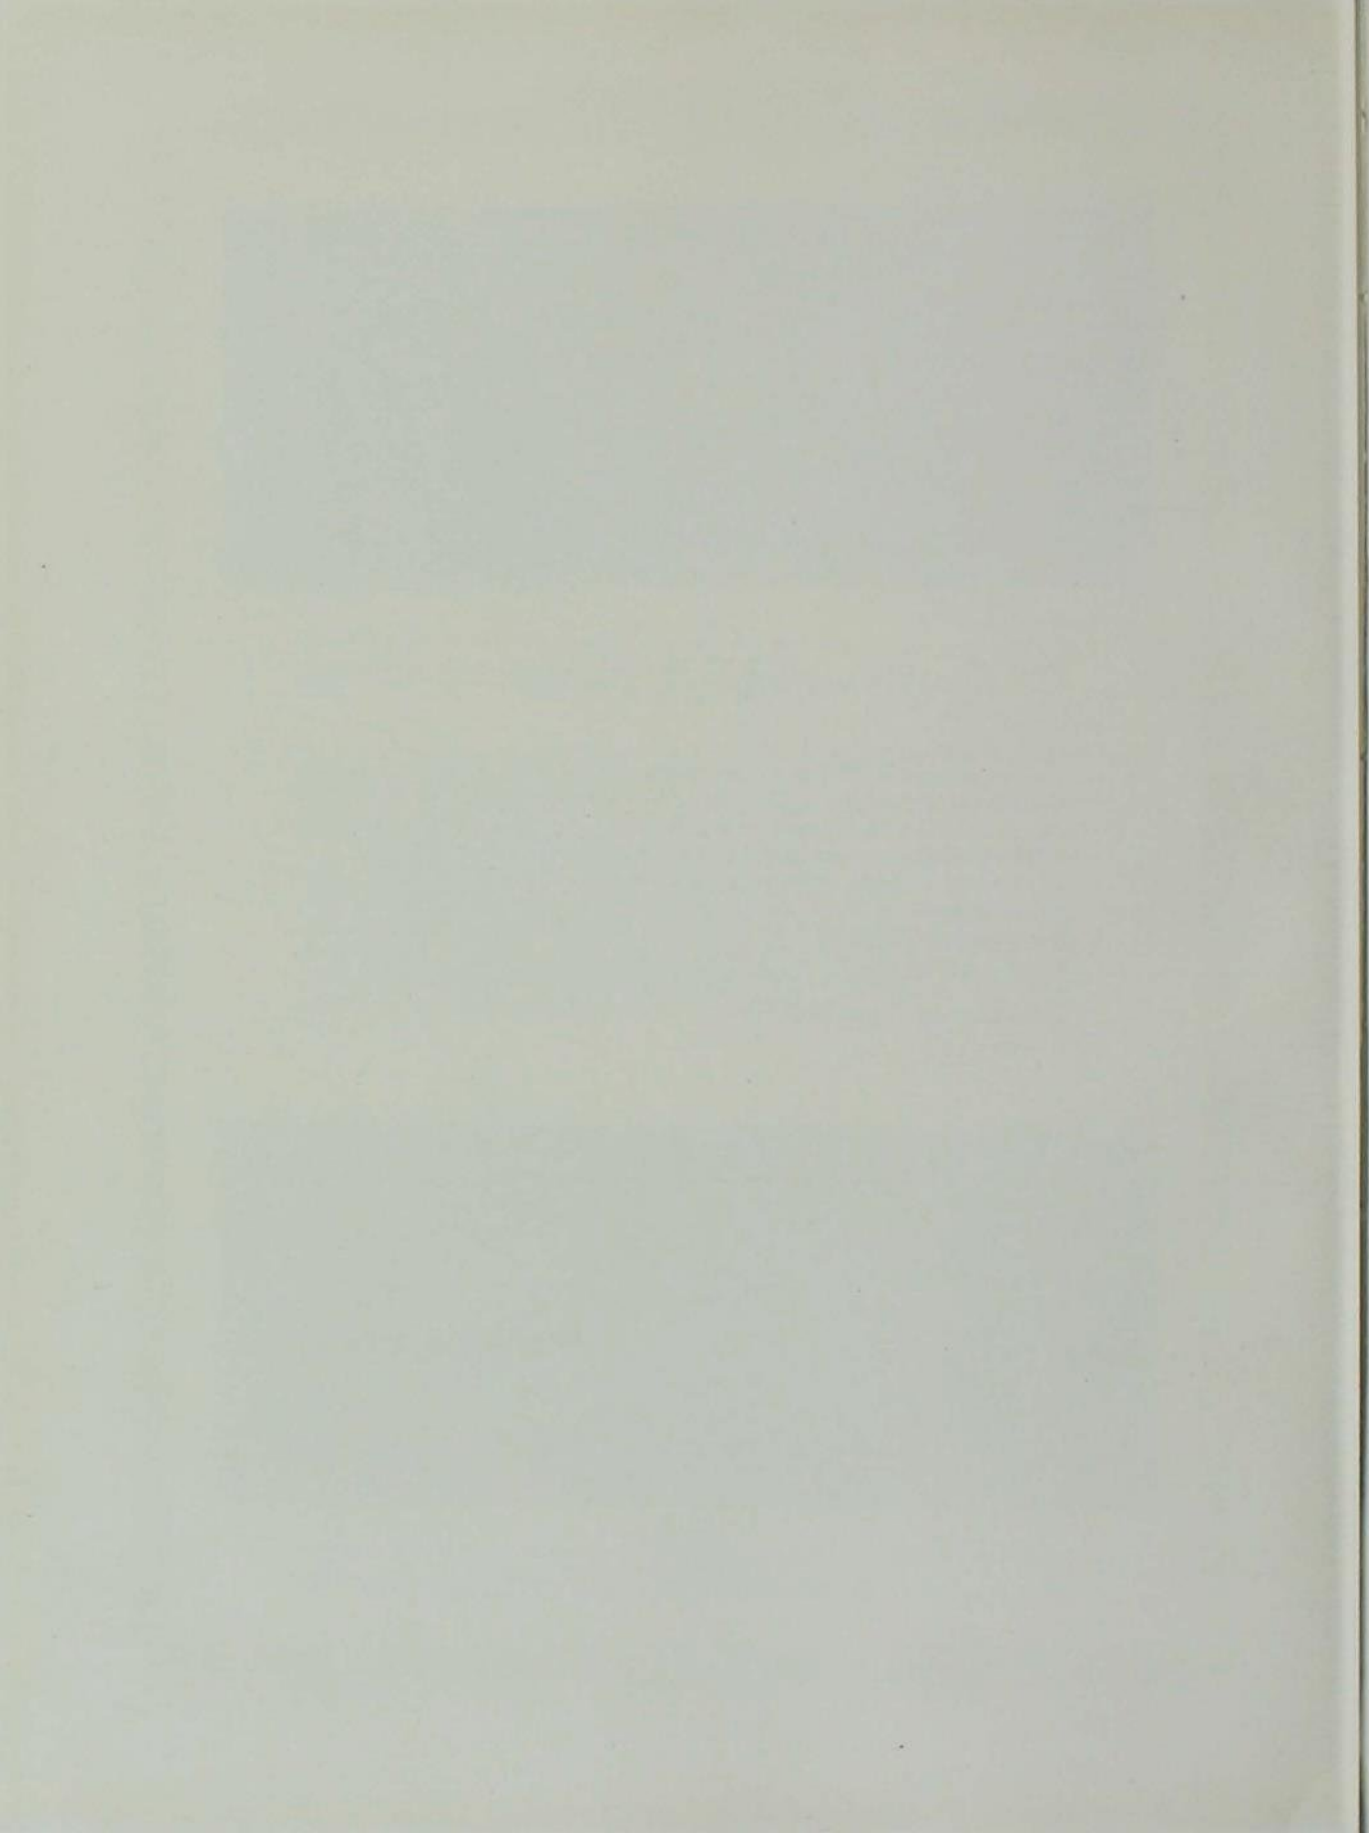

Mrs. Thomas McDonald is house mother for the entire dormitory, and each unit has a senior advisor—Alpha, Ed. Hill, A. H. '30; Beta, Wallace Stanton, Gen. E. '29; Gamma, Kenneth Krizek, Ind. Sci. '29. This staff is ever sympathetic and effective in promoting the interests of those in the dormitory.

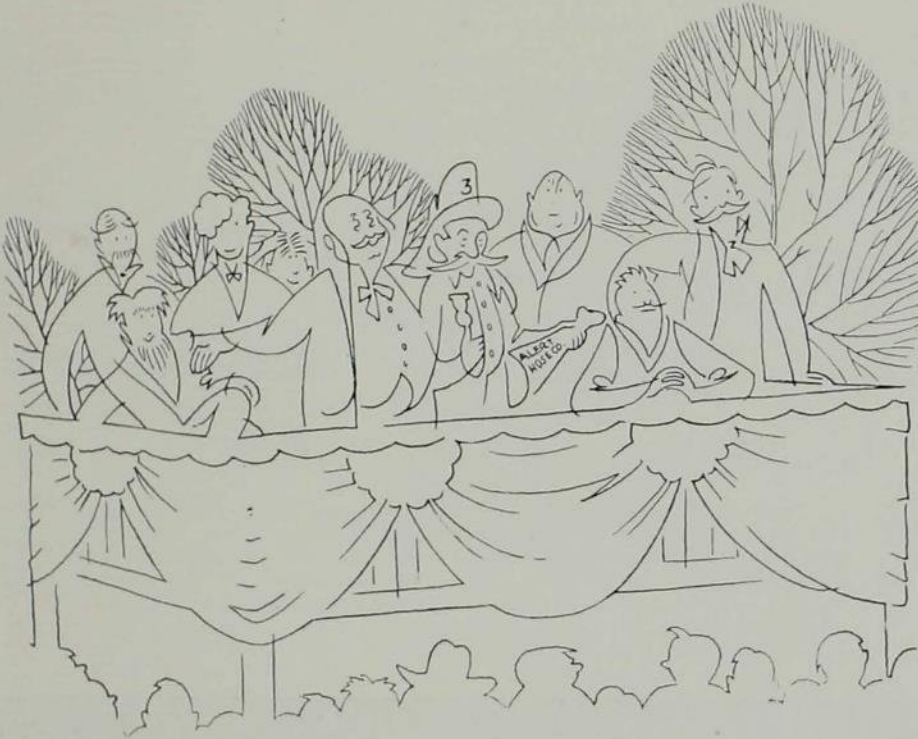

The men have been given the greatest possible freedom in working out plans for self-government. Each of the three units has its own organization and there is a central committee which takes care of matters pertaining to the entire dormitory. The dormitory men have proven that they are able to manage themselves in a very creditable manner. In the next three years they can be depended upon to loyally uphold and maintain the ideals and traditions of Iowa State College.

ALPHA SECTION

FRONT ROW, left to right: Giffen, Rapp, Hill, Jacobsen, Johnson, McNaught, Gray, Putman, Appleton, Swift, Dorman, Swanson, Gerden.
 SECOND ROW, left to right: Dyer, Berg, Smith, Detra, Stone, Strong, Rash, Swank, Rummens, Mundhenk, Willet, Askew, Wurdeman, Miller, Wangens, Kinsey, Bomberger, Van Willigen.

Cardinal Key was organized as a senior honorary society for Iowa State men. It was founded to recognize such qualities as service to Iowa State, character, leadership and scholarship among Iowa State men, and to reward their merit by this honorary distinction.

Cardinal Key men are chosen in the spring and are tapped at the annual Veishea celebration.

Eta Kappa Nu is the honorary fraternity of Electrical Engineering. The organization was founded at the University of Illinois in 1904 for closer cooperation among the students and others in the profession, who by their attainments in college or in practice manifest exceptional interest and marked ability in Electrical Engineering. The Nu Chapter was installed at Iowa State in 1916.

National Collegiate Players is conducted as a purely honorary organization, selecting its membership from casts and production staffs of campus theatricals upon the basis of experience and excellence of work. Its purpose is to affiliate closely the college groups which are working for the betterment of drama in their own institutions, and so to raise the standards of amateur drama in America.

TOP ROW, left to right: Marsden, Ames, Fritzal, Har.

The purpose of this organization is to foster school spirit and tradition. The graduating class of 1924 created a pep organization known as the Twisters. This band sponsors the college pep meets, the departure and the arrival of the college squads when on their trips, the welcome of the visiting teams, and, in general, all athletic activities.

The Twister chapter of Pi Epsilon Pi, na-

tional honorary pep fraternity, was installed during the winter quarter of 1925. The Twisters are composed of 38 students, 19 each from the junior and senior classes. Each spring during Veishea, 19 new members are chosen from the sophomore class. One man is selected from each fraternity and four from the school at large. Eligibility is the same as that required for the varsity teams.

Phi Kappa Phi was established to provide for an honor society dedicated to the unity and democracy of education open to honor students of all departments of American universities and colleges. Its prime object is to emphasize scholarship, the character in the thought of college students, to hold fast to the original purpose for which institutions of learning were founded, and to stimulate mental achievement by the prize of membership.

Pi Gamma Mu, National Social Science Honor Society, was founded at Winfield, Kansas, in 1924. The local chapter was founded in 1925 as Iowa Alpha. Membership is composed of students of the social sciences elected on a basis of scholarship and general qualifications. Thirty quarter hours with an average grade of at least 85 percent in economics, history or sociology are the scholarship requirements. The local society holds quarterly meetings and discusses subjects of interest in the field of social science.

Scabbard and Blade, a National Honorary Military Fraternity, was founded in 1905 at the University of Wisconsin. In twenty-four years it has grown to seventy-three chapters. The local chapter became national in 1915. Membership is restricted to those men taking Advanced Military and who have shown exceptional qualities of leadership and command so necessary to a successful officer. The purpose, as stated in the preamble of the constitution, is to develop those qualities which go to make good, efficient officers, and, above all, citizens who can take their rightful place in the affairs of the community in which they may reside.

CLARENCE E. BUNDY	FLOYD J. ZAIGER

Sigma Alpha was organized at Iowa State College in the spring of 1926. The major purpose of the organization is to further the cause of agriculture in the state to the end that 100 percent of the farmers will farm scientifically. The minor purposes are: to increase the prestige of Agricultural Education among members of the teaching profession, to promote closer cooperation between those engaged in agricultural work in the field and those in college, and to impress on Agricultural Education students the extreme importance of the department club.

There are two groups of members; resident and field. Resident members are just what the name implies, and field members are those who are in the field furthering the cause of scientific agriculture.

Membership is based primarily on service and secondly on leadership and scholarship.

TOP ROW, left to right: McDonald, Beane, Sharp, Zaiger.
 SECOND ROW, left to right: Lancelot, Balmos, Grouwinkel, Bundy.

Sigma Delta Chi is an international fraternity of men whose intent for life work is journalism. It was founded at DePauw University in 1909 and now has 42 chapters. Its members are chosen from students who have signified their intention of going into journalism after graduation. The Iowa State chapter carries on the Gridiron banquet each spring, awards cups for the best news story and editorial in country newspapers of Iowa, awards banners to the Iowa college papers having the best front page makeup in a yearly contest, recognizes the outstanding journalist of the campus each year by presenting him with a gold watch, conducts the "Campus Reporter" broadcast feature of radio station WOI, and assists in publishing the Green Gander.

TOP ROW, left to right: Sandstrom, Reck, Gildersleeve, Holmes, Crowell, Combs, White.

This organization was founded at Cornell University in 1921. The chapter at Ames was installed in 1925.

The object of this organization, as stated in the constitution, is to further interest in science, to provide a society for the recognition of women in science and to bring them together in fraternal relationship. Members are chosen from faculty and graduate students who are doing research work in science.

Sigma Upsilon was founded in 1906 by the federation of four southern literary clubs; Calumet of Vanderbilt University, Sopherim of the University of the South, Osiris of Randolph-Macon and Senior Round Table of the University of Georgia. There are at present thirty-three active chapters. Sigma Upsilon conducts a national short story contest every year. The national organization publishes the monthly Sigma Upsilon News-Letter.

Kappa Lambda Alpha was organized as a local literary fraternity in March, 1924, by a group of faculty and students, who were publishing the first series of the "Ames Narratives." In June of the same year Kappa Lambda Alpha became the twenty-ninth chapter of the Sigma Upsilon.

The purpose of the organization is to develop and encourage creative literary work on the campus. Eligibility to membership is based primarily on literary ability, interest and attainment.

General Organizations

Agricultural Economics Club

OFFICERS FOR ENTIRE YEAR

HAROLD FRITZEL	<i>President</i>
EARL PETERSON	<i>Vice-President</i>
LORING K. MACY	<i>Secretary-Treasurer</i>

The purpose of the organization is to foster the work and good will of the Agricultural Economics Department of Iowa State College. All graduate students and all students enrolled in Agricultural Economics are members of the club.

Society of Agricultural Engineers

OFFICERS

GEORGE E. LOUTHAN.....*President*
 JOHN SCHOLTON.....*Vice-President*
 J. ROSS OLIVER.....*Secretary-Treasurer*

The American Society of Agricultural Engineers is the national organization representing the Agricultural Engineering profession. Its purpose is to promote intercourse among engineers in its field, and to encourage research and development in the fields of farm power and machinery, farm structures and sanitation, land reclamation and education. The society was organized at the University of Wisconsin in 1907. Iowa State has been a pioneer and long recognized as leader in this field, and has always had an active part in the National Organization. The society maintains student branches in schools where professional instruction in agricultural engineering is offered. The Iowa State student branch carries on its meetings in connection with junior and senior seminar and sponsors many divisional activities, as well as the interests of the parent society. A monthly magazine, namely, "Agricultural Engineering," is the official publication of the society.

The organization was founded during a convention of the National Brick Manufacturers' Association in 1898. It was founded for the purpose of studying ceramics from a scientific standpoint, and to increase a student's technical ability along ceramic lines. A banquet is given at the beginning of each school year, the purpose of which is to introduce the new students and to create a better fellowship between the faculty and the students.

The Dairy Cattle Club of Iowa State was organized in February, 1925, for the purpose of promoting fellowship among those at the college interested in dairy work, of establishing contact between students and breeders, and of fostering the development of dairy husbandry.

Each year an outstanding Iowa dairy cattle breeder is taken in as an honorary member. These men have been W. W. Marsh, W. B. Barney, Peder Pedersen and Paul Stewart.

 SYLVAN RUNKEL.....*Secretary-Treasurer*

The Forestry Club aims to develop a spirit of comradeship among Ames Foresters; to create an interest in topics relating to forestry among students of the department; and to provide for the publication of an annual magazine. This publication is of a semi-technical nature, dealing with the activities of the club and alumni.

This organization was founded in the spring of 1912 and every student enrolled in technical forestry is eligible for membership. The recognition of the group, which was adopted in the fall of 1914, is the official "stag shirt," bearing the Foresters' emblem, the pine tree.

Society of Industrial Engineers

OFFICERS FOR ENTIRE YEAR

WALLACE STANTON	<i>President</i>
PAUL FEE	<i>Vice-President</i>
DUDLEY TRIPLETT	<i>Secretary-Treasurer</i>
JUSTIN CHEVALIER	<i>Junior Rep. to Engr. Council</i>

The Society of Industrial Engineers is a national organization of engineers engaged in the manufacturing industries. Membership in the student branch at Iowa State is limited to sophomores, juniors and seniors who are enrolled in General Engineering.

Meetings are held weekly. The usual order of business consists of reports of special interest to General Engineering students, but this is frequently varied by a talk by some noted speaker.

Ames Herdsmen's Club

OFFICERS

HERBERT J. KAISER.....	<i>President</i>

W. F. LaGRANGE	J. C. HOLBERT

The Herdsmen's course is a two-quarter course given only in the winter quarter of the college year. It is planned for those who are primarily interested in good livestock, and who have only a short time to prepare themselves to care for livestock. Those who finish the course go out as herdsmen for breeding establishments, supervise cow test associations or go back to their own livestock farms.

The Herdsmen's Club is for the purpose of furthering the interests of the members in an educational and social way.

The Horticulture Club first formed a definite departmental organization about the year of 1900. All students and faculty members of the department are eligible to membership. Meetings are held on the first and third Thursdays of each month. The purpose of the club is to promote interest in horticultural affairs among the students of Iowa State College. Every fall the club sponsors the Horticulture Show, in the winter quarter the Horticulture banquet, and the Horticulture Open House during Veishea of the spring quarter.

The Vocational Education Club is the organization of the Vocational Education Department. Its members consist of the students and faculty of the department and anyone interested in the teaching of high school agriculture. The purpose of the club is to foster the interest of this group of men while on the campus; to bring them together and make them better acquainted with each other; to give practice in cooperation, and to bring them into closer contact with the members of their profession at work in the field.

Veterinary Medical Society

The Student Council of the Collegiate Methodist Church and the Wesley Foundation consists of the officers of the several organizations having in charge student activities, social, recreational and religious. The council was organized in 1913, when Rev. William Hunts became the first director of the Wesley Foundation. Officers of the council are elected in the spring quarter of the school year and serve for the ensuing year. A three-day "Retreat" is held prior to the opening of the fall quarter, during which time plans of work are formulated.

This group is made up of young people from the college and surrounding community. The religious and social activities of the class are open to all students in college. The aim of the group is to maintain an active church home for the college student. The religious life is provided for in Sunday morning services and in evening meetings and discussions. Saturday night parties and fire-sides keep active the social life. The Bethany Dramatic Club has recently been organized to sponsor plays and entertainments.

Frisbie Fellowship is an organization composed of all students who give Congregational as their church preference. The Iowa Conference of Congregational Churches maintains the student center—Frisbie House—and provides a college pastor, the present incumbent being W. Norris Wentworth. The organization is governed by a cabinet of eighty, which is divided into departments in order to carry out efficiently the activities of that body. These activities include religious services, study and discussion groups and social gatherings.

Kappa Beta, national sorority of Christian Church girls, was founded at Champaign, Illinois, in 1911. Since that time nine different chapters have been organized throughout the middle-west. The local chapter was founded in May, 1925. Membership is open to any girl from the Christian Church who desires to lend her efforts in promoting friendship and scholarship, and who desires to arouse interest and cooperation in religious activities.

APOLOGIES

To those whose pictures in this book
 Appear and cause you sorrow,
 And those whose names we've boldly used
 And did not ask to borrow,
 A little pity, if you can,
 And we will give as much,
 For in our folly we did strive
 To give this book that human touch.

Fraternity Life

s

Fall Quarter

The DELTA TAU DELTA'S managed to get their 57 pledges and 23 active members in the junior trot. Bob Fickes made quite a little profit on the stamps he sold after the deluge of S. A. E.'s that accompanied requests from the rest of the campus for tickets. Only those fellows whose women were fair enough to rank the Delt beauty ideals were sent pasteboards.

s s s

Winter Quarter

SIGMA CHI, having broken thru probation, threw a few hundred or so dinners, informals, firesides and formals. Guest lists were limited, but the boys get along real well together.

DELTA UPSILON entertained at a couple of smokers this quarter. Theta Chi was honored, but failed to return the courtesy. Could anything have happened? Over 25 bids were sent out for the winter informal, but the TKE's were the only acceptances received.

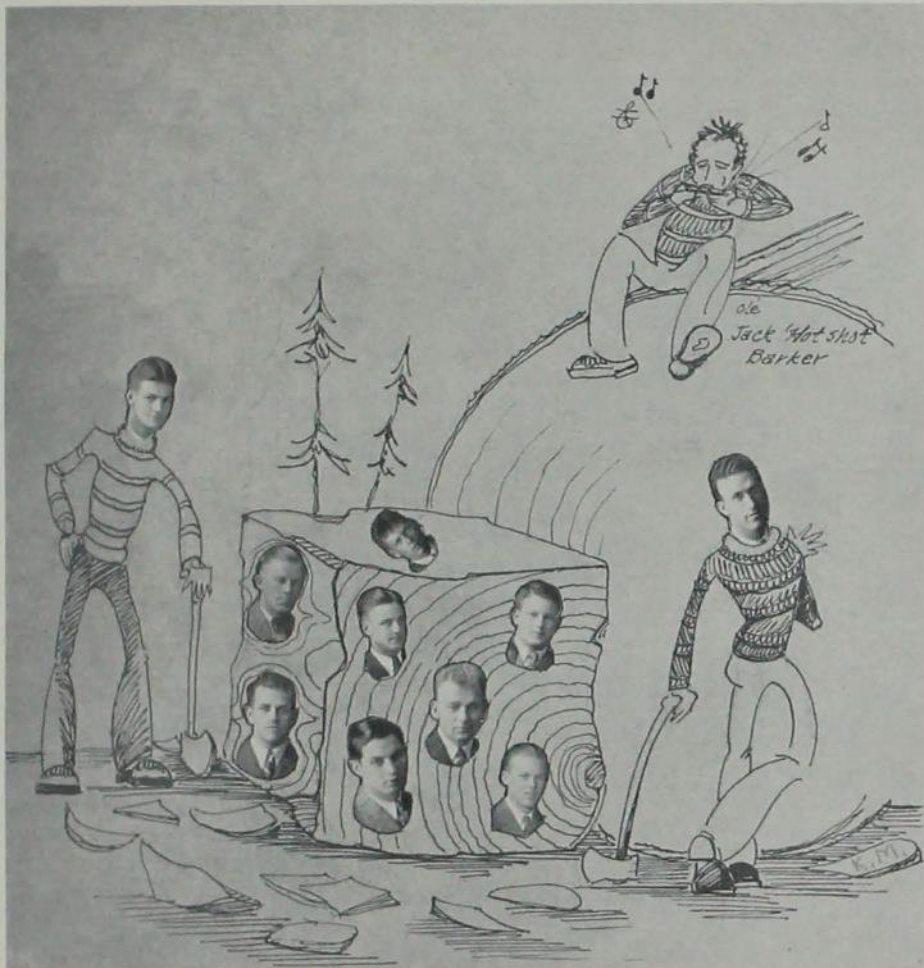

s s s

Spring Quarter

The BETA THETA's had their formal in the winter, but from all appearances the affair is not yet over. The social season is a success for the Beta's. As usual, Omaha scores high in the roundup. Those fellows will make a success of the peroxide industry yet.

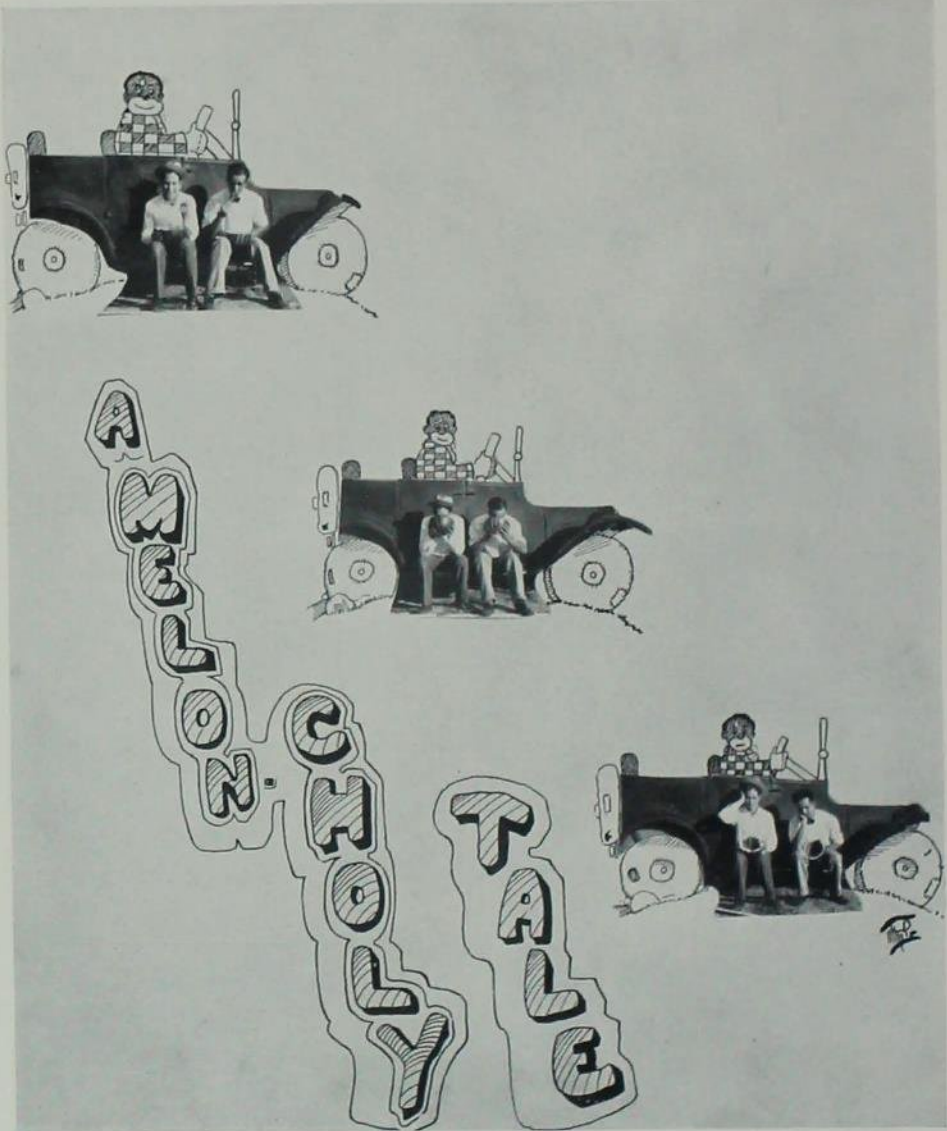

ALPH TAU OMEGA managed to secure Dr. Hall for chaperone at every dance this year, thus providing for complete revivation of anyone not satisfied with entertainment arrangements. Someone woke Carl Browall last week and suggested an informal, but he said he'd just been to a dance. There probably won't be any news from Kappa Sig until next year.

*Memorial Union Marks an
Upturn in Iowa State Stock*

A DIVIDEND on its human stock--- that's what the Memorial Union represents to Iowa State College.

Iowa State's only product is her human product. Iowa State's only stock is her human stock. For well over half a century Iowa State has been building for herself a reputation that became national, has now become international. Iowa State's human stock now has a place on the human stock exchange for college graduates.

And Iowa State graduates, no less than the graduates of the older schools of Harvard, of Princeton and of Yale, may be expected to return substantial dividends to the state which invested with its faith and dollars.

Memorial Union is the first of large dividends by which the graduates of Iowa State are paying to their alma mater substantial dividends on the investment in their education.

IOWA STATE COLLEGE

THE ALUMNUS

ANNOUNCE ELECTION OF PROMINENT
ALUMNUS IN NEW YORK STATE

News dispatches from the far eastern section say that George F. Williams, once well-known on Iowa State campus, was elected head of the Spat Wearers' Guild of Staten Island. Due to the fact that Williams' experience as president of the Blockhead Club and the Non-Student Council was widely discussed in our last issue, we will not go into details.

* * *

To the Editor:

I greatly enjoy reading your little publication. In my day there was nothing I'd rather do than read while others wrote. This is probably why my success as editor of the Student was so evident. For the past ten years I have been circulating a petition for the repression of derby hats on Thanksgiving Day, feeling the dear public must have something to be thankful for (ah, pardon, a mistake). I finally converted Paul Fee after persuading him his appearance in a derby had been the cause of the traffic tie-up on sixty-third street the other day. People around here still think in terms of Paul Fee-for-Al-Smith.

Keep a-goin'!

S. J. McDonoughs.

* * *

Ex. '29—Frances Swenson accepted a position with George Zigzag's "Gollies," and will leave for Timbuctoo immediately to acquire a local atmosphere. Miss Swenson was reasonably responsible for the atrocity known as Hee-of-a-Vodveel presented a couple nights in her senior year.

THE ALUMNUS

NEW INVENTION MAKES CRIBBING EASY TASK

Sanford Hill, prominent architect of Paris, San Francisco and other western ports, has at last perfected his invention by which farmers intending to send their sons thru college may turn out successful and prosperous business men. This design is to be patented as soon as the ink dries. Hill, once a winner in a country park contest, managed to park longer than either Mitchell (Sig Chi entry) or Baumhoefener, Sigma Pi, altho in a less recent contest he ranked third. The new invention will replace all possible damage to the corn cribs by automatically depositing each ear of corn separately in the crib.

* * *

'30—Marvin "Sandy" Sandstrom, is now engaged in gold-fish breeding in South Africa. Sandy says the only thing that bothers him is the weather. It's too warm to wear his fur coat.

* * *

'29—Miss Grace Eichman (pronounced Ikeman, I as in Sigma Chi) wishes us to change her address to Stillwater, Okla., where she is teaching assorted dancing.

* * *

'29 or '30—Leonard Lessenich, better known to his admirers as Len, sent in a peppy note the other day. Len has a new hat factory at Nome, Alaska, and is the originator of the latest style—the spotted top, which permits greater variety in the number of things one may have for dinner when it is necessary to hold on your hat while you eat.

A fraternity once sent its curtains to be cleaned and the windows remained entirely unveiled for three days before the climax arrived. It was in the form of a note from the sorority next door.

"Dear Boys:

"May we suggest that you obtain curtains for your windows? We do not care for a course in anatomy."

And the boys answered:

"Dear Girls:

"The course is entirely optional."

• •

The only thing that can make a Beta think fast on his feet is a cafeteria.

• •

Student 1: "What detained you?"

Student 2: "My conscience bothered me a bit, so I flipped a coin as to whether I should study or go to the movies. And would you believe it, I had to toss it 27 times before it fell right!"

—Dartmouth Jack O'Lantern.

Memorial Union--

A memorial to service through service, the home of the spirit of Iowa State. Memorial Union serves every Iowa State man and woman from the first freshman day to the end of life.

Positively the biggest fish story of the year came about in January. It seems a man was informed that he had become the father of a baby girl and decided to call it a day and went fishing. When he returned he found he was the father of triplets. The fishy part is that the story didn't say he caught any fish.

• •

Give a woman a hair ribbon nowadays, and she'll make a formal gown, a bathing suit and a pair of pajamas out of it.

• •

The knight of yore was in a pretty nice position after all. If his Chi O date had halitosis, he only kissed her hand.

• •

In days of old, when nights were cold,
It took two fleeces from the fold
To dress a lady fair.
But in these days of jazz and bob,
A little silkworm does the job
With time galore to spare.

Time erases many memories
but Photographs remain unchanged
throughout the years.

So many ideal places in which to spend one's vacation.

But smart Co-Eds find it not so easy when it comes to selecting the right vacation apparel . . . that is unless they visit Younkers first!

Tennis, itself so interesting, but a gay Younker frock will add to your game!

Never were tailored togs for feminine climbs so enticing or as popularly priced as now!

Dance the wee hours away in the newest, perhaps a boufant tulle . . . it's so youthful!

For a swim . . . a woolen with bold strappings . . . or the more attractive two-piece suits of silk.

Always at your service, JANE WILDNER, who shops with the best of taste . . . and there's "SATISFACTION ALWAYS" at

Younkers

he was just another little black bawl.

* *

Who knows when we are old and gray
And have our heart beat full of
qualms,

Like David we may toil away
And write a notebook full of Psalms.
It may be, too, we'll have the chance
To make some peace for nouns and
verbs,

And spend the nights with pen and
ink,
Like Solomon, penning neat proverbs.

* *

"And what have you got out of
English 441?"

"Well, sir, I think—"
"Fine. Let that be an example to
the rest of the class."

* *

"Where'd you get them eyes,
baby?"

"Don't leff, shiek, they come wit
me face."

LAUGHTER

Jane's man wears nifty clothes,
 My man don't wear
 Nothing smart to brag about,
 My man don't care.
 Jane's man sings little songs,
 Light as air,
 My man can't sing em,
 He doesn't dare.
 Lots of funny little jokes
 Jane's man can tell.
 All the funeral records
 Mine knows too well.
 I'm not despondent, though,
 I've got the lucks,
 My mans uncle left him all
 His fifty thousand bucks.

* *

Crowd (at Engineers' Follies):
 "Hey, sit down in front."

Some of the Delt Gang: "Aw, quit
 yer kidding; we ain't built that way."

* *

Smitty: "Teacher, may I leave the
 room?"

Prof. Smith: "No, you stay here
 like a good boy and fill up the ink
 wells."

* *

PARDON THIS

Drunk (bumping into lamp post):
 "Excuse me, sir."

Bumping into fire hydrant: "Ex-
 cuse me, little boy."

Bumping into second lamp post:
 "Well, I guess I'd better sit down till
 the crowd passes."

* *

Those Gamma Phi actives are sure
 trained. When a frosh tells them
 they've got a "special" at the house
 marked "Private and Personal," they
 merely awsk: "What did it say?"

* *

Advice to frosh: Don't take geol-
 ogy; you can't sleep on rocks.

* *

Sing a song of ire,
 Sing a song of wrath,
 Cripes, quie le son du phone
 Est hell quand tu etes en bath.

* *

"Do you know the jackknife dive?"
 "Say, there ain't a night club in
 this town I haven't seen."

TRUE—AT LEAST EVERY
OTHER LINE

College is the home of
Learning. False are the stories of
Riotous parties and drunken brawls.
It is an established fact that
The college man thinks only
About the things great in life. Thots
Of trivial matters—of sex,
Are far removed from his mind.
A college man would rather
Be dead and buried than
Kiss a strange, but pretty girl;
He desires nothing more than to make
Phi Beta Kappa.

City Insurance Agent (visiting the
farm): "I suppose that's the hired
man?"

I. S. C. Farmer (who knows some-
thing about big business): "No, that's
the first vice-president in charge of
the pigs."

NO TRUMP

He: "And after I'd read 'Bridge,'
by San Luis Rey, my game improved
tremendously."

"Loan me five bucks till pay day."
"When's pay day?"
"It's the day I pay you the five."

First Farmer: "I got a freak on
my farm. It's a two-legged jackass."

City Man: "I know. He came over
to call on my daughter last night."

AT IOWAY

"Why all the track candidates?"
"They're barristers practicing
chasing ambulances."

Instructor in Military: "What's
the matter? Gotta headache?"

Soph: "Yes, but not in the head."

Her Dad: "Will you take some wa-
ter out to the horses?"

Ind. Sci.: "And be caught water-
ing stock? Not me."

Love may be blind, but the night-
watchman isn't.

Downtown Campustown

SOLVED!

"Why do the Norwegians call their lakes fjords?"

"Because they freeze up in the winter."

* *

One time a fellow and his girl were out riding. The car broke down and he got out and under it to fix it.

He: "Some dew on the grass."

She: "Yes, and some don't! Take me home!"

* *

Oscar calls his girl Dandruff 'cause she's always falling on his neck.

* *

A good fraternity is one that teaches every member to like any kind of toothpaste.

* *

"So you've just been expelled. What did you say to prexy?"

"I congratulated him on turning out such fine young men."

* *

DO YOU?

There are just two kinds of people in this world—those who get the point and those who don't.

* *

The loss of a lamp from the bridge on Lincoln Way has been traced to a prominent fraternity, which specified that their pledges bring in a bridge lamp."

* *

Willie: "Papa, what is a financial letter?"

Papa: "I get one from your brother at college every week."

* *

First Fraternity Man: "Bill, your coat is ripped."

Second: "Nope, just the seam's ripped."

* *

Co-ed: "You're the best looking man I've seen here."

Him: "Well, you're certainly luckier than I am."

* *

"What first turns green in the spring?" asked the Prof.

"Christmas jewelry," she said.

AMES MUSIC CO.

COWNIE'S—A better way to buy furs"

**COMPLETE
FUR SERVICE**

Cold Storage

Our cold dry air storage vaults will protect your furs from fire, theft, and the damaging moth. You may mail your coats to us, and we will take care of them for you during the summer, and either send them to your home or return them to Ames next fall.

Storage rates are 3% of the valuation you place on your garment.

Cleansing

Fur cleansing by our own original "COTANCO" Method is scientifically correct and safe. Our prices are most reasonable—\$7.00 to \$8.00 for both fur and lining complete. The "COTANCO" Method preserves the natural oils and restores the sparkling freshness to the fur.

Repairing

Reduced summer prices are now in effect, and we will gladly examine your furs and submit to you our suggestions and recommendations without any obligation.

Fur Coats and Scarfs

You will find a comprehensive selection of fur coats and scarfs at factory prices.

**COWNIE
TANNING CO.**

AMES - - IOWA

It May Come to This

Believing first, last and always in the future of the advertising business due to the efforts of one C. R. F. Smith, we humbly present the following drama in three scenes and one act.

SCENE I

Dramatis Personae: Our hero, a modest young man of some note (especially flat notes).

Our HEROINE: A charitable charmer from the east, where women are mostly former chorus girls and endorse ciragets.

As the curtain rises we see our hero staggering (adv. for South Africa Dry) in from the left entrance. Our heroine trips past, but catches herself before she falls (adv. for last year's Stiekfeet soles, can't fall).

HERO: Please, dear lady, could you give a poor man a bit of change?

HEROINE: Why, poor chap, what is the trouble? You look perfectly healthy.

HERO: My dear lady, that's just it; you never know you have it until it's on you. They look healthy, but they're not. I'll tell you. (Sobs, groans and other distressing notes.) I—I have pink tooth brush.

HEROINE: What! Well, why didn't you say so before. Here's fifty cents; go buy a green one.

The insidious thing about this is that scenes II and III failed to arrive in time for production.
